Premature withdrawal of the Term Deposit shall be subject to penalty of 1% on the interest rate payable for the tenure the deposit has been held with the bank.
There is no interest payment in case of premature withdrawal of the NRE/FCNR Term Deposit before the completion of the minimum tenor (1 Year). In the case of premature withdrawal of NRE term deposits for conversion into Resident Foreign Currency (RFC) Account, the bank would not levy any penalty for premature withdrawal.
In the event of death of the depositor, premature termination of term deposits will be allowed subject to completion of documentary formalities as required. Such premature withdrawal would not attract any penal charge.
In case of a premature partial break of Term Deposit/s, the Deposit will be broken for the exact amount required, in multiples of Re 1. The remaining/residual balance in Term Deposit will not continue to earn interest as per the initial contracted rate of interest but shall be revised to a new interest rate applicable for residual balance. The "interest rate" applicable shall be as per the deposit effective date. The revised rate shall be applicable on remaining/residual balance for the entire term of the deposit & not from the date of partial premature break. In such a case, no new Term Deposit shall be created. Hence deposit effective date & maturity shall remain the same & will not change at the time of premature partial break
The bank reserves the right not to allow premature partial break in certain Term Deposits booked under preferential rates. For such Term Deposits entire amount shall have to be prematurely broken
In case of NRO Deposits / NRE Deposits, interest will be credited to the account at the end of the quarter.
In case of NRO / NRE Reinvestment Term Deposits, interest will be capitalised at the end of the quarter.
In case of FCNR Deposit, interest will be capitalised every 180 days.
In case of term deposit accounts held jointly with "Either or Survivor" or "Former or Survivor" mandate, in the event of death of any joint holder, premature termination of term deposits would be allowed as per mandate signed by all joint holders to this effect and provided to the Bank.

Know Your Investment Risk (KYIR) - Mutual Fund

Investment Risk

Mutual Funds are subject to investment risks, including the possible loss of your principal amount. Past performance is not an indication of future performance. The value of any investments and income generated is not guaranteed and will fluctuate over time.

Foreign Exchange Risk

You should be aware that your investments may be negatively affected by foreign exchange risk if you hold funds that invest in assets denominated in foreign currencies.

Forward Pricing Basis

The price of Mutual Funds quoted is indicative as it is determined after, not before, respective market(s) close for the day.

Sales Charges

You should be aware that sales charges will apply. In addition, an annual recurring fee which includes fund management and administrative fees will be charged by the fund house.

Cut-off Time for Mutual Fund Transactions

Mutual Fund transactions including sale, purchase, switching and redemption of funds will only be transacted on the same business day if the order is received before cut-off time. Otherwise the transaction will be executed the following business day.

Investment in Emerging Markets

Emerging market investments may be more volatile than investments in more developed markets. Some emerging markets may have relatively unstable governments, economies based on only a few industries and securities markets that only trade a limited number of securities as well as a high concentration of investors and financial intermediaries. These factors may adversely affect the timing and pricing of a fund's acquisition or disposal of securities. Many emerging markets do not have well developed regulatory systems and disclosure standards may be less stringent than those of developed markets. There may be an increased risk of expropriation, confiscatory taxation or nationalisation of your investments and any profits you make on them; social, political and economic instability; and in addition to withholding taxes on investment income, some emerging markets may impose different capital gains taxes on foreign investors. Repatriation of investment income, capital and the proceeds of sales by foreign investors may require governmental registration and/or approval in some emerging markets and may be subject to currency exchange control restrictions.

Brokers and counterparties in emerging markets may be less well capitalised and custody and registration of assets in some countries may be unreliable, increasing the risks involved in the settlement of transactions. Delays in settlement could result in investment opportunities being missed if a fund is unable to acquire or dispose of a security.

In addition to the foregoing general risks, there may be additional risks associated with specific emerging market countries from time to time which may change over time, either by increasing or by diminishing. Furthermore, new risks currently not anticipated may arise in the future in connection with specific countries and/or geographic regions. Investors should therefore consult with their qualified financial advisers as to the relevant risks associated with various markets at the time they are considering investing in an emerging market fund.

Difference between Capital Guarantee and Capital Protected Funds (If applicable)

Capital guaranteed funds offer a guarantee on your capital by a credible financial institution. Capital protected funds invest in relatively stable financial instruments to protect the capital but offer no capital guarantee.

Potential risks of Exchange Traded Funds (ETFs)

Although ETFs are designed to provide investment results that generally correspond to the price and yield performance of their respective underlying indices, ETFs may not be able to replicate exactly the performance of these indices because of expenses and other factors. ETFs are subject to risks similar to those of stocks, that is, investment returns will fluctuate and are subject to market volatility such that your shares, when redeemed or sold, may be worth less than your original investment. Foreign ETFs may incur greater risks than domestic ETFs.

20/1/2011	Cash Withdrawal		50000	200000
31/1/2011				200000

Calculation of Average Balance

From	To	Balance	Number of Days	Product (Balance X No. of Days)
1/1/2011	4/1/2011	150000	4	600000
5/1/2011	19/1/2011	250000	15	3750000
20/1/2011	31/1/2011	200000	12	2400000

Definitions

The following is a non-exhaustive list of selected terms to assist you with the completion of this Form. Should you have any questions, please contact your tax, legal and/or other professional advisor.

- **Account Holder:** The term 'Account Holder' means the person listed or identified as the holder of a Financial Account. A person, other than a Financial Institution, holding a Financial Account for the benefit of another person as an agent, a custodian, a nominee, a signatory, an investment advisor, an intermediary, or as a legal guardian, is not treated as the

Account Holder. In these circumstances that other person is the Account Holder. For example in the case of a parent/child relationship where the parent is acting as a legal guardian, the child is regarded as the Account Holder. With respect to a jointly held account, each joint holder is treated as an Account Holder.

- **Financial Account:** A Financial Account is an account maintained by a Financial Institution and includes: Depository Accounts; Custodial Accounts; Equity and debt interest in certain Investment Entities; Cash Value Insurance Contracts; and Annuity Contracts.

- **Participating Jurisdiction:** A Participating Jurisdiction means a jurisdiction with which an intergovernmental agreement is in place pursuant to which it will provide the information required on the automatic exchange of financial account information set out in the CRS.

- **Reportable Account:** A Reportable Account is a Financial Account that is maintained by a Reporting Financial

Institution and that, pursuant to due diligence procedures consistent with CRS, has been identified as an account that is held by one or more persons that are Reportable Persons with respect to another Jurisdiction or by a Passive NFE with one or more Controlling Persons that are Reportable Persons with respect to another Jurisdiction.

- **Reportable Jurisdiction:** A Reportable Jurisdiction is a Participating Jurisdiction with which an obligation to provide financial account information is in place.

- **Reportable Person:** The CRS defines the Account Holder as a 'Reportable Person'. A Reportable Person is further defined as an individual who is tax resident in a Reportable Jurisdiction under the laws of that jurisdiction.

- **Tax Identification Number (TIN):** A Taxpayer Identification Number or a functional equivalent in the absence of a TIN.

A TIN is a unique combination of letters or numbers assigned by a jurisdiction to an individual or an Entity and used to identify the individual or Entity for the purposes of administering the tax laws of such jurisdiction. Some jurisdictions do not issue a TIN. However, these jurisdictions often utilise some other high integrity number with an equivalent level of identification (a 'functional equivalent'). Examples of that type of number include, for individuals, a social security/insurance number, citizen/personal identification/service code/number, and resident registration number.

- **US Citizen:** An individual who is a US citizen. "US" as used in this definition refers geographically to any State of the United States including the District of Columbia. "US" includes additionally a person born in the US Territories (American Samoa, Guam, Northern Mariana Islands, US Virgin Islands and Puerto Rico) who will be deemed a US Citizen.

- **US Person:** A US person is defined in section 7701(a) (30) of the Internal Revenue Code and includes an individual who is a citizen or resident of the US.

- **US Resident:** An Individual who is a person ordinarily living in the US; or any other person who satisfies the Substantial Presence Test defined by the IRS. For the avoidance of doubt, a Client will be treated as a US Resident unless proven otherwise if he declares to the Bank that he resides in the US, or is a US Person and provides a current US residential address to the Bank. "US" as used in this definition refers geographically to any State of the United States, the District of Columbia, and the US Territories (American Samoa, Guam, Northern Mariana Islands, US Virgin Islands and Puerto Rico).
