6. Evaluation Procedure

□ Evaluation

The pattern of evaluation used for the M.B.A. programme will consist of the following three components.

(A) Continuous Assessment

This will be done through coursewise assignments given to students. Each course will have 4 assignments. Students will be expected to complete all assignments, which carries 20 marks each. The marks obtained by the students for all the assignments of each course will be converted to a score out of 20.

Assignments submission for each course must be completed by the stipulated dates in an academic year as communicated by the university.

Note : The university gives permission for re-submission of the assignments to the students, only for the courses in which student fails. For each course Rs. 200/- is charged. Students have to write an application to the Director, School of Commerce and Management, Yashwantrao Chavan Maharashtra Open University, Nashik in this regard.

(B) End Examination

The Theory paper will be 100 marks.

Evaluation Pattern

- End Examination 100 marks
which will be converted into 80 marks

Internal Assessment

- 4 sets of 20 marks = 80 marks
which will be converted into 20 marks

100 marks

Question Paper Pattern

Section - I

Total No. of Questions : 06

Questions to be attempted : 04

Marks per Question : 15

Total marks : 60

Section - II

Total No. of Questions : 08

Questions to be attempted : 08

Marks per Question : 05

Total marks : 40

Note : Section-II of Second year will carry case study.

(C) Project Work

Assessment of the project work will be done after submission of the project report. Project work carrying 200 marks will be done under the guidance of a project supervisor. A project report may be in the form of a comprehensive case study, inter-organisational study or field work. Detailed instructions regarding submission and assessment of a project will be provided by the university through the respective study centres, in due course. Projects assessed as unsatisfactory will have to be resubmitted after incorporating the modifications as specified by the university and after payment of the requisite evaluation fees for assessment of the modified project report. In exceptional cases, a student may be allowed to change the topic of his project under the discretionary authority of the university. **The project has to be submitted to university upto 30th October for October result and for may result, project must be submitted by 30th April.**

(D) Rules of passing

1. In order to complete any course successfully, a candidate must get a minimum 40 % marks. Students not completing a course/courses successfully will be required

to reappear for the concerned end examination and improve their class therein.

2. Successful completion of the project component requires obtaining a minimum 40 % marks.
3. The total marks obtained in first year, second year and project work will be combined when calculating the **Aggregate Marks** for the MBA Programme. An aggregate of 50 % marks must be obtained by a student for the entire programme in order to qualify for the award of the M.B.A. Degree.
4. The final result of the student after considering the performance for all the academic years will be declared on the basis of the following table :

% of marks	Class
75% and above	Distinction
60% -74%	I st
50% - 59%	II nd
Below 50%	Fail

Important

- ❑ **Students not completing successfully one or more courses at the first year level, may be given admission to the Second Year.**
- ❑ **Students not completing successfully one or more courses at the second year level, may be allowed to start the project work.**

This evaluation pattern will remain in force, unless changed subsequently, for the academic year 2009-2010. In the event that any changes are made in this regard, these will be communicated to all the concerned and will become applicable to the ongoing student-batch and also binding on them.

❑ The Entrance Examination

Introduction

The candidates seeking admission to the Master in Business Administration (M.B.A.), Programme of this University will have to appear for and show sufficient level of competence and aptitude in a common 'Entrance Examination' conducted by the University.

The information regarding the Entrance Exam - its composition, nature, etc. is given in the following sections.

Nature and Composition

This Entrance Exam, is designed for testing various scholastic/mental abilities and skills that are considered essential for the successful completion of the programme. It is also intended to test the aptitudes of the candidates in the important aspects of business organisation. The test consists of the following sections as given below.

Section	Topic	Marks
1 : Reading Comprehension		15
2 : Verbal Ability		20
3 : Numerical Ability		15
4 : Business Data Interpretation		20
5 : Business Application		20
6 : Business Judgement		10

The candidate has to complete the whole test in one single session of 3 hours duration. It is necessary, however, to be present in the Examination Hall at least 30 mins. before the actual examination. He / she can begin answering any 'Section' and follow any sequence when answering the exam. Care should be taken to see that no section is omitted. Students will be required to present their hall tickets at the time of the examination. Use of calculators will **not** be allowed. **A certain minimum level of performance in each section may be considered necessary for being included in the merit list.**

Exam. Date : Sunday, 7th August 2011
Time 10.00 a.m. to 1.00 p.m.

Nature and Types of Questions

Almost all the questions (hereafter referred to as 'items') are of the 'multiple choice' type, wherein each item is given four or five options.

The candidate has only to 'select' one of the given options as his correct answer to the item and indicate the same by placing a cross mark the corresponding bracket space in the special answer-sheet distributed along with the question-paper. Putting a mark at more than one choice will be treated as a wrong answer and that particular question will be given zero marks.

Usually every item carries 1 mark. Examples that follow are simply to illustrate the nature of the items likely to appear in the different 'sections' of the exam question paper.

Illustrative Examples

The examples given for each section are merely to illustrate the **nature of task required. There may not be a complete, perfect matching between the examples cited here and the questions appearing in the question-paper.**

(i) Reading Comprehension

In this component, a passage (consisting of about 450-500 words or 25-30 lines) will be given. The candidate has to read the passage very carefully, understand the details and answer the items that follow it.

Some items are meant for testing understanding of what is stated therein. Some others are intended to test interpretation and analysis of what is read. Certain others are intended for testing understanding of the contextual meanings of specific words/phrases.

It is important to get, through reading, a sense of the principal ideas, facts, organisation of content, information relating to ideas, attitudes, tone and general style of presentation before one attempts to answer the items.

Each item is expected to be answered on the basis of what is in the passage and not on the basis of personal opinion or knowledge.

Candidates are advised to read all the options before selecting an answer.

Here is an example to illustrate.

Directions : Read the passage given below and answer all the items following the passage on the basis of what is stated / implied in it.

... Since then, the span of man's life grew to eighty years. The first thirty years of his whole long life are, in fact, those of man's own life. At this stage, he is sound both in body and mind and is full of fire.

After that, in the next eighteen years, he leads the life of a donkey. In this age, he does nothing but abuse. Thereafter, he steps into the life of a dog. At that stage, man lacks the vigor of the past, but all the same the memory of the days gone by does not slip away.

Therefore, he can do little but sit apart and bark at others. Finally he glides into the life of a monkey when he, not only in his conduct but also in his physical appearance, apes the monkey.

1. The focus in the passage is on the character of a
(A) dog
(B) man
(C) donkey
(D) monkey
2. The first thirty years of man's life can be called his own because
(A) he remains free from any worries
(B) he enjoys his educational life
(C) he is then sound in body and mind
(D) he can live life as he wants
3. The phrase 'full of fire' used in the passage means :
(A) tremendous heat
(B) great enthusiasm
(C) extreme joy
(D) a thirst for knowledge

(ii) Verbal Ability

This section contains items for testing your language competency-vocabulary, syntax, grammar, etc. It may have items on antonyms, synonyms, verbal analogies, sentence completion / correction and the like.

Some examples of items of this kind are as follows.

Example 1

Directions : Choose the option that is opposite in meaning to the word 'Recession'

- (A) approach
- (B) recoil
- (C) retraction
- (D) withdrawal

Example 2

Directions : Choose the option that is nearest in meaning to the word 'Stubborn'

- (A) shaky
- (B) irregular
- (C) obstinate
- (D) confident

Example 3

Directions : You are given a key pair of words in capitalised print and a list of four pairs marked as A, B, C, D. Select an option in which the pair of words are related to each other in the same way as those in the key pair.

Key pair ART

PAINTING

- (A) sketching : printing
- (B) drawing : painting
- (C) science : chemistry
- (D) patient : doctor

(iii) Numerical Ability

This section contains items designed for testing the candidate's ability to apply computational, algebraic, geometrical, graphic, symbolic and logical techniques to familiar situations.

They are intended to test the ability to

recognise numerical relationships and perform basic numerical operations.

Here are some illustrations.

Example 1

Which is the number, which when squared and added to 12 becomes seven times its value ?

- (A) 2, (B) 3
- (C) 5, (D) 6

Example 2

If the radius of a circle is increased by 1cm. the ratio of the new circumference to the new diameter will be -

(a) $\frac{22}{7} + 2$ (b) $\frac{22}{7} - 2$

(c) $(2 \times \frac{22}{7} + 1) \div 2$ (d) $\frac{22}{7}$

Example 3

Rama and Krishna hire a pasture for Rs.260. Rama puts 20 cows for 3 months and Krishna puts 35 cows for 2 months. The amount to be paid by Rama will be -

- (A) Rs. 100 /-, (B) Rs. 115 /-
- (C) Rs. 140 /-, (D) Rs. 120 /-

(iv) Business Data Interpretation

This section tests the ability for business comprehension and interpretation of the data related to business and commerce. It is tested through different forms such as tables, graphs, histograms, pie charts, polygons and the like.

A series of items is given for each set of data for testing interpretation, interpolation and extrapolation abilities. Here is an example of a data set along with related items.

In a certain large-scale company, labour trouble continued for about 3 years in succession after which the factory workers went on a total strike.

During these 3 years, the company management had retrenched several workers as indicated in **Table No.1.**

Table No. 1

Year	Worker strength	Workers retrenched (number)	Age-range of retrenched workers			Work experience of retrenched workers (yrs.)			
			20-24	25-29	30-34	<1	1 to <3	3 to <5	5 & above
1999	4000	15	2	10	3	10	3	2	0
1992	4525	20	7	11	2	9	6	4	1
1993	5000	25	6	13	6	12	7	4	2

- What percentage of the total workers retrenched were within the age-range of 25-29 ? (Figures have been rounded)
(A) 17 (B) 56 (C) 18 (D) 57
- What was the increase in percentage of retrenchment between 1991 and 1992 for the workers with a work experience of between '3 to less than 5 years' ? (Figures have been rounded)
(A) 10 (B) 7 (C) 5 (D) None of the above
- Which of the following situations, shows the maximum retrenchment of workers ?
(A) When age range is high & work experience is high.
(B) When age range is high & work experience is low.
(C) When age range is at the intermediate level & work experience is low.
(D) When age range is at the intermediate level & work experience is high.

(v) Business Application

This component deals with items designed to test the ability to apply given data for solving simple problems related to commerce, economics, statistics and business.

The topics that may be covered herein are : Ratio - Proportion - Variation, Average - Percentage, Profit - Loss - Discount, Interest (Simple and Compound), Stocks and Shares, Taxes - Rates, Insurance Time - Work - Speed and the like.

Given here are a couple of illustrative examples.

Example 1

The cost price of an article is Rs. 8.50. The selling price is to be decided so that a profit of 25% on the selling price will be made?

What should be the selling price ?

- (A) Rs. 11.33; (B) Rs. 10.36
(C) Rs. 12.05; (D) Rs. 9.78

Example 2

The sum of Rs. 4000 will amount to Rs. 5000 at a simple interest of 5% p.a. in -

- (A) 4 years; (B) 6 years
(C) 2 years 6 months (D) 5 years

(vi) Business Judgement

In this section, information about a business situation is provided in sufficient details in a passage or a case report. This is followed by a series of items that will test the ability to evaluate the statements, facts and other information regarding the business and to make your judgement about the various aspects of the business as stated in the report.

Example 1

Directions : Read carefully the passage given below and answer the questions that follow.

Secretarial practices in modern offices have seen many technological changes in recent years. A major event is the advent of computerisation in every sphere of life. A leading typing institute offering regular training as well as undertaking major typing tasks on job-work basis, was quick to realise the possible use of computerisation in improving its services and therefore decided to purchase the latest computers with printers etc. to update its existing facilities. The new equipment, it was realised, would result in increased output to the extent that the work handled by three secretarial assistants would, with the new facilities, be handled, by one assistant.

It was believed that the overall profits of the institute with the use of computerised

services would undergo a significant increase.

Besides, the manager of the institute enjoyed good, cordial relations with his subordinates. In fact, on many occasions in the past, his subordinates had stayed back well beyond working hours (without any expectation of monetary compensation) in order to respect the commitments made to outside parties.

Over a period of six months, the manager of the institute collected funds (partly by investing his own earlier profits and partly by raising loans from the State Bank of India) for the purchase of the required computers and accessories. He was lucky to obtain the required equipment within a week.

By the end of 8 months, after a detailed financial analysis of the existing situation, it appeared, however, that the overall profits of the institute had declined by 8% rather than showing an expected increase. There had been no change in other conditions within the set-up. Perplexed about this unexpected outcome, the manager of the institute sought advice from a firm of management consultants. The consultants worked on the details provided by the

manager of the institute and finally submitted their report, giving useful advice and recommendations.

Given below are a set of factors which may /may not be important in the decision advice given by the firm of management consultants. Evaluate each factor with respect to the classification scheme given below.

Classification Scheme

Mark

- (i) if it is a major objective in the decision making process.
- (ii) If it is a major factor, influencing the decision.
- (iii) If it is a minor factor, influencing the decision.
- (iv) if it is an unimportant issue, in making a decision.

The following items are to be evaluated on the basis of the classification-scheme.

1. Time required for getting the new equipment.
2. Possible difficulties in getting a loan.
3. Increased productivity of subordinates.
4. Training of subordinates in new techniques of computerisation.
5. Increase in profits.

9. Student Welfare

Student aid

YCMOU offers financial aid for students from low-income strata on merit basis. YCMOU has made a pooled annual provision of Rs. 15 lakh for this purpose. YCMOU offers a 50% fee waiver in various programmes for students in low-income sections of the society. Students need to apply in specified format with suitable documents for eligibility.

Sports events

Annual events are organized to offer sports-opportunities for students at regional and university levels. This will enable them to qualify for sports events at intervarsity *Ashwamedha* (intervarsity event started by Hon Chancellor), state and national levels including AIU events.

Youth festival

Annual youth festivals are held for performing arts at regional and university level. The events include elocution, *ekankika* (one-act-play), music and dance. This qualifies them for participation in *Indradhanushya* — intervarsity event started by Hon Chancellor and also national level events including the AIU-event.

Avishkar

To promote research activity in the student community, Avishkar—an intervarsity event started by Hon Chancellor—is organized annually. A biannual research journal is published by YCMOU for students to carry the research papers.

Samvad house journal

Samvad patrika is a monthly house journal for communication with thousands of students of YCMOU spread in the entire state. This carries educational articles and useful information. This is expected to promote self-learning and awareness about Open & Distance Learning.

Virtual learning

The Ahemadabad based ISRO has helped YCMOU to start a satellite based virtual learning centres network to assist learning. This networks 40 VLCs in the state where students can gather to interact with the counselors.

NSS

The National Services Scheme (NSS) has been launched at select YCMOU study centers for 800 students.

The Registrar / Director

Of all the Indian Universities

(Deemed, State, Central Universities /

Institutions of National importance)

Subject : Recognition of Degrees awarded by Open Universities.

Sir/Madam,

There are a number of open Universities in the country offering various degrees/ diploma through the mode of non-formal education. **The Open Universities have been established in the country by an Act of Parliament or State Legislature in accordance with the provisions contained in Section 2(f) of University Grants Commission Act, 1956. These universities are, therefore, empowered to award degrees in terms of Section 22(1) of the UGC Act, 1956.**

A circular was earlier issued vide UGC letter N.F.1-8/92(CPP) dated February, 1992 mentioning that the Certificate, Diplomas and Degrees awarded by Indira Gandhi National Open University are to be treated equivalent to the corresponding awards of the Universities in the country.

Attention is further invited to UGC circular No.F1-25/93(CPP-II) dated 28th July, 1993 (copy enclosed) for recognition of degrees and diplomas as well as transfer of credit for courses successfully completed by students between the two types of universities so that the mobility of students from Open University stream to traditional Universities is ensured without any difficulty.

The UGC has specified the nomenclature of degrees under Section 22(3) of the UGC Act, 1956 to ensure mandatory requirements viz. minimum essential academic inputs required for awarding such degrees. A copy of Gazette Notification regarding specification of degrees issued vide No.1-52/97(CPP-II) dated 31st January 2004 is enclosed. The details are also given in UGC Web site : www.ugc.ac.in

May, I therefore request you to treat the Degrees / Diploma / Certificates awarded by the Open Universities in conformity with the UGC notification on Specification of Degrees as equivalent to the corresponding awards of the traditional Universities in the country.

Yours faithfully

(Dr. Mrs. Pankaj Mittal)
Joint Secretary
