

**Allopathic Medical School Advanced Placement (AP) Information (updated Summer 2012)**

Note: All AP credit must first have been awarded course credit by Rice. More advanced courses highly recommended.

*Y= accepted; Y\* = upper level credit in the discipline will satisfy the requirement; N= does not accept; NR = not required; M (maybe) = only if supplemented with advanced work; P = only part of the requirement is satisfied; C = contact school*  
 (Please remember, AP policies at various institutions may change each year and vary from institution to institution. In many cases, if a student has AP credit and elects to keep it, completion of upper level coursework in the discipline will fulfill the requirement. Even when AP credit is in place, it is highly recommended that upper level coursework in biology and chemistry is completed).

**Allopathic Medical School Advanced Placement (AP) Information (updated Summer 2012)**

Note: All AP credit must first have been awarded course credit by Rice. More advanced courses highly recommended.

*Y= accepted; Y\* = upper level credit in the discipline will satisfy the requirement; N= does not accept; NR = not required; M (maybe) = only if supplemented with advanced work; P = only part of the requirement is satisfied; C = contact school*  
 (Please remember, AP policies at various institutions may change each year and vary from institution to institution. In many cases, if a student has AP credit and elects to keep it, completion of upper level coursework in the discipline will fulfill the requirement. Even when AP credit is in place, it is highly recommended that upper level coursework in biology and chemistry is completed).

**Allopathic Medical School Advanced Placement (AP) Information (updated Summer 2012)**

Note: All AP credit must first have been awarded course credit by Rice. More advanced courses highly recommended.

*Y= accepted; Y\* = upper level credit in the discipline will satisfy the requirement; N= does not accept; NR = not required; M (maybe) = only if supplemented with advanced work; P = only part of the requirement is satisfied; C = contact school*  
 (Please remember, AP policies at various institutions may change each year and vary from institution to institution. In many cases, if a student has AP credit and elects to keep it, completion of upper level coursework in the discipline will fulfill the requirement. Even when AP credit is in place, it is highly recommended that upper level coursework in biology and chemistry is completed).
