## INSTRUCTIONS TO CANDIDATES

(Use only blue/black ball-point pen in the space above and on both sides of the Answer Sheet)

- 1. Within 10 minutes of the issue of the Question Booklet, Please ensure that you have got the correct booklet and it contains all the pages in correct sequence and no page/question is missing. In case of faulty Question Booklet, bring it to the notice of the Superintendent/Invigilators immediately to obtain a fresh Question Booklet.
- **2.** Do not bring any loose paper, written or blank, inside the Examination Hall *except the Admit Card without its envelope*.
- **3.** A separate Answer Sheet is given. It should not be folded or mutilated. A second Answer Sheet shall not be provided.
- **4.** Write your Roll Number and Serial Number of the Answer Sheet by pen in the space provided above.
- 5. On the front page of the Answer Sheet, write by pen your Roll Number in the space provided at the top, and by darkening the circles at the bottom. Also, wherever applicable, write the Question Booklet Number and the Set Number in appropriate places.
- 6. No overwriting is allowed in the entries of Roll No., Question Booklet No. and Set No. (if any) on OMR sheet and Roll No. and OMR sheet No. on the Question Booklet.
- 7. Any changes in the aforesaid-entries is to be verified by the invigilator, otherwise it will be taken as unfair means.
- 8. This Booklet contains 40 multiple choice questions followed by 10 short answer questions. For each MCQ, you are to record the correct option on the Answer Sheet by darkening the appropriate circle in the corresponding row of the Answer Sheet, by pen as mentioned in the guidelines given on the first page of the Answer Sheet. For answering any five short Answer Questions use five Blank pages attached at the end of this Question Booklet.
- **9.** For each question, darken only one circle on the Answer Sheet. If you darken more than one circle or darken a circle partially, the answer will be treated as incorrect.
- **10.** Note that the answer once filled in ink cannot be changed. If you do not wish to attempt a question, leave all the circles in the corresponding row blank (such question will be awarded zero marks).
- 11. For rough work, use the inner back page of the title cover and the blank page at the end of this Booklet.
- 12. Deposit both OMR Answer Sheet and Question Booklet at the end of the Test.
- **13.** You are not permitted to leave the Examination Hall until the end of the Test.
- 14. If a candidate attempts to use any form of unfair means, he/she shall be liable to such punishment as the University may determine and impose on him/her.

1. Klinefelter syndrome has the following genetic make up:
(1) 44 autosomes +xxy
(2) 44 autosomes + xo
(3) 45 autosomes + xx
(4) 45 autosomes + xy
2. Which of the following statement is incorrect related to 'Sickle cell Anaemia'
(1) It is a autosomal recessive linked disorder
(2) It is due to a single base mutation of B globulin gene.
(3) It is inherited in whose one of the parent is carrier and other normal
(4) It changes shape of RBC from Round to sickle
3. Which property does not belong to cytokines:
(1) Pleiotropy (2) Redundancy
(3) Synergy (4) Specificity
<b>4.</b> What is the most likely organism in Patient with common variable immunodeficiency presenting with pneumonia:
(1) Aspergillus (2) Pneumococcus
(3) Mycoplasma (4) CMV
5. Which of the following is a mechanical barrier to conception:
(1) Condom (2) Abortion
(3) Cu T (4) oral pill
RET/12/Test B/642 (2)

6.	By studying analogous structures we look for :									
	(1) similarities in organ structure									
	(2) similarities in cell make-up	•								
	(3) similarities in appearance and function bu	t different in structure								
	(4) similarities in appearance that differences	similarities in appearance that differences in functions								
7.	. Which prediction from the fossil record is i evolution?	which prediction from the fossil record is in agreement with the theory of volution?								
	(1) Unicellular organisms are first found in st	rata above								
	(2) multicellular fossils.
