The criteria for evaluation of the Price Bid & finalization of award of contract shall take into account the following:

- a) Ranking of tenderer shall be decided on the overall cash out flow, as per the original quotation, separately for different Parts as mentioned in Proforma I. In case any tenderer has not quoted rate for one/ some Slabs of price bids, then the highest quoted rates of any tenderer for that particular Slab shall be taken while calculating the financial outgo to the Corporation for arriving at the ranking of that tenderer.
- b) **In case of Multiple Supply Sources within one territory, evaluation will be based on overall cash outflow considering Cash outflow for each supply sources .**
- c) Number of trucks offered by the tenderer, for which physical verification of truck(s)/ documents has been carried out and have been technically accepted.
- d) Any other factor considered relevant by the corporation.
- e) Negotiation will be carried out with the L-1 party on the Lowest Quoted Rate in each Slab. On finalization of rate with L-1 party, the counter offer of the lowest negotiated rate will be given to next party in order of ranking and subject to their acceptance, contract will be finalized.
- f) If the requirement of trucks is not met by say L-1, L-2, L-3, L-4, L-5 transporters then negotiations will be carried out with the L-1 party based on the lowest rates received in each Slab in the tender. On finalization of rate with L-1 party, the counter offer of the lowest rate will be given to L-2 to L-5,.... transporters. In this process, in case any tenderer between L-2 to L-5,... say L-3 & L-4 transporters refuse to accept the lowest rate then corporation reserves the right to give counter offer of the lowest rate to other high ranking parties in sequence e.g. L-6 & L-7,... till the full requirement of trucks is met.. In the process the original L-3 & L-4 ranking parties will not get any contract as they have refused to accept the BPCL counter offer rate. In such case, the award of job will be distributed to all agreeable transporters in sequence of their ranking keeping in view the agreed lowest rates in each Slab up to the requirement/ availability of the trucks.
- g) If the above process still results in not meeting the Corporation's full requirement of trucks, then negotiations/counter-offer exercise may be

conducted with the balance parties in their original order of ranking till the full requirement of trucks is met.

- h) Even If the requirement of trucks is fully met by the L1 bidder(s), BPCL reserves the right to negotiate with L2, L3, L4.... Bidders and allocate the businesses in the ratio of 70:20:10 (among L1, L2, L3 bidders) and 80:20 (among L1 & L2 Bidders).
- i) With increase in requirement of trucks due to ever increasing market demand, the corporation at its sole discretion reserves the right to induct trucks from any LPG distributor of BPCL and / or open Market if contracted transporters fail to provide required number of trucks.
- j) The contract will be awarded in the proportion of availability of trucks from the transporters after considering the allotment of trucks as per ranking in the Slabs.

NOTWITHSTANDING ANYTHING CONTAINED ELSEWHERE IN THIS TENDER IN THE EVENT THAT CORPORATION RECEIVES THE SAME RATE FOR A PARTICULAR SLAB/DISTANCE SLAB W.R.T. ANY SOURCE/LOADING BASE BY A GROUP OF BIDDERS, THE CORPORATION RESERVES THE RIGHT TO BELIEVE THAT THESE BIDDERS HAVE FORMED A CARTEL AND THE RATE QUOTED AS 'CARTEL RATE' AND MAY ACCEPT OR REJECT OR NOT RECKON SUCH RATES/OFFERED TRUCKS / RANKINGS ETC., OF SUCH OFFERS. IN SUCH CASES, THE CORPORATION ALSO RESERVES THE RIGHT TO FOLLOW THE NEGOTIATION PROCESS WITH SUCH BIDDERS IF DEEMED FIT AND AMEND THE EVALUATION CRITERIA BEST SUITED TO THE INTEREST OF THE CORPORATION.

NOTE:

1. The tender document contains the indicative number of locations in each Slab and total no. of loads to be transported to these locations per month and total number of trucks and no. of trucks required in each Slab against this tender. These figures are estimated only and shall be used for the purpose of evaluation using RTKM of individual location as an additional data. Cylinders are also to be transported to and from the parties carrying out cylinder repair activities at various places. Also cylinders are to be transported to and from the Plants of the private bottlers from whom BPCL is taking Filling assistance at present or in future. The transport charges payable under this agreement are based on the shortest route approved by the corporation on round trip basis (called RTKM).

2. Each tenderer is expected to quote for all the rate Slabs as per condition of the tender. However in case rates are not quoted for all the Slabs, then the subject tenderer shall be considered based on the highest rate received in the tender for those Slabs..

3. Selection of SC & ST Contractors:

- a) Total no. of trucks to be inducted from SC contractors is X (where X = 15%).
- b) Based on the transportation cost in each Slab, ranking will be assigned to SC category tenderers for each Slab.
- c) If, X is less than the number of valid trucks offered by the lowest among the SC tenderers, then only this tenderer will be appointed for induction of X number of trucks.
- d) If, X is more than the number of valid trucks offered by the lowest among SC tenderers, then similar method as mentioned above will be adopted amongst SC tenderers.
- e) Total no. of trucks to be inducted from ST contractors is Y (where Y = 7.5%).
- f) Based on the transportation cost in each Slab, ranking will be assigned to ST category tenderers for each Slab.
- g) If, Y is less than the number of valid trucks offered by the lowest among the ST tenderers, then only this tenderer will be appointed for induction of Y number of trucks.
- h) If, Y is more than the number of valid trucks offered by the lowest among ST tenderers, then similar method as mentioned above will be adopted amongst ST tenderers.
- i) Contract shall be awarded to the SC / ST category tenderers as above only if they match the rate finalized in the tender and no price preference shall be given.

42. Procurement as per Public Procurement Policy for Micro and Small Enterprises (MSEs) Order 2012 (Policy) :

- i. Subject to other terms and conditions stated in this tender document including but not limiting to the pre-qualification criteria, Twenty per cent (20%) of requirement is earmarked for Micro and Small Enterprises (MSE).
- ii. Bidders having Valid MSE registration for services under “ Transportation “ and having received the “ APPROVED “ registration Number under Entrepreneurs Memorandum Number Part II (EM II) will be considered for qualifying under MSE category subject to submission of document showing

the status as “ APPROVED “ . This document may be verified from the respective Website / Department / Issuing authority for the authenticity by the Contracting Corporation and invalid document may lead to disqualification of the bidder from the tender. The Certificate issued by Competent Authority (EM II) must contain the following information under the heading “details of Plant and machinery as per date wise investment as per table given below

Sr. No.	Truck Registration Number	Amount in Lakhs	Date of Investment

- The above details are required to consider number of trucks to qualify under MSE. Responsibility for furnishing the accurate information as per the above table for getting the same endorsed in the certificate (EM II) lies with the bidders only.
- iii. Also mere submission of Entrepreneurs Memorandum Number Part I (EN I) which is an acknowledgement slip will not qualify the bidder to obtain the benefit under MSE Category i.e. exemption of EMD and allocation of TTs under MSE category. Tenders of such Bidders will be rejected if EMD is not submitted.
 - iv. Out of the above 20 percent, a sub-target of 20 per cent (i.e. 20 percent out of 20 percent, which is 4%) is earmarked for Micro and Small Enterprises owned by the Scheduled Caste or the Scheduled Tribe entrepreneurs.
 - v. In the event of failure of such Micro and Small Enterprises to participate in tender process or meet tender requirements and L1 price, 4 per cent sub target for procurement earmarked for Micro and Small Enterprises owned by Scheduled Cast or Schedule Tribe entrepreneurs shall be met from other Micro and Small Enterprises.
 - vi. Micro and Small Enterprises quoting price within price band, then they will be allowed to carry out the work by bringing down their price to L1 price in a situation where L1 price is from someone other than a Micro and Small Enterprises and such Micro and Small Enterprises will be allowed to carry out the work up to 20 percent of requirement.

- vii. In case requirement of 20% is not met from the bidders under MSE category, the unfulfilled requirement of trucks will be added to the general category.
- viii. If no. of bidders is more than the no. of Trucks reserved for the MSE category and it is not possible to allocate even one Truck on proportionate basis then one Truck will be allocated to bidders under MSE category in order of their original ranking till the reserve quota is fulfilled.
- ix. In case of more than one such Micro and Small Enterprises, the work shall be shared proportionately.
- x. Micro and Small Enterprises will be exempted from payment of Earnest Money.
- xi. The above provisions shall apply to Micro and Small Enterprises registered with District Industries Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of Micro, Small and Medium Enterprises.
- xii. Necessary certificate issued by Authorized body under the Ministry of Micro, Small & Medium Enterprises shall be valid as on the date of opening of the tender. All the technical specifications / techno commercial terms and conditions and the pre qualification criteria are also to be fulfilled by the MSEs.
- xiii. No attached / proposed truck is allowed under MSE category.

of the OTHER PART.

WHEREAS the Contractor is desirous of providing trucks for transportation of LPG cylinders of the Corporation from the Corporation's Filling Plant at _____ to such destinations as may be advised by the Corporation to the Contractor from time to time at their sole discretion.

AND WHEREAS the Corporation is agreeable to utilize the trucks to be provided by the

Contractor for transportation of LPG cylinders of the Corporation on the terms and conditions contained hereinafter.

NOW THIS AGREEMENT WITNESSETH AND IT IS HEREBY AGREED by and between the parties hereto as follows:

1. The Contractor hereby agrees to provide as and when required by the Corporation, number of trucks, detailed particulars whereof are given in the Annexure hereto annexed and marked **ANNEXURE-I** and being treated as a part of this Agreement, to the Corporation within 15 days or such extended period as may be permitted by the Corporation at its sole discretion from the date of issuance of the letter accepting the rate offered by the contractor for utilization of the same for transportation of LPG cylinders as also boxes of LPG regulators as and when required by the corporation and the Corporation agrees to take such trucks for utilization of the same on the terms and conditions contained hereinafter
2. The packed trucks to be provided by the Transporter should be owned by or attached to him and should be fit to transport packed LPG by road.
3. The trucks to be provided by the Contractor should have capacity to transport 306/450 LPG cylinders for Markets filled with 14.2 KG LPG and the same can be used for transporting cylinders having LPG of 14.2 Kgs and/or 5 Kgs and/or 19 Kgs and/or 35 Kgs and/or 47.5 Kgs at the sole discretion of the Corporation.
4. Contractors who have offered trucks with capacity for transportation of 306 Nos. of 14.2 Kg cylinders can, as per the requirement of the Corporation, replace the same with trucks with capacity for transportation of 450 Nos. of 14.2 Kg cyls. Proportionately with prior approval of BPCL. In such cases, the rate applicable for 450 cyls. Capacity trucks shall be payable.
5. The Contractor will ensure that:
 - a) Trucks offered are sound and conform to the Motor Vehicles Act, in excellent and efficient working conditions, having fitness certificate from local Regional Transport Officer valid at all times during the entire contract
 - b) The trucks provided shall conform to the Rules pertaining to the transportation of the Petroleum products as contained in the Petroleum Act, 1976, Gas Cylinder Rules, 1981, and treated as a part of this Agreement, and/or any applicable Act/Rules or any amendment or re-enactment thereof from time-to-time.

- c) Different types of cylinders, i.e. 5 kg, 14.2 kg; 19 kg, 35 kg and 47.5 kg will be stacked in a systematic manner in vertical tires as may be instructed by the Corporation to the Contractor from time to time. The side and end flaps of the truck shall get locked in an upright position without buckling or slanting.
- d) the truck engaged for transportation of cylinders is placed before the concerned officer/agent of the Corporation and the same conforms to the regulations relating to the carriage of dangerous petroleum stipulated in the Petroleum Act, 1934 and will produce the certificate, if any, issued by the Corporation as and when demanded by the Corporation for their inspection.
- e) Suitable “ **Vehicle Tracking System (VTS)**” linked to GPS should be installed in each tank truck for monitoring its safe movement by the transporters at their own cost as and when decided by the Corporation. Corporation will organize supply & installation of VMUs by VMU supplier against cost and maintenance of VTS through a service provider at the cost of Transporter and the same will be recovered through the transportation bills of the transporters.
- f) **Anti Lock Braking System (ABS)**- All trucks provided by the Contractor should be compulsorily fitted with ABS conforming to IS-11852:2003 (Part-9) irrespective year of Manufacturers. Contractors have to ensure that the trucks are fitted with ABS at the time of induction of trucks. Contractor shall submit the certificate of having fitted with ABS in trucks issued by either from the truck manufacturers (in case of new trucks) or from the vendors of retrofitted ABS.
- g) The spark arrestor and fire extinguisher of the trucks are checked on a quarterly basis and to ensure that the same are in perfect working condition.
- h) Cylinder shall be so transported as not to project in the horizontal plane beyond the sides or ends of the vehicle by which they are transported.
- i) There shall be no sharp projections on the inside of the vehicle.
- j) Cylinder shall be adequately secured to prevent their falling off the vehicle and being subject to rough handling/ excessive shocks or local stresses.
- k) No change in the ownership of the trucks owned by the transporter, as mentioned in the Annexure marked **ANNEXURE-I** hereto and/or the

arrangement on which the trucks are hired, take place during the pendency of the contract without obtaining prior written consent from the Corporation

- l) The LPG cylinders and LPG pressure regulators are delivered at the destination promptly within the prescribed delivery periods as may be intimated by the Corporation from time to time
- m) The crew comply with all the requirements of the Motor Vehicles Act and the said crew are given proper training on handling all types of emergencies including fire etc., and that they wear Personal Protective Equipments like Hard hats and safety shoes etc. to avoid any accidental injuries to themselves while inside the Refinery / Plant premises and observe all safe practices as per the instructions given by BPCL from time to time.
- n) All necessary route permits for plying the trucks within the state or inter-state routes, if required, for the transportation of LPG are obtained at their own cost and are available with the trucks at all times.
- o) Payment of all applicable Octroi charges, incremental / new toll /entry charges as may be payable en route shall be paid at the first instance by the contractor and only receipts towards the Octroi Charges levied on BPCL product to be submitted to the Corporation for getting reimbursement of the same. All other levies are not reimbursable.
- p) Trucks are not unauthorized to park within Filling Plant premises.
- q) Cylinders received at the Filling Plant or the distributor's end are complete with all fittings and without damage
- r) Cylinders to be handed over to the Contractor by the distributor as per the Equipment Return Voucher (ERV) and if there is any discrepancy, such discrepancy should be duly recorded in the ERV and the said ERV should be produced at the Filling Plant.
- s) While receiving empty cylinders from the distributor's godown :
 - No spurious or other oil marketing companies cylinders are delivered by the distributor and received by the contractor
 - The list prepared by the distributor for handing over empty cylinders to the Contractor is signed by the distributor and counter signed by the contractor's crew and if any discrepancy is found in the said list, the same

should be recorded and both the distributor and crew of the contractor should sign such discrepancy.

- **SPURIOUS, DEFECTIVE / OTHER MARKETING OIL COMPANY (OMC) CYLINDERS**

It shall be the responsibility of the contractor(s) to ensure that no spurious or OMC cylinders are inducted in our distribution system in the course of transportation of cylinders. Distributors are expected to list down the serial no. of all cylinders while returning them to the Plant, which must be checked and countersigned by the contractor's crew. If any spurious or OMC cylinder is detected at the Filling Plant of which serial no. is not appearing in the list or if the list has not been signed by the distributor concerned, recoveries will be made from the contractor(s) for the spurious cylinders / **OMC cylinders @ Rs. 2300/- per 14.2 kg cylinder, @ Rs. 2550/- per 19 kg cylinder, @ Rs.4800/- per 19 KG cylinder with LOT Valves, @ Rs. 6450/- for 47.5 kg cylinder, @ Rs. 8700/- for 47.5 KG Cylinders with LOT valves, @ Rs. 5,100/- for 35 kg cylinder @ Rs.7350/- per 35 KG cylinder with LOT valve and @ 700/- per 5 kg cylinder** (as per the BPCL guidelines on the subject matter applicable from time to time). In all such cases, the decision of the Corporation shall be final and binding on the contractor(s). Hence, such detection or delivery of spurious/OMC cylinders by the contractor(s) will be dealt with severely which may include even termination of the contract and/or appropriate penalties to be levied as well as determined by the Corporation.

Similarly incase of any underweight / water filled cylinders received "without seal / with broken seal" at distributor's end and returned to the Plant in the same lorry with endorsement of the lorry crew OR received at Plant without any endorsement by the distributor / authorization by the Sales Officer under separate ERV, debit will be raised against the contractor at commercial rate applicable for the gas and no transportation charges will be paid for transportation of such cylinders. This will be without any prejudice to the right of the Corporation to take any other course of action in the matter as the Corporation may decide to take in order to safeguard its interest.

- t) No child or bonded labour is engaged for handling the work in connection with this contract or contravene any of the Government Rules and Regulations in this regard.
- u) No person in the truck smokes and no fire or ignition takes place in the vicinity of the truck.

- v) No other goods other than those authorized by BPCL are carried in the truck along with the LPG cylinders / regulators.
 - w) The truck does not carry any person other than the authorized crew of the contractor along with the LPG cylinders/ pressure regulators
 - x) Contractor shall provide the Helper in each Truck at all the time.
 - y) BPCL shall raise / recover an appropriate amount towards **Public Liability Policy for Oil Industry**.
6. Apart from providing trucks and transporting LPG cylinders to the destinations from time to time as directed by the Corporation, the contractor will carry out the following:
- a) Loading of full cylinders from stacks and/or conveyors onto the truck at the Corporation's Filling Plant or from such place as may be decided by the Corporation at its sole discretion.
 - b) Unloading of empty cylinders from the trucks onto conveyors and/or stacks at the corporation's Filling Plants or from such place as may be decided by the Corporation at its sole discretion.
 - c) Unloading of full cylinders and stacking of cylinders at the distributors end.
 - d) Removal of empty cylinders from stack at the distributors end and loading onto trucks.
 - e) Proper stacking of cylinders inside the truck and removal / receipt of cylinders from / on the truck both at the Filling Plant and distributors end.
 - f) Cylinder handling (loading and unloading) at staging depot shall be done by BPCL.
 - g) Transporters will have to follow all safety norms while unloading / loading, stacking / de-stacking at distributors end. Dropping of cylinders from the lorry while unloading is highly unsafe and will damage the cylinders. If the cylinders get dented / stay plate or foot ring gets broken while unloading the cylinders, the cost of the cylinder will be debited appropriately to the transporter.

While carrying out such loading/ unloading operations, the Contractor will ensure that his crews do not throw the cylinders inside/outside the trucks thereby subjecting the cylinders to contact with the body of the truck/ ground/against other cylinders.

7. For rendering the services to the Corporation under this Agreement, the contractor will be entitled to transportation charges as mentioned hereunder:

a) For transportation of filled cylinders to the destinations, 65% (Sixty five percent) of the rate shown in the enclosed rate schedule will be paid and for transportation of empty cylinders from the destinations to LPG Plants (BPC/OMC/PMC), 35% (thirty five percent) of the rate shown in the enclosed rate schedule will be paid.

b) (i) The transportation charges so payable to the contractor(s) will be based on the shortest route approved by the Corporation from time to time.

(ii) If for any compelling reasons an alternative route is used, payment for the longer route may be considered by the Corporation provided prior approval from the Corporation is obtained for the use of the alternative route and intimation of such approval in writing is recorded within 48 hours from the date of approval.

(iii) For one way loads either from BPCL's Filling Plant to Distributors end or from Distributors end to BPCL's Filling Plant, 65% of the RTKM rates shall be payable.

(iv) The above rates are inclusive of all taxes, including goods tax/ hill tax / Behti tax bridge tax/ toll tax but exclusive of Octroi on Corporation's product

(v) The existing Toll / Entry / Transit / Statutory charges falling en-route to the distributors from the LPG Plant as per the approved route by the Company on **tender floating date** tender will not be reimbursed. Any New or enhancement in existing Toll / Entry / Statutory taxes introduced / implemented in the same route after floating date of the tender will be reimbursed subject to production of gazette notification for revision and original receipt of payment along with transportation bills. Any enhancement of taxes which are required to be borne by the transporters (specially levied on vehicle) will not be reimbursed.

- (vi) **Minimum rate protection shall be made applicable.**
- (vii) “The successful tenderer would be required to purchase fuel/lubricants for the Trucks engaged by BPCL at the **Smart Fleet Retail** Outlets of BPCL. For this the tenderer would have to enroll under CMS Fleet Card Scheme for his fuelling requirement. Initially, a **minimum of 40%** of the billing amount from the carrier’s monthly transportation bill shall be deducted & same shall be credited to billing amount to be deducted for crediting it to Carriers CMS account
- (viii) In case of movement from Plant to a location which though is situated in the state where Plant is located but entail movement thru other states, decision to pay rates for such movements with rates as applicable for other states and shorter RTD or with rates as applicable within state and longer RTD will be discretion of the corporation.
- (ix) The Corporation shall deduct applicable Income Tax from transportation bills from time to time as per rules and regulations of CBDT (Central Board of Direct Taxes).
- (x) The Contractor(s) shall submit a letter of undertaking to the Corporation, agreeing to the Corporation's deducting "Income Tax" as applicable from the transportation bills.
- c) Payment towards transportation shall be released once a month by BPCL along with the statement of accounts. In case any discrepancy is observed by the tenderers, they should put a claim to the TM (LPG) of the territory or any other officer of BPCL as may be decided by BPCL from time to time along with the details of the statement of such error/ omission in the payment. No claims shall be entertained after 3 months from the date of payment.
- d) A penalty of Rs. 100/- shall be levied for every duplicate document asked for by the Contractor for originals lost by them.
- e) The Rate finalized will increase or decrease in the event of any variation in price of High Speed Diesel of the Corporation
- (f) The escalation / de-escalation shall be calculated on the presumption that:

(i) **Notional capacity of the truck will be 306 x 14.2 kg cylinder (10 MT) & for 450 x 14.2kg cylinders (16 MT).**

(ii) **Average Consumption of HSD will be 4 km / lit for 306 cylinders capacity trucks & 3.5 km/lit for 450 cylinders capacity trucks.**

g) In case of Escalation/de-escalation due to increase/decrease in the Fuel Cost it should be applied when change in HSD retail selling rate is minimum 25 ps. Per liter at a time. If the fluctuation in the HSD retail selling rate is lower than 25 ps per liter, escalation / de-escalation should be applied when cumulative total of such fluctuations becomes 25 ps per liter in terms of either increase or decrease.

h) Escalation / De-escalation in transportation rates, due to increase / decrease in HSD retail selling price, if any **will be done once in month on 1st of the month (if applicable) based on previous month HSD Rate. The minimum HSD RSP prevailing at the Plant Location to be considered for calculation. In case of more than one revision in a month, the weighted average of these of previous month shall be considered.**

i) Method of calculating increase / decrease in Transport rate :

i. Fuel Cost variation per cylinder:

$$\frac{\text{Increase / Decrease in HSD retail selling rate} \times \text{ARTD}^{**}}{306 \text{ cylinders} \times 4 \text{ kms. (as the case may be)}}$$

(Subject to variation in HSD retail selling rate being 25 ps per liter at a time or cumulative)

**** ARTD for Slab Rate would be weighed Average RTKM of the Respective Slab**

j) There will be an escalation of 4% in Rates on beginning of 4th year as well as 5th year on the non fuel component of the rates prevailing at the beginning of 4th year and 5th year

k) **The Formula for working out Escalation at the beginning of 4th & 5th year is as follows:**

Assumptions:

Let the Transportation Rate at the beginning of 4th year of the contract be **R** in Rs/cyl/RTKM Let **H** be the Retail Selling Price of HSD in Rs/Litre at the end of the 3rd year of the contract.

The **Fuel component F**, is given by:

$F = H \div (4) \div (306)$ in Rs/cyl/RTKM for 306 cyl trucks, and

$F = H \div (3.5) \div (450)$ in Rs/cyl/RTKM for 450 cyl trucks

The **Non-Fuel Component N**, is given by: $N = (R - F)$

The increment of 3.25 % is applied to **N**, which becomes **Nr**, given by: $Nr = (1.0325) * N$

The Revised Rate would be: (R + Nr)

Illustration:

Let the Transportation Rate, **R** at the end of the 3rd year of the contract be **0.075 Rs/cyl/RTKM** for 306 cylinder capacity truck

Let the Retail Selling Price of HSD, **H**, be Rs. 64 per Litre

The Fuel component in the above rate **F** is Rs.16.0 /RTKM or Rs 0.052/cyl/RTKM (for 306 cyl truck)

The Non fuel component $N = 0.075 - 0.052 =$ Rs. 0.023/cyl/RTKM

Applying the increment of 3.25 % on Rs. 0.023 /cyl/RTKM, we have:

$Nr = 0.0325 \times 0.023 =$ Rs. 0.00074 cyl/RTKM

The Revised rate for the 4th year would be: $0.075 + 0.00074 =$ Rs 0.07574/cyl/RTKM

NOTE: Similar escalation will be applied to the existing rates at the beginning of 5th year

8. a) The Contractors shall make available all the trucks at Filling Plant on a sustained basis.

- b) Should on any occasion there be any difficulty in providing any of the contracted trucks on any particular day, the Contractor shall advise the Corporation's Filling Plant In-charge or the Corporation's Regional LPG office at Delhi, as the case may be, in writing indicating the reasons for not providing the truck on that particular day.
- c) Under no circumstances the Contractor shall keep any of the contracted truck out of operation for a continuous period of more than 15 days in a month unless otherwise permitted in writing by the Corporation. Should the Corporation require a replacement for this period, the Contractor should arrange the same immediately.

In case the Contractor(s) fails to provide trucks, as agreed, for any reason whatsoever the Corporation at its sole discretion will be entitled:-

- (i) to make alternative arrangements for transportation of the cylinders and debit the Contractor with the additional cost incurred by the Corporation due to the failure on the part of the contractor; or
- (ii) to levy / recover a liquidated damage of Rs. 500/- (Rupees five hundred only) per day per truck and the contractor(s) shall be liable to pay the same within 30 days from the demand without any demur without raising any question as to whether the Corporation has suffered any loss amounting to Rs. 500/- per day per truck .

This right of the Corporation is without prejudice to any other right the Corporation is having under this agreement or in law.

- 9. If any of the trucks under the contract goes out of operation for repairs for a period of more than two month or if the contractor desires to replace the truck, the contractor will have to offer trucks at the sole discretion of the Corporation, in replacement thereof for the remaining period of the contract:
 - a) An attached truck can be replaced by an Owned /Attached truck but it should be of later model.
 - b) Owned truck of older model can be replaced by owned truck of later model.

The decision of the corporation on above shall be final and binding on the Contractor.

- 10.a) On the arrival at the distributor's end, the Contractor should wait and obtain the ERV or any other paper which the Corporation has instructed the Contractor to collect from the distributor before making delivery of the LPG cylinder to the distributor.
- c) If for any reason whatsoever, the materials/documents to be collected by the Contractor from the Distributor are not handed over by the Distributor to the Contractor in the form and manner prescribed by the Corporation from time to time or in the event the Distributor delays in delivering the empty cylinders for any reason whatsoever, the Contractor will immediately contact, by any mode, the Filling Plant In-Charge or his authorized representative and to carry out such instructions as may be given by the Filling Plant In-charge or his authorized representative.
11. a) Save and except transportation charges payable by the Corporation to the Contractor. The Contractor or his/their employees will not be entitled to get any facilities such as office accommodation, canteen, tea, toilet, telephone, etc.
- b) The contractor(s) shall bear and pay the entire operational costs of trucks for transportation of the product, which shall include, interalia, the following:
- Salary and other emoluments for the crew and labour used for loading / Unloading of LPG cylinders and such other allowances or benefits as per the Law in force or the contract between the Contractor and his Employees.
 - Cost of fuels and lubricating oil required for the operation of the trucks.
 - Maintenance and repair cost of the trucks
 - Licenses, permits, road tolls & taxes etc
- c) It shall be the responsibility of the contractor(s) to keep filled or empty Cylinders under his / her / their safe custody after the working hours of the Filling Plant. The Corporation does not take any responsibility to keep the contractor(s) trucks, loaded with filled or empty cylinders, in its premises if the trucks arrive at the Filling Plant beyond the regular working hours and on holidays.
- 12.(a) The Contractor(s) shall be solely responsible for the safe custody of the Cylinders and products once these are handed over to them.

- (b) The charges as fixed by the Corporation from time to time for fittings, parts and accessories, cylinders and/ or pressure regulators found missing/damaged at the time of delivery of cylinders both at the Filling Plant and distributors end will be recovered from any amount payable to the contractor under this contract or otherwise.
- (c) The contractor(s) shall be liable to pay without demur the amount mentioned hereunder or such other amount as may be intimated to the Contractor by the Corporation for the loss or damage caused to the said cylinders:

- (d) The aforesaid amount or such other amount as may be intimated by the Corporation in replacement or substitution of the amount stated above will be recoverable as liquidated damage for the loss or damage to the cylinders and/or other equipment and same shall be recovered through monthly transportation bills of Contractor.

(e) In the event of loss of filled and/or empty LPG cylinders due to fire during or because of accident, theft etc., the recovery for the loss will be made at the actual cost to the Contracting Corporation for the product and cylinder at the loading source on the date of dispatch, provided FIR has been lodged for the accident or for the theft, and due report has been submitted to CCE, and the proof of acquittal of case from Police and decision on settlement by the concerned Insurance company have been submitted to the satisfaction of the Corporation. OTHERWISE the Corporation shall recover the cost of the loss of product at the prevailing rate of the Corporation applicable for LPG cylinders for non-domestic use at the concerned loading source on the date of dispatch of the product and in case of loss of cylinders the recovery shall be at the penal rate as mentioned in the table in **clause 12 (c) above**.

13. For any shortages of cylinders and/or LPG contained therein, it will be necessary for the contractor(s) to get an endorsement from the distributor failing which the Contractor will be liable to pay the aforesaid amount for the loss to the cylinders and/or regulators and the price of LPG contained therein.

14. If at the time of delivery of the filled cylinders at the distributor's end, the distributor refuses and/or rejects to accept any filled cylinder on the ground of underweight or water filled cylinder or for any other reason whatsoever, the Contractor will, while returning those cylinders at the Corporation's LPG Filling Plant be liable to pay the cost of LPG found short in the cylinders so delivered at the Filling Plant at the commercial rate as applicable on the date of return of those cylinders.

15. The schedule of dispatches shall be decided at the Corporation's Refinery / Filling Plant and the Corporation does not give any guarantee for utilization of any trucks either for :

- a) Minimum number of days per month
- b) Minimum mileage for each truck
- c) Route in which the truck will be utilized

And for such reason, the contractor cannot claim that his/their trucks should be utilized for :

- (i) certain minimum number of days per month
- (ii) certain minimum mileage per truck
- (iii) on a particular route

16. (a) The contractor(s) shall undertake the movement of the product entrusted to him/her by the Corporation without transshipping.
- (b) If transshipment is inevitable, the Contractor(s) shall take permission from the Corporation in writing beforehand and ensure that adequate care and precaution is taken to ensure safe handling of the product into approved truck.
- (c) No additional charges will be paid by the Corporation for this transshipment.
- (d) BPCL will unless inconvenient to them, in their own judgment, use the trucks offered at lower rate for longer routes/Slab.
17. (a) Prior to the execution of this Agreement, the Contractor will furnish a Security deposit of Rs.1,00,000/- (Rupees One Lakh) per truck subject to a maximum Rs.5,00,000/- (Rupees Five Lakhs) in the form an irrevocable Bank Guarantee issued by any Nationalized / Scheduled bank and should be valid for 6 months beyond the period of this contract.
- (b) The aforesaid security deposit will be adjusted against any claim of the Corporation under this contract or otherwise against the Contractor without any further reference to the Contractor
- (c) In case the Truck/s offered by the Contractor under this Contract are withdrawn during the pendency of this contract and relief trucks are not provided within 15 days of withdrawal, Security deposit @ Rs. 1,00,000/- per each truck withdrawn will be forfeited.
- (d) As and when forfeiture of the Security Deposit in full or in parts as mentioned above takes place for whatsoever reasons, an equal amount would be replaced by the Contractor in order to maintain the total amount covered under Security Deposit as Rs. 5,00,000/- or as the case may be. Till the replacement is made as above, Corporation would not be utilizing the trucks of the Contractor.
18. The contractors shall not assign his/their right under this contract or any work entrusted to him/them to any person whatsoever or reconstitute the firm except with the prior written consent of the Corporation.
19. If at any time during the currency of this agreement the Contractor(s) fails to provide trucks and/or transport the product as provided herein and/or fails to

perform the various other obligations specified in this agreement, the Corporation shall at its sole discretion and without prejudice to any other rights and remedies engage the services of other Agencies to perform the obligations of the Contractor and transport the products and in such an event the Contractor(s) undertakes to reimburse the Corporation all the additional expenses incurred by the Corporation in this connection.

20. Nothing herein contained shall prevent the Corporation from engaging any other Contractor (s) to carryout the transportation work similar to the work entrusted to the contractor(s).
21. The Corporation reserves the right to appoint two or more Contractors as it deems necessary towards achievement of efficient, timely completion of the job and the Contractor shall have no right to raise any objection to such action of the Corporation.
22. The Corporation shall not be liable to pay any amount towards detention of the trucks either at the Corporation's Filling Plant or at the Distributor's end.
23. If for any genuine reasons, such as diversion of the road, temporary closure of the road, the trucks cannot ply through the route based on which RTKM was fixed and mentioned in **Proforma-I** to this Agreement, the RTKM mentioned in the said **Proforma-I** will be modified and revised for such period and the contractor is bound to follow alternative route based on the distances as may be certified by Collector of a particular district or any official of the Ministry of Surface Transport or by such other authority as may be recognized by the Corporation at their sole discretion.
24. The Contractor(s) shall have a contact office, where the trucks will have to be positioned and get the photographs, names and addresses, designations and signatures of their authorized agents / representatives duly registered in advance with the Corporation.

- 25.a) The contractor shall, for the purpose of carrying out the activities mentioned in this Agreement, employ or engage their own personnel having valid heavy vehicle driving license and will comply with all other provisions of law as applicable in respect of such driver/crew member or employee
- b) None of such employees of the contractor shall claim any wage, compensation or any other sum from the Corporation in any circumstances whatsoever.
- c) The Contractor(s) shall observe and comply with the requirements of the Minimum Wages Act, the ESI Act, PF and all other Industrial / Labour legislation's for the time being in force or may later be brought into force governing the relationship between the employer and the employees and also undertake to hold the Corporation indemnified against all claims payments, losses that the Corporation may have to make or suffer on account thereof.
- d) The contractor(s) will accept liability of payment of compensation in accordance with the provisions of the Workmen's Compensation Act, 1923, read with the ESI Act 1948 or amendments thereafter for personal injury caused to any workmen by accident arising out of and in the course of his employment by the contractor(s) in the discharge of the contractor(s) obligations under the Agreement. The contractor(s) will indemnify the Corporation and keep indemnified from and against all payments by way of compensation or otherwise which the Corporation in connection with, any claim preferred by such workmen and/or against all actions, claims and demands whatsoever in respect thereof or in respect of any loss, injury or damages whatsoever to any third party, person caused by the Contractor(s) their workmen, servants and agents.
- e) If for any reason whatsoever, the corporation is made to pay any amount to such employees of the contractor, the Contractor agrees to indemnify the Corporation from any such claim, including the expenses which the Corporation may incur in defending such claim.
26. The contractor(s) and his/her/their men shall abide by the Rules and Regulations when they are within the Corporation's premises and will abide by all applicable rules and regulations for the entire period of the transportation of the Corporation's product to and from the LPG Filling Plant and the Distributor's end.
27. The Contractor(s) will indemnify the Corporation against the consequences arising out of his/her/their workmen's/servants/agent's default or negligence or violation or non-adherence to Municipal / State/Central Acts relating to the carriage of goods. Should the Corporation be held liable for any loss, damage or

compensation to any party arising from or in relation to the transport operation under this agreement such loss, damage or compensation shall be reimbursed by the Contractor(s) to the Corporation together with the cost incurred on any legal proceedings pertaining thereto. The contractor(s) shall whenever required by the Corporation or Governments official authorized under law, produce for inspection all forms, registers and other papers required to be maintained under the various statutes.

28. The Contractor shall remain at all times liable to the Corporation for any loss or damage caused to any building, Plant machinery or the property of the Corporation due to careless, negligent, inexperienced act or default of the Contractor, his/their agents, representative or employees. The Corporation shall be entitled to deduct from the amounts payable to the Contractor under this Agreement or otherwise the loss or damages so suffered.

The Contractor will be liable for any loss and/or injury to Corporation's employee due to careless, negligent, wrongful act or default of the Contractor, his/their representatives or employees in carrying out the job under this contract.

The Contractor will make good to the Corporation any loss what so ever suffered by the Corporation, including but not limiting to the loss arising from:

- (i) the confiscation by the Government or local authorities of any quantities of the said products delivered to the contractor(s) for transporting and
- (ii) loading/unloading or in transit for reasons other than the acts of God riots or civil commotion

The liability of proving that any loss or damage caused by any accident of fire resulting from the acts of God is solely upon the contractor.

Under no circumstances the Corporation shall be liable to compensate the Contractor for any loss or damage caused to the contracted trucks unless such loss or damage has been caused for any willful or intentional act committed by the Corporation.

29. The Transporter shall comply with all statutory provisions relating to his trade/business /profession including his own employees or employees engaged by transporter and Corporations shall not be responsible for his omission/commission. Preamble

The Principal intends to award, under laid down organization procedures, contract/s forThe Principal values full compliance with all relevant laws and regulations, and the principles of economic use of resources, and of fairness and transparency in its relations with its Bidder/s, Contractor/s and Supplier/s. In order to achieve these goals, the Principal cooperates with the renowned international Non-Governmental Organization "Transparency International" (TI). Following TI's national and international experience, the Principal will appoint an Independent External Monitor who will monitor the tender process and the execution of the contract for compliance with the principles mentioned above.

Section 1 - Commitments of the Principal

(1) The Principal commits itself to take all measures necessary to prevent corruption and to observe the following principles:

a) No employee of the Principal, personally or through family members, will in connection with the tender, or the execution of the contract, demand, take a promise for or accept, for himself / herself or third person, any material or immaterial benefit which he/she is not legally entitled to.

b) The Principal will, during the tender process, treat all Bidders with equity and reason. The Principal will, in particular, before and during the tender process, provide to all Bidders the same information and will not provide to any Bidder confidential / additional information through which the Bidder could obtain an advantage in relation to the tender process or the contract execution.

c) The Principal will exclude from the process all known prejudiced persons.

If the Principal obtains information on the conduct of any of its employees which is a criminal offence under the relevant Anti-Corruption Laws of India, or if there be a substantive suspicion in this regard, the Principal will inform its Vigilance Office and in addition can initiate disciplinary actions.

Section 2 - Commitments of the Bidder / Contractor/Supplier

(1) The Bidder / Contractor/Supplier commits itself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the tender process and during the contract execution.

a) The Bidder / Contractor/Supplier will not, directly or through any other person or firm, offer, promise or give to any of the Principal's employees involved in the tender process or the execution of the contract or to any third person, any material or immaterial benefit which he/she is not legally entitled to, in order to obtain in exchange, any advantage of any kind whatsoever during the tender process or during the execution of the contract.

b) The Bidder / Contractor/Supplier will not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelization in the bidding process.

c) The Bidder / Contractor/Supplier will not commit any offence under the relevant Anti-corruption Laws of India; further the Bidder / Contractor/Supplier will not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the Principal as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.

d) The Bidder / Contractor/Supplier will, when presenting his bid, disclose any and all payments he has made, is committed to, or intends to make to agents, brokers or any other intermediaries in connection with the award of the contract.

(2) The Bidder / Contractor/Supplier will not instigate third persons to commit offences outlined above or be an accessory to such offences.

Section 3 - Disqualification from tender process and exclusion from future contracts

If the Bidder, before contract award, has committed a transgression through a violation of Section 2 or in any other form such as to put his reliability or credibility as Bidder into question, the Principal is entitled to disqualify the Bidder from the tender process or to terminate the contract, if already signed, for such reason.

(1) If the Bidder/Contractor/Supplier has committed a transgression through a violation of Section 2 such as to put his reliability or credibility into question, the Principal is also entitled to exclude the Bidder / Contractor/Supplier from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the circumstances of the case, in particular the number of transgressions, the position of the transgressors within the company hierarchy of the Bidder and the amount of the damage. The exclusion will be imposed for a minimum of 6 months and maximum of 3 years.

(2) A transgression is considered to have occurred if the Principal after due consideration of the available evidences, concludes that no reasonable doubt is possible.

(3) The Bidder accepts and undertakes to respect and uphold the Principal's absolute right to resort to and impose such exclusion and further accepts and undertakes not to challenge or question such exclusion on any ground, including the lack of any hearing before the decision to resort to such exclusion is taken. This undertaking is given freely and after obtaining independent legal advice.

(4) If the Bidder / Contractor/Supplier can prove that he has restored / recouped the damage caused by him and has installed a suitable corruption prevention system, the Principal may revoke the exclusion prematurely.

Section 4 - Compensation for Damages

(1) If the Principal has disqualified the Bidder from the tender process prior to the award according to Section 3, the Principal is entitled to demand and recover from the Bidder liquidated damages equivalent to Earnest Money Deposit/Bid Security.

(2) If the Principal has terminated the contract according to Section 3, or if the Principal is entitled to terminate the contract according to Section 3, the Principal shall be

entitled to demand and recover from the Contractor/Supplier liquidated damages equivalent to Security Deposit / Performance Bank Guarantee.

(3) The Bidder agrees and undertakes to pay the said amounts without protest or demur subject only to condition that if the Bidder / Contractor/Supplier can prove and establish that the exclusion of the Bidder from the tender process or the termination of the contract after the contract award has caused no damage or less damage than the amount of the liquidated damages, the Bidder / Contractor/Supplier shall compensate the Principal only to the extent of the damage in the amount proved.

Section 5 - Previous Transgression

(1) The Bidder declares that no previous transgression occurred in the last 3 years with any other Company in any country conforming to the TI approach or with any other Public Slab Enterprise in India that could justify his exclusion from the tender process.

(2) If the Bidder makes incorrect statement on this subject, he can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

Section 6 - Equal treatment of all Bidders / Contractors /Suppliers/Subcontractors

(1) The Bidder/Contractor/Supplier undertakes to demand from all subcontractors a commitment in conformity with this Integrity Pact, and to submit it to the Principal before contract signing.

(2) The Principal will enter into agreements with identical conditions as this one with all Bidders, Contractors/Suppliers and Subcontractors.

(3) The Principal will disqualify from the tender process all Bidders who do not sign this Pact or violate its provisions.

Section 7 - Punitive Action against violating Bidders / Contractors / Suppliers/Subcontractors

If the Principal obtains knowledge of conduct of a Bidder, Contractor, Supplier or Subcontractor, or of an employee or a representative or an associate of a Bidder, Contractor, Supplier or Subcontractor which constitutes corruption, or if the Principal has substantive suspicion in this regard, the Principal will inform the Vigilance Office.

Section 8 - Independent External Monitors

(1) The Principal has appointed competent and credible Independent External Monitors for this Pact. The task of the Monitor is to review independently and objectively, whether and to what extent the parties comply with the obligations under this agreement.

(2) The Monitor is not subject to instructions by the representatives of the parties and performs his functions neutrally and independently. He reports to the Chairperson of the Board of the Principal.

(3) The Bidder/Contractor/Supplier accepts that the Monitor has the right to access without restriction to all Project documentation of the Principal including that provided by the Bidder/Contractor/Supplier. The Bidder/Contractor/Supplier will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to this project documentation. The same is applicable to Subcontractors. The Monitor is under contractual obligation to treat the information and documents of the Bidder/Contractor/Supplier/ Subcontractor with confidentiality.

(4) The Principal will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the Principal and the Bidder/Contractor/Supplier. The parties offer to the Monitor the option to participate in such meetings.

(5) As soon as the Monitor notices, or believes to notice, a violation of this agreement, he will so inform the Management of the Principal and request the Management to discontinue or heal the violation, or to take other relevant action. The Monitor can in this regard submit non-binding recommendation. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action. However, the Independent External Monitor shall give an opportunity to the Bidder/Contractor/Supplier to present its case before making its recommendations to the Principal.

(6) The Monitor will submit a written report to the Chairperson of the Board of the Principal within 8 to 10 weeks from the date of reference or intimation to him by the 'Principal' and, should the occasion arise, submit proposals for correcting problematic situations.

(7) If the Monitor has reported to the Chairperson of the Board a substantiated suspicion of an offence under relevant Anti-Corruption Laws of India, and the Chairperson has not, within reasonable time, taken visible action to proceed against

such offence or reported it to the Vigilance Office, the Monitor may also transmit this information directly to the Central Vigilance Commissioner, Government of India.

(8) The word 'Monitor' would include both singular and plural.

Section 9 - Pact Duration

This Pact begins when both parties have legally signed it. It expires for the Contractor / Supplier 12 months after the last payment under the respective contract, and for all other Bidders 6 months after the contract has been awarded.

If any claim is made / lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged / determined by Chairperson of the Principal.

Section 10 - Other provisions

(1) This agreement is subject to Indian Law. Place of performance and jurisdiction is the Registered Office of the Principal, i.e. Mumbai. The Arbitration clause provided in the main tender document / contract shall not be applicable for any issue / dispute arising under Integrity Pact.

(2) Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.

(3) If the Bidder/Contractor/Supplier is a partnership or a consortium, this agreement must be signed by all partners or consortium members.

(4) Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.
