Assistantship as per AICTE norms will be awarded to GATE qualified candidates for the duration of the programmes i.e. two years to the full time students for M.Tech within the sanctioned intake excluding sponsored candidates. The number of assistantships in each programme will be as per guidelines of AICTE as given in Annexure1.

2.1 Educational Qualifications and Eligibility Conditions for Admissions

The details of the essential qualification required for different M. Tech programmes alongwith the number of GATE fellowships available in each programme is given in Annexure1. Candidates who possess the minimum educational qualifications as indicated in Annexure 1 are eligible to seek admission to these M. Tech programmes. In addition, candidates of General category must have secured at least 60% marks. In case of CGPA if the equivalent percentage marks is not provided the formula given below will be used to convert CGPA into equivalent percentage of marks.

Percentage of Marks = 10 X CGPA-7.5

Relaxation in minimum percentage requirement will be granted to candidates belonging to SC/ST/PD/OBC categories as given in Table 2. The aggregate marks awarded for the qualifying degree will be considered for eligibility. If two or more candidates have the same normalized GATE score then percentage in qualifying examination shall decide the merit. These essential eligibility requirements are applicable to all the categories of candidates, viz: regular, full-time sponsored and part-time sponsored candidates. Other conditions for these three categories are as follows:

2.1.1. Regular Candidates

(a) Admission to M. Tech programmes leading to M.Tech degree as given in Table-1, will be open to the candidates qualified in GATE on the basis of valid Normalized GATE marks only in the subjects as given in Annexure 1. The normalized GATE marks of different papers will be used to prepare the merit list for programmes of a department. The Normalized GATE marks will be calculated as follows:

$$\text{Normalized GATE Marks} = \frac{\text{Marks obtained by the candidate in the subject}}{\text{Maximum Marks awarded in that particular Subject in that year}} X100$$

Example: Assume marks scored by the candidate is 64 out of 100 in EE Paper, where maximum marks in EE paper of that year is, say, 92. Then normalized GATE marks of the candidate in EE paper will be as follows:-

$$\text{Normalized GATE Marks in EE Paper of the candidate} = \frac{64}{92}X100 = 69.56$$

(b) Final year students who will be completing all the requirements of their qualifying examination including backpaper(s)/supplementary (ies) before the date of registration may also apply. Such candidates will be required to submit a certificate as per the proforma given in Annexure-1along with the application form. Such candidates may be admitted provisionally but they will be required to produce the proof of having passed the qualifying degree with the required percentage of marks or CGPA latest by September **30, 2016**, failing which their admission shall be cancelled.
