**GREETINGS FROM
THE TAMIL NADU DR. AMBEDKAR LAW UNIVERSITY**

FROM THE VICE-CHANCELLOR'S DESK

IF WISDOM IS VIRTUE, LEGAL WISDOM IS THE PINNACLE OF VIRTUE

Success of law schools and the law colleges rests on their ability in bringing out the excellence in their law students by nurturing their attitude to become smart, honest and committed lawyers. Such dynamic lawyers ought to have a comprehensive and holistic understanding of the appropriate application of law to the facts of the case, and in smartly presenting their cases. Advocates and judges are the professional stakeholders of the justice delivery system whose legal luminosity and societal enlightenment determine the quality of justice. In contra, a parochial and fragmented approach in the application of law would affect adversely the efficacy of justice. Law being a normative science leans more towards social science and hence it eludes scientific precision and objectivity. In this scenario, subjectivity in advocacy is inevitable. Of course professional ethics also compels the advocates to argue in favour of their clients'. While doing so, facts should neither be twisted nor misrepresented. Appropriate provisions of law should be invoked and applied to the given case. It requires attitudinal change in legal professionals. Honesty in advocacy and commitment to the tenets of rule of law are the hallmarks of the noble legal profession.

With these lofty ideals, the School of Excellence in Law, befitting its name, has been nurturing and moulding the attitude of the law students, the future lawyers, legal personnel, administrators and judges of this great country. A nation's growth and sustainable development relies on the level of its adherence to rule of law. Hence law schools and law colleges are the bedrock on which the edifice of rule of law and justice are securely embedded.

Rule of law is the yardstick that measures the level of success of good governance in a democratic country. In India it is declared to be a basic structure. Constitutional commitment to rule of law would be a farce unless it is followed in practice in its governance. In this long and arduous journey to translate the rule of law into reality, law schools and law colleges have a pivotal role to play in shaping and honing committed, disciplined and well informed advocates. Only from this community of legal professionals, judges would blossom. Fragrance of justice would rest upon the blossoms of flowers.

I welcome the budding law students to this great portal of excellence. Your presence in the School of Excellence, SOEL in short would add colour, fragrance and vibrancy to the institution and profession.

SOEL in turn would dig deep into the souls of the budding law students, informing, shaping and moulding them into great legal professionals and valuable citizens, India and the whole world would cherish forever.

**Prof.(Dr.) P. VANANGAMUDI
Vice-Chancellor**

Criteria for Assessment of Merit

Admission to the 5 year B.A.LL.B.[Hons.], B.Com.LL.B.[Hons.], B.B.A.LL.B.[Hons.] and B.C.A.LL.B.[Hons.] Degree Courses are made on the basis of merit assessed on the following criteria, as per the G.O.Ms.No.83 LAW (LS) DEPARTMENT dt.19.04.2007:

For 5 year B.A.LL.B.[Hons.], B.Com.LL.B.[Hons.], B.B.A.LL.B.[Hons.] and B.C.A.LL.B.[Hons.] Degree Course, "the percentage of marks obtained by the candidates in the Plus Two examinations in aggregate of all the subjects, excluding languages, will be taken into account. The marks obtained by the students in the Plus Two examinations in the first attempt alone may be taken into account and the marks obtained by them in the improvement examinations need not be taken into account".

Normalisation Process:

Since, the marks obtained by the candidates in the qualifying examination excluding languages being taken into account and since the qualifying examinations are being conducted by various Boards or Authority, the marks obtained by the candidates of various Boards or Authority shall be equated by the marks obtained by the candidates in the same subjects in the qualifying examination conducted by the State Board by adopting the method of normalization. In this process the highest mark obtained by the students of various Boards in each subject shall be equated to the highest marks obtained by the students of State Board in that subject and the relative marks obtained by other students in the subject shall be determined accordingly.

Illustration: If the highest marks secured by the student of State Board in Physics is 100 and the highest mark secured by a student of any other Board in the same subject is 90, both the highest marks will be considered to be equal to 100. If a student of the other Board secures 60 marks in Physics when the first mark in Physics in the same Board is 90, the 60 marks will be considered to be equal to 66.66 marks as arrived at below:

$$\left\{ \frac{100 \times 60}{90} = 66.66\% \right\}$$

Tie: In the event of a "tie" in regard to the marks obtained by the students for admission to the law courses, the following order of priority may be followed to determine the rank of the candidates -

- (a) Date of Birth (Elder to be given preference)
