English Translation of University Anthem

True learning *induces in the mind* service of mankind.
One subduing the five passions has truly taken abode at holy
    bathing-spots.   (1)
The mind attuned *to the Infinite* is the true singing of
    ankle-bells in *ritual dances*.
With this how dare Yama intimidate me in
    the hereafter ? (Pause 1)
One renouncing desire is the true Sannyasi.
From continence comes true joy of living in the body.(2)
One contemplating *to subdue* the flesh is the truly
    Compassionate Jain ascetic.
Such a one subduing the self, forbears harming others.   (3)
Thou Lord, art one and Sole.
Many Thy forms-
The manifold play beyond Nanak's comprehension. (4)   (25)

PUNJABI UNIVERSITY AT A GLANCE

Punjabi University Patiala, one of the premier institutions of higher education in the north of India, was established on the 30th April, 1962 under the Punjabi University Act 1961. This is the second University in the world to be named after a language, the first being Hebrew University of Israel. Initially the University started with the objective of developing and promoting the language, literature and culture of the Punjabi people, over the time, has evolved into a multi-faceted multi-faculty educational institution. Presently it has fifty-five teaching and research departments covering disciplines in Humanities, Arts and Sciences as diverse as Fine Arts, Biotechnology, Forensic Science and Space Sciences. The University provides international standard facilities for students and researchers in various disciplines.

The University was awarded Five Star Status by the National Assessment and Accreditation Council (NAAC), an autonomous institution of the U.G. C. in the year 2000. Recently a team of (NAAC) again visited the University and after thorough evaluation in the field of academic, sports and cultural activities has awarded it 'A' Grade in the year 2008. The University, for the first time has also got the Maulana Abul Kalam Azad (MAKA) Trophy for 2006-07 for its overall performance in the field of Sports among the universities of India which it won for the second successive session of 2007-08. In addition to above, the University also won 93 Gold, 58 Silver and 73 Bronze Medals in the Inter-University competition at the National level and 6 Gold, 15 Silver and 17 Bronze Medals in the National/Inter-National level in the Individual capacity during 2009-2010 session. However, three sportsmen participated in the World Championships and three participated in the Asian Championship during this period.

The University has a modern well planned **campus** situated on Patiala-Chandigarh road at a short distance from the main city. Sprawling across 316 acres, the campus is away from the din and noise of the city. It presents a splendid sight of a magnificient buildings which include the famous Guru Gobind Singh Bhawan.

The University has **20 Regional centres/Neighbourhood campuses/Constiuent Colleges** namely Guru Kashi Campus, Talwandi Sabo; Regional Centre, Bathinda; Regional Centre for Information Technology and Management, Mohali; Nawab Sher Mohammad Khan Institute of Advanced Studies, Malerkotla; Dr. Balbir Singh Sahitya Kendra, Dehradun; Neighbourhood Campus, Rampura Phul; Neighbourhood Campus, Jhunir, Punjabi University Baba Jogi Peer Neighbourhood Campus Ralla; Punjabi University Akali Phula Singh Neighbourhood Campus Dehla Seehan; Punjabi University Neighbourhood Campus, Sardool Garh ; Punjabi University Neighbourhood Campus, Jaito. In order to spread higher education in the rural areas the University has taken over a sick college at Maur and the admission has started from July 2009 onwards.

The University has maintained the estate of Dr. Norah Richards at **Andhretta** in Himachal Pradesh which the noted artist donated to the Punjabi University. The buildings of the estate have been renovated keeping the original architecture intact. Arrangements have been made for the stay of faculty members and students who wish to carry out study and research in the field of Theatre and Television. The Department of Youth Welfare organises youth activities during the summer at Andhretta (Youth Leadership Camps) and the Department of Theatre and Television also arranges theatre performances at Andhretta every year.

The University has maintained research facilities for scholars at **Dr. Balbir Singh Sahitya Kendra at Dehradun**. There is a rich library with rare books and manuscripts bequeathed by Bhai Vir Singh, Dr. Balbir Singh and Prof. Puran Singh, the

doyens of Punjabi literature. Research on comparative religions is carried out there. This centre is being developed as an Advanced Centre for Sikh Studies

Bhai Kahn Singh Nabha Library is a hub of academic and research activities. It is housed in a spacious air conditioned building and kept open 360 days of the year from 8:15am to 8:15pm. It possesses 506410 books and subscribes to 351 current journals and 22 newspapers 65 journals are being received on gratis. Approximately 10,000 latest books are added every year. In addition to this CD's and Microfilms are also available. It has a majestic Reading Hall with a seating capacity of 400 readers. A separate air conditioned Night Reading Hall for using personal books has been provided at the ground floor. It remains open for 365 days from 8:15 am to 6:00 am at (night day).

Library is being run on modern lines. It has On-line catalogue services. Internet Access Lab has been established for using electronic documents. Library has also photocopying, reference and Inter-Library Loan (ILL) facilities for readers. RFID technology for issue/return of books implemented also.

Dr. Ganda Singh Punjabi Reference Library, which is an integral and precious part of the library is housed in a building which is interlinked with the main building. The library has 57412 books on Punjabi language, Literature, Punjab History, Punjabi Culture and Sikh religion. It subscribes to 135 current journals and 10 Punjabi Newspaper. 45 journals are being received on gratis. Approximately 403 Microfilms are also available. Fifty five donors have presented their personal collections to this library which is a valuable treasure. Fire protection system has also been installed.

The Library has estabilshed departmental libraries in some of the teaching departments and regional centres at Bathinda, Talwandi Sabo, Dr. Balbir Singh Sahitya Kendra Library, Dehradun and Punjabi University B.Ed. College, Bathinda. An Extension Library has also been established at S.A.S. Nagar Phase-VII, Mohali (Punjab) to meet the requirements of the students and general public.

For security and to avoid the theft of the books CCTV cameras have been installed in all four storeys of the library. Bar-Coding of documents has been completed and issue and return of books is computerized. Membership of all the University employees has also been computerized. There are 215 e-books available on Computer Scince, Engineering & Business Studies and full text of these e-books is available at the Univeristy Campus.

The Department of Distance Education was established in the University in 1968 and has been a pioneer institute imparting education through the distant mode. It is the second institute in the country to adopt the non-formal mode of imparting education. For the first time in the country, this Department offered regional language as the medium of instruction and examination. Presently, the Department is managing 33 multi-faculty programmes including professional and job-oriented courses, like B. Ed., M. Ed., M. Com., Diploma in Journalism & Mass Communication, Diploma in Library Science, Bachelor of Library & Information Science, PG Diploma in Insurance Business and PG Diploma in Forensic Science. More than 8,000 students are currently on the rolls of the Department. Personal Contact Programmes are organised in the Department as well as at its four study centres at Barnala, Bathinda, Dhuri and Faridkot. The Department has a well-equipped library which supplies text and other reading material to the students. The Department plans to start new courses in the field of religion, information technology and community services. More information about the department may be obtained from its website **http://www.dccpbi.com** and **E-Mail: headdccpbi@yahoo.com.**

The **Computer Centre of the University** provides central facility to cater the needs of students, research scholars, faculty and the various wings of the University administration. The Centre has three labs with a sitting capacity for 50 students. The Centre has established a local area network and all university Departments enjoy the

facilities of Internet and e-mail through this network. The Centre as well as the teaching Departments are equipped with the latest computers and software. The University Computer Centre also established another laboratory for Internet access. The laboratory caters to the needs of students, staff and wards of the staff of the University.

The University has its own **website-www.punjabiuniversity.ac.in,** which is being maintained by the Centre. The website provides rich information about the University which is not only beneficial for the University community but also for the outside world.

An **Advance Centre for Technical Development of Punjabi Language, Literature and Culture** has also been established on the Punjabi University, Campus. The objective of the centre is to give **fillip** to research in the development of Punjabi Language, expand the network of usage of Punjabi, make available E-learning of Punjabi Language globally and help overcome the limitations imposed by scripts (Gurmukhi and Shahmukhi). The most important achievement of this centre is the development of a Gurmukhi to Shahmukhi (Urdu) transliteration software. This software named *Sangam* can be used to convert any Punjabi text typed in Gurmukhi script to Shahmukhi script. A **website for online teaching of Punjabi** has also been developed by the centre. The website aims to fulfill the long pending demand of Punjabis settled outside Punjab and abroad for learning Punjabi on internet while sitting in their homes.

Educational Multimedia Research Centre (EMRC) located in Punjabi University, is one of the seventeen centres in the country. It has been promoted under the Consortium for Educational Communication (ECE) Programme of Inter-University Centre of University Grants Commission for Countrywide Class Room teaching through educational films being telecast by the Doordarshan. This Centre has a well-equipped full-fledged shooting studio which is being upgraded with the latest digital apparatus. The Centre has already produced more than 64 educational films covering various aspects of different fields of education including art and culture of Punjab.

The Publication Bureau, established in 1966 has a unique and important place in the academic life of the University. It has been publishing the research works, books and journals, produced by different departments of the University. It has so far published more than 2000 titles on Punjab history, art, culture, theology, literature and sciences. The book van has been introduced by the university to make the university publications easily available to the masses.

The Directorate of sports works for promoting sports in the University and its affiliated colleges. It organizes inter-college competitions in various games and trains students for participation in inter-university, National, International games. Well maintained infrastructure and facilities for games such as hockey, football, cricket, basketball, volleyball, athletics etc. have been maintained. The Punjabi University also has a large gymnasium and a hall for indoor games. It is one of the very few institutions in India to possess its own Velodrome.

The Youth Welfare Department of the University organizes youth activities all round the year. The Punjabi University has won unique distinctions in Youth Festivals organized by the Association of Indian Universities in collaboration with the Ministry of Youth Affairs, Govt. of India; Directorate of Youth Services, Panjab; Directorate of Higher Education, Panjab and Panjabi Academy of Delhi State. Students of Punjabi University have had the privilege of representing India in the Festivals of India held in the former USSR, Mauritius, Spain, China, Germany and U.A.E. (Dubai). This department also organizes Hiking, Trekking, Mountaineering, Rock Climbing courses, and Youth Leadership Training Camps.

The National Service Scheme is one of the most significant programmes of the university. It inculcates the spirit of voluntary work among students and teachers through sustained community interaction. The major activity of NSS on the campus

include regular camping programmes, environmental pollution control health awareness, adult education and blood donations.

A **Sadbhavna Club** is working under the auspices of Sri Guru Tegh Bahadur National Integration Chair. The major objective of the club is to promote spirit of National Integration among the students. All the students of the University Campus are eligible to become its members. The activities of the club include organisation of National Integration Camp, Seminar, Interstate Youth Exchange Programmes, Personality Development Programmes, etc.

A well equipped **Health Centre,** with qualified physicians and paramedical staff, is at the service of the students round the clock. The Centre has an x-ray unit and also a laboratory for medical tests. The Centre has an AIDS awareness wing. Students of various teaching departments at the campus are entitled to free medical aid by the University Health Centre. The Health Centre is equipped with basic necessary and modern equipments.

A **Counseling Cell** for students and employees of the University has been established in the University. This cell is monitored by the Department of Psychology. Multidimensional pressures of modernization and globalization are triggering psychological problems among students relating to their personalities, conduct and work. Unable to resolve the psychological conflicts and identity crises, many of them develop complexes and may seek solace in drugs or alcohol. Counseling and supportive psychological corporate houses and multi-national companies for making mass recruitments. Among these are included Infosys, Quark, Siemens, HCL, Satyam, Canon, Dabur and many others.

There are six **Hostels** for boys and seven **Hostels** for girls. The hostels have all modern amenities for comfortable living for 4000 students. There are two (one for boys and one for girls) hostels at Guru Kashi Campus, Talwandi Sabo and two hostels (one for boys and one for girls) at Punjabi University Neighbourhood Campus, Rampura Phul. The strength of these four hostels is 550 for boys and 550 for girls. University College of Engineering has its own separate hostel facility. All the Hostels have wi-fi facility & CCTV Camera.

The **University Enquiry and Information Centre** has been set up at the Main Gate to provide all facilities under one roof to the students and parents with regard to admissions, results, information regarding Distance Education and general courses, receipt of examination forms and canteen facilities. The Centre also provides computerized results to the students and handles enquiries of all sorts. The students also get counseling services during admissions.

The **Transport Department** of the University runs a fleet of buses for linking the campus to various parts of Patiala city.

The Placement Cell strives to bridge the gap between industry and academia and take care of the training and placement requirements of our students. In this regard, experts from industrial organizations as well as premier institutes are invited from time to time. A large percentage of a student have been receiving job offers various prestigious organizations. For 2011 pass-out engineering stream, 348 students got placed with many prestigious organizations, viz. infosys, Tech Mohindra, Emerson, Birlasoft, SML Isuzu ltd. etc. Besides these, students from other departments also found placement with industry/professional institutes. Further, details about placements can be obtained at the URL: http/punjabiuniversity.ac.in/punjabiweb/placements.html.

Women's Studies Centre was allocated to Punjabi University by University Grants Commission under XI Plan, in August 2009 and was established under the able guidance and dynamic leadership of Dr. Jaspal Singh, Vice-Chancellor, Punjabi University, Patiala in October 2009. Its main objective is the pursuit of a comprehensive critical and balanced investigation of the cause of gender disparity. The

centre also aims at revitalizing University education bringing it closer to burning social issues and working towards their solutions.

In the onward journey of Punjabi University, it was indeed a luminous and shining landmark when the Department of Business Management now rechristened as School of Management Studies, was established in the academic session 1969-71. Ever since the School started the 2 years full time MBA programme, it has continuously remained alive to the needs of the Indian Industry and recognized its never ending task of bringing consistency by extending contemporary education services. Because of economic liberalisation and globalisation of our economy there have been spectacular opening and possibilities in the field of management. We are at the threshold of a dynamic phase having never before opportunities in our lap. The main objective of the MBA programme at PSMS is to equip the students with requisite skills to meet the challenges of the new globalized economic order.

About School of Management Studies

The School of Management Studies, over the last 41 years has been academically responsive to the requirements of the Indian Industry. Flair for innovation and capacity for adaptation to the emerging corporate scenario have been the forte of the School. The School draws its strength and sustenance from the highly qualified and experienced faculty in the principal streams of management practice. The beautiful blend of the faculty, academicians, researchers, professionals drawn from public and private sectors and managers have projected a bullion image of the School in the region. It has come to acquire a position of great standing and eminence.

Educational Programmes

The School offers a number of courses, which include full time as well as correspondence courses in various streams of management. It is a matter of pride that this School was the first in the country to introduce M.B.A. programme through correspondence, for senior army officers and working executives. This course serves as a measure of rehabilitation for senior army officers and at the same time helps working executives to enhance their knowledge and skills and consequently their careers. The specializations being offered are Marketing, Human Resource, Finance, Information Technology and Operations Management.

At present, the courses being offered by the School are:
- Regular MBA Programme (Two Years).
- MBA Dual Degree Programme in Association with Wilkes University, USA.
- MBA (Global Management).
- MBA Programme for defence personnel and industrial managers through correspondence (Two Years).

The mediascape is changing at an unimaginably colossal speed with cross commercial tendencies occupying the driver's seat. Television, however, is still playing the lead and Bollywood continues to edge out Hollywood in production volume by more than three times. Both these Media have respelled and redefined the entire world of Mass Communication, rolling out a webworld of uncanny activities, changing in the process the entire arithmetic of economics and that of our cultural landscape. The Media industry is witnessing a whopping 50 per cent growth rate, while the Indian entertainment industry, comprising mainly Television and Cinema, is crossing Rs 50,000 crore-mark. With opportunities in the Print Media now playing the elusive, Television channels on the other hand are mushrooming without waiting for the apposite weather, with acute shortage of skilled Media professionals worrying the owners and producers in Television and Film industries, Advertising and PR Agencies.

The vision of the students and their parents, on the other hand, is also changing at not an unequal pace. They wouldn't like to wait for three years to complete their graduation after 12ᵗʰ standard and then find themselves at crossroads with fingers crossed. They would rather look for better options to go in for a highly-productive professional degree, potent of generating lucrative jobs in the fields of Engineering, Medicine or Management. A new option, more valuable, more glittering and more gleaming, nonetheless, has not been coming their way.

Considering all this, Punjabi University took the 'exclusive initiative' by evolving a **Centre for Advanced Media Studies (CAMS)** to start new types of technical, professional, advanced and specialized courses to befittingly train the students for a plethora of jobs awaiting them in the glamourous Television and Film worlds. The thought turned into action and took a practical form in shape of a four-year course of **B.Tech. in Television, Film Production and Media Technology** in the year 2009.With a view to produce an improved version of students for higher education, CAMS took another leap forward by launching a three-year **B.A. (Hons) Course in Journalism, Mass Communication and Media Technology** in 2011.

For all the above-mentioned courses, CAMS is arguably the most well equipped media institute in the northern India. **The infrastructure and facilities** include-

• Fully equipped state-of-the art TV and Film studios with multi-camera set up, Latest TV/Film compatible and all-digital workflow cameras, Dolly facilitated tripods

• Non-linear editing suite with Final Cut Pro, Audio mixers, Hi-Tech Production Control Room, Teleprompter

• Apple iMac and Mac Pro equipped editing Lab.

• Complete Indoor & Outdoor Lighting equipment, Reflectors

• Cordless Voice Transmitters and microphones

• High-Resolution 16-Channel SD/HD Multiviewer System

• E-content development Hardware and Softwares

• XDCAM Camcorder and recorder

• Hi-end Multimedia Labs with latest softwares

• Well Stacked Library

• A state of the art community Radio Station is also coming up within CAMS premises

CAMS has signed an agreement with **Communications Studies and Integrative Media Departments of Wilkes University, Pennsylvania, the USA,** which happens to be one of the most prestigious universities of the United States.

Even before completion of their Degrees, the existing students of CAMS have touched new heights. About 50 students of CAMS participated in the Delhi Commonwealth Games as "Media Coordinators" and liaised with Journalists from across the world. They have also participated in shooting of many Bollywood films as Production Assistants and Assistant Directors. Recently 20 of CAMS students worked for over a month with the Unit of Farhan Akhtar starrer film, 'Bhag Milkha Bhag", directed by Rakeysh Om Prakesh Mehra. Also many students have done their Internship in the premium Production Houses of Mumbai like "Red Chilies Entertainment" of Shahrukh Khan.

On Campus and Off Campus jobs, freelance assignments and other sources of income are available for the deserving students.

A glimpse at our various courses and course contents would convince anyone to feel enamoured about what CAMS intends to offer and about our intentions too to excelsior on the happening path of professional media education. Moreover, our ultimate goal is to prepare our students to 'earn while they learn' through different means and leave none of the Media contours unfamiliar, unattended and unexplored for them to grab the most lucrative jobs.

Opening itself to the vagaries of evolving New Media World Order, CAMS has become quite a happening place, especially for those who feel captivated by the Media game, that all it is about!

Engineering departments are formed from University College of Engineering during September 2013. University College of Engineering (UCoE) at Punjabi University Campus, Patiala came into existence in the year 2003. About its existence, the senior faculty of the University, technical experts and the Vice-Chancellor seriously deliberated upon the need of quality education in the field of Engineering and Technology in the state of Punjab. Punjabi University has already shown a remarkable growth and excellence in the various fields over the last 48 years. The increasing need of technical education was kept in view and University decided to use its potential for enriching the aspiring students with quality technical education in the state of Punjab. Overwhelming response from the people was witnessed during the last counseling sessions conducted by Punjab Technical University, Jalandhar. This exhibits the tremendous faith that have in promising growth and the capability the people of Punjab of Punjabi University, Patiala.

The University, on its part, has drawn up a master plan to be executed in three phases to provide technical education in the basic and specialized fields in the times to come. Initially, three branches of B.Tech. (CE, ECE, ME) degree had been offered in the first phase. While the second phase, regular M.Tech. (ECE, CE, ME) with 30 seats in each courses have been started from year 2009. In third phase (year 2011), B.Tech. Civil Engineering with (180 seats) and Part time M.Tech. (ECE, CE, ME) with 60 seats in each branch were introduced. In addition, 35 seats have also been enhanced in each regular M.Tech. (ECE, CE, ME). In future, new programms in Engineering & Technology planned to be introduced. The fourth phase would include the further expansion and emphasis in the research work. It also has establishment a separate research and development centre with collaboration and active participation of the industry which suggests ways and means for overall growth of the industry in the region.

Till date more than 35 laboratories as per the curriculum has been developed. Also, the Institute has a well-equipped workshop with the modern and latest equipment.

The curriculum is updated frequently as per the changing needs of the industry and technology advancements. It encourages flexibility by promoting inter - disciplinary approach that would provide flexibility for promoting inter-disciplinary approach. The hostel facility for boys & girls is available but with limited occupancy.

Engineering departmens provide opportunities and encourages its students to participate in the extra-curricular activities such as NCC, NSS, youth welfare and cultural programmes, debates, technical festival, sports etc. Their interaction with the other students of the University in such programmes also contributes towards their overall personality development.

A constant active interaction with the industry is promoted by inviting technical experts from the industrial houses and holding regular extension lectures. There are frequent visits of the students to the industry, assigning the field/project work to the students and organizing workshops and seminars on various specific themes.

A central placement cell has been established by the Punjabi University for arranging the training and final placement of its students. The cell is in constant touch with the industrial houses and is entrusted with the responsibility of arranging on & off campus interviews of its students with the executives of the industry. University also projects its students by highlighting their achievements and potential for delivering goods as per the requirements of the industry. Many Companies including Infosys, TCS, Tech Mahindra, Osram Lighting (R & D), Birlasoft, Emmerson, (ITS), Quark, Satyam, HCL, Comnet, Siemens, Wipro, Cannon, Idea Cellular, Polaris Software, Infogain, Accenture, Newgen, JohnDeere etc. have visited the University Campus and recruited a large number of B.Tech. and M.Tech. students over the past few years.

The Department of Law, which was established in 1965, has played a significant role in providing legal education in the region. A large number of judicial officers in the State of Punjab and Haryana are former students of this Department. The Department runs three-year LL.B. course in the morning and evening shifts apart from running LL.M. course and providing research facilities for the degree of Doctor of Philosophy (Ph.D.). The students of LL.B. are trained in practical work by engaging them in moot courts and attaching them with practising lawyers.

The visits to the courts to watch the law in action is an integral part of their syllabi. The endeavour of the department is to impart knowledge in various laws. To keep pace with the present times the syllabi are continuously being updated and new areas like Human Right, Environmental Law, Cyber Law and Intellectual . The major areas of thrust in research are criminal law, constitutional law, international law and family law. Property Law has been included for studies. The vision of the law department is to make legal education as instrument of social, political and economic changes. The department is committed to preparing lawyers who will not only be professionally competent, technically sound and socially relevant to enter the bar and bench but also be equipped with addressing the imperatives of the new world and uphold the rule of law. The department has state of the arts infrastructure and talent facilities for learning and research at its Punjabi University campus.

Punjabi University, Patiala has established Punjab School of Law at its campus. The Punjab School of Law admits 60 students in its Five-Year Degree Course through State Level Combined Entrance Test. This course is open for admission to the students who have passed A Level examination, as per prescribed eligibility conditions.

Establishment of Punjab School of Law is the result of visionary idea conceived by University management In view of globalization and liberalization of economic policies, there is great demand on the legal profession to be able to provide competent legal services of the highest order in diverse fields. In the present scenario, significance of legal education is not limited to dispute resolution, but it also extends to its application for growth and development of society. There is also a need to develop responsive attitude and sensitiveness towards law to achieve all-round growth and secure ends of justice.

The Punjab School of Law lays emphasis on both teaching as well as training the students in the legal profession. The school has adopted the methodology of intensive and extensive class room teaching, involving active participation of the students. This is supplemented by clinical legal work like, participation in seminars, working on assigned projects, client counseling, brief preparation, moot court presentation, court visits etc. The objective of the course is to enable the students to join legal profession as lawyers, prosecutors, law firms, organisations or to compete for civil services. The Punjab School of Law is committed to recruit highly qualified and best suited faculty for imparting legal education to its students.

1. **Bachelor of Physiotherapy (B.P.T.4½ years)**
   Pre-requisite: A Level Medical (with 50% marks in four compulsory subjects i.e. Chemistry, Physics, Biology and English.
2. **Master of Physiotherapy (2 years)**
   Pre-requisite: BPT with 50% marks from recognised university/board/institution.

Physiotherapy is a branch of health sciences that deals with correction and prevention of movement dysfunction. Physiotherapists are the healthcare professionals who restore mobility, alleviate pain related to movement dysfunction and play a key role in the prevention and rehabilitation of locomotor disabilities.

The genesis of modern Physiotherapy is a post world war phenomenon. The wartime experience of medical teams involved in care of injured soldiers and the polio epidemic in the 1940s, primarily contributed to the medical use and acceptance of Physiotherapy practice. It was realised by the core medical experts that the Physiotherapy has the potential to add to the benefit of patients, which cannot be achieved by drugs or surgery alone. Several Physiotherapy schools were started in the western countries and the physiotherapists got a professional status within the modern healthcare system.

In India undoubtedly there exists a great need for the quality Physiotherapy services. The primary role of Physiotherapy is the prevention and correction of locomotor disability. It works towards keeping the mobility power of an individual intact. There are several medical conditions having potential to make a person locomotor disabled. In those conditions along with the medical treatment the Physiotherapy plays a crucial role in the functional restoration of the patients. The government of India's national policy on the prevention of disability recognizes the physiotherapist as core member of the team involved in the prevention and management of locomotor disability.

About the Department
The Department of Physiotherapy at Punjabi University, Patiala came to independent existence since 2008. It has some of the highest qualified Physiotherapy Professionals in the country in its faculty. The mission of Physiotherapy Department is to create human resources in Physiotherapy by imparting quality education.

Department runs two regular courses i.e. Bachelor of Physiotherapy(BPT) and Master of Physiotherapy (MPT) in four specializations i.e. Musculoskeletal Physiotherapy, Neurophysiotherapy, Cardiopulmonary Physiotherapy and Sports Physiotherapy. Department of Physiotherapy of Punjabi University is among one of those few universities of India that offers Ph.D. Program in Physiotherapy.

Facilities
Out Patient Department
   In order to meet the requirement of clinical material for teaching and research the Department runs three Out Patient Department (O.P.D). The main O.P.D is located in the Health Centre of University where 60-70 Patients receive treatment everyday. Its extension center Geriatric Physiotherapy Clinic at Model town, Patiala Provides Specialized care to the elderly Population of the city. The Sports Physiotherapy clinic caters to the specific need of sports persons of the university. In all these clinics the services are provided by the highly qualified Physiotherapy experts. These clinics are equipped with ultra modern gadgetry like SWD, MWD unit, Combo-therapy, Interferential Therapy Unit, Therapeutic Ultrasound, Traction, Infra red, Moist heat, Whirlpool Laser therapy unit, Cryotherapy, Hydrotherapy, etc.

Clinical attachments
   Department has collaboration with renowned hospitals of Patiala city for clinical training of the students. This department has a mobile van for community Physiotherapy and mobile extension services.

Laboratories
Teaching lab
The Department has following teaching labs
1. Anatomy lab   2. Physiology lab
3. Electrotherapy lab   4. Exercise Therapy lab
5. Clinical Psychology lab   6. Computer Lab.

Research lab
    The research lab of the department is equipped with state of the art Electromyography (EMG),Nerve Conduction Velocity (NCV) and Electrocardiography(ECG), computerised spirometry , bone mineral density evaluation , foot pressure assessment , physical fitness evaluation equipments .

Staff

   The Department has in its faculty some of the highest qualified Physiotherapy professionals in the country. Books authored by the faculties of this Department have become the standard text book of the various universities. The staff and students of the Department are actively engaged in the research work in all branches of Physiotherapy. Their research output is being published in the reputed national and international Journals. By virtue of their research contribution, all the faculty members have earned recognition in their respective areas of specialization. They are invited from all over the country as resource persons, chairpersons of scientific sessions and delivering lectures in national and international conferences.

Founded in July 1987, the Department of Computer Science is a centre for research and education at the post graduate level and one of the top computer science departments in North India. The Department was one of the first departments in the region to start the 4-year B. Tech. course in Computer Science in 1987. From the year 1991, the Department introduced Master of Computer Applications (MCA) course. This is a 3-year post-graduate degree course. From the academic year 1995-96, M. Tech. (CSE) in Computer Science and Engineering course was introduced and four year B. Tech Course was shifted to University College of Engineering, Punjabi University, Patiala, w.e.f. 2003-04 as B. Tech. (Computer Engineering). Keeping in view the rapid growth in Internet applications, in particular, and the mobile and wireless communication technology, the Department introduced a new course, M. Tech. (ICT) in Internet Communication Technology from the academic year 2006-07. The department has so far trained around 455 B. Tech. students, 452 MCA students 216 M. Tech. students and 9 Ph.D. scholars.

There is active involvement of students in research oriented development and education along with the more traditional development of problem solving capabilities through classes and laboratory

experiences. The department is also actively contributing in the placement of students by arranging special classes for aptitude and soft skills.

The faculty of the Department is actively involved in various research projects and has bagged Rs. 3.30 crores of research grants from various international and national agencies in last four year. The faculty members are also involved in high valued and highly technical software development in the areas of Computer Graphics, Digital Image processing, OCR, Punjabi word Processing, Parallel Computing and Information System.

The faculty of the Department has also published 10 books and 229 research papers in various reputed International/National Journals and Proceedings of International/National Conferences. Some of the reputed journals which have published the papers include Pattern Recognition (Elsevier), Transactions of IEEE (PAMI), IJIG (world Scientific). Applied Mathematics and Computation (Elsevier) IJCMA (Elsevier), etc. The Department's faculty has international recognition as evidenced by their invitations for doing collaborative research work and nominations to the editorial board of journals.

In recognition to its academic and research activities, U.G.C. has brought the Department under its Special Assistance programme (SAP-DRS) for a period of five years, w.e.f. April, 2004. Under this programme, UGC has sanctioned a grant of 40.5 Lakh rupees for strengthening its research academic and activities.

The Department has been extended DRS-I to DRS-II for a period of five years w.e.f. 01-04-2009 to 31-03-2014 and sanctioned a grant of Rs. 51 lakhs.

The Department has also been sponsored by Department of Science and Technology (DST) for FIST (Level 1) program in 2006. A grant of rupees 25 Lakh has been sanctioned under the scheme for strengthening the infrastructure of the Department for teaching and research purposes. All the class rooms of the Department are Wi-Fi enabled and well equipped with LCD projectors.

It is the only Computer Science Department in the northern region to be covered with under SAP and FIST programme in recognition of its research and academic activities.

HOSTEL CHARGES AND REFUNDS

HOSTEL CHARGES

Detail of the Hostel Charges can be obtained from the Provost/Hostel Warden.

RULES REGARDING PAYMENT OF HOSTEL CHARGES

   (a) The schedule of payment of the hostel charges will be the same as in the case of tuition fee. In case a student does not pay the hostel charges within the due date, it shall be the responsibility of the Warden to ensure that such a student does not continue to stay/reside in the hostel.

   (b) Once a student is admitted to the hostel, he/she cannot stop paying the hostel rent on the plea that he/she has stopped residing in the hostel. In order to vacate hostel accommodation, the student is required to obtain the prior permission of Warden/Senior Warden/Provost. (c) If the name of the student is struck off due to non-payment of hostel dues from the list of the hostellers, he can be allowed re-admission with the approval of the Dean Students/Provost.

   Tuition and Hostel charges shall be paid in the concerned Department and Hostel. The tuition fee shall be charged for 12 months as given below:

   i. The students have the option to deposit fee for the whole year/session in one installment.

   iii. If a student does not deposit hostel charges/tuition fee by the due date, he will have to pay fine as per rules.

iv. The fee for semester 2nd and 3rd will be paid without late fee within ten working days after the 1st and 2nd semester examinations respectively.

v. However, if a candidate fails to pay the fee within the ten days due to some special reason, he can be granted another ten days for admission with Vice-Chancellor's permission. Thereafter, only readmission will be allowed.

vi) The Dean Students/Provost is authorized to remit the fine if he feels that the student could not deposit the fee for some genuine reasons. Provided further that non-payment of any dues for more than 15 days, the name of the student shall be struck off from the rolls of the department. Such students, however, can seek re-admission and in case if allowed, all the dues, late fee charges and admission fee etc. as provided shall have to be paid.

If a candidate is absent from the class for 10 days continuously, his/her name shall be struck off from the rolls of the department. Such students, however, can seek re-admission and in case if allowed by the competent authority, they shall have to pay Rs. 200/- as re-admission charges.

REFUNDS

All refunds will be as per University Rules.

Note: If the name of the student is struck off due to non-payment of hostel dues from the list of the hostellers he/she can be allowed re-admission with the approval of the Dean Students/Provost.
