In nut shell ...

- Offshore Engineering Services envisages an investment of US\$ 3.76 Billion for its Offshore projects in the next 3 years

Issues with Bidders/Contractors...

During Tendering:

- Requests for TBO extensions
- Seeking multiple clarifications till last minute
- Submission of clean bids
- Adherence to tender terms & conditions
- Representations to IEMs / Court interventions

Issues with Bidders / Contractors...

During Execution:

- Change of Agency / Sub Contractors after award of work
- Frequent changes in proposed barges / marine spreads
- Financial constraints after award of work
- Obtaining timely clearances
- Raising issues / change orders after execution / completion of project
- Requests for OEC
- Project closure

Expectations from Bidders & Vendors...

- Get empanelled in OES vendor list
- Participation in OES tenders
- Stress on technological innovation, quality, cost optimization & expeditious delivery of projects schedule.
- Provide impetus to safe & environment friendly practices
- Formation of consortiums for pooling of resources for meeting tender requirement for healthy participation and competition

A win-win situation for both company & business partners

In Summation....

▶ Contractors/Vendors are solicited to participate in the tenders.

▶ Tenders are available at “ tenders.ongc.co.in ”
