1. Enter your grades into the column labelled 'Grades', exactly as they appear on your transcript (eg PS ).

Please also include any fail grades to get an accurate GPA (eg FL, FW)
2. Next check that the Grade Points and Subject Points values are correct. If you are unsure of what these mean, Please go back to the web page to see the explanation.
3. When you have finished entering your grades, scroll down to see your GPA, in the green box. Note:You can enter the following grades into the spreadsheet and the spreadsheet will still calculate the GPA correctly : TCR,PCR,FCR,SY,TA,US,GP,AW,SX,AA,AE,IP,NA
