Valuepoint Academy takes pride in presenting 'The Diploma Course in English', which caters to the special needs of EFL learners.

The objective of the Diploma Course is to develop fluency in expression, stressing on all the four communication skills. The course curriculum comprising grammar and vocabulary modules, supplemented by field trips and audio-visual exercises, is truly unique. Students not only practice the language in a simulated environment, but also experience the language outside the confines of the classroom.

The four modules of the diploma course are designed to develop not only structural and lexical awareness, but also the functional aspect of the English language.

It is our endeavor to equip students with the knowledge and skills needed to become independent and effortless users of the English language. In return we only expect a commitment to the cause of learning.
