GUIDELINES FOR ENTRANCE TEST

Pattern of Entrance Test

The AIET- M.TECH 2014 will have one question paper. The test will have duration of one and half hours and would comprise of 100 Multiple Choice Questions (MCQ) of the objective type. Each question will carry 1 mark and the questions will be in English.

Regulations at the Test Centre

The examination hall will be opened 30 minutes before the commencement of the test. Each candidate is allotted a hall ticket number. He/she should find out and occupy the seat with the allotted number. The invigilator at the examination will start giving general instructions 15 minutes prior to the commencement of the examination. Candidates must carry their Hall Ticket with them and produce it on demand for admission to the test hall. Candidates will not be allowed to write the test if they do not carry a valid Hall Ticket issued by the University with them. The invigilator will check the Hall Tickets of the candidates, during the test, to check the identity of each candidate. While this is being done, the candidates must sign the attendance sheet and declaration on the answer sheet in the presence of the invigilator. The invigilator will also put his/her signature in the place provided in the Hall Ticket and Attendance Sheet.

At 11:45 a.m. the candidates will receive an Answer Sheet. They must ensure that the Answer Sheet they have received is correct and properly printed. At 11:55 a.m., the candidates will receive a Test Booklet for AIET- M.Tech 2014. They must ensure that the Test Booklet received by them is correct and printed properly. Each Test Booklet has a specific five-digit number on the front page.

No candidate will be allowed to enter the examination hall after 12:00 noon. Candidates will have to remain seated in the examination hall till the completion of the duration of the test. Once candidates leave the hall he/she cannot return under any circumstances. Candidates are expected to maintain perfect silence for the entire duration of the examination. Any conversation or gesticulation or disturbance in the examination hall shall be deemed as misbehavior.

The Admission Committee will take strict action against the candidates, who use unfair means or impersonation. Such candidates will be asked to leave the examination hall immediately and they will be liable to be debarred from taking examination either permanently or for a specified period to be decided by the University. The Admission Committee will reserve the right to withhold the result of such candidates.

All the entries must be made using a Black or Blue Ball-point pen only. Wherever the entries have to be marked in the circles, it should be done by completely darkening the corresponding circles.

Candidates must stop marking the answers when the warning bell is rung at the closing time. After completing the test and before handing over the Test Booklet and the Answer Sheet, the candidate should check again that all the particulars required in the Test Booklet and answer sheet have been correctly written. The answer sheet of the candidates who do not submit the Test Booklet before they go out of the examination hall will not be evaluated. Such candidates will be debarred from writing the test in future.

Candidates will not be allowed to carry any textual material (printed or written), or any other material except the Hall Ticket inside the test hall. Candidates are also not permitted to carry any device that is likely to be of unfair assistance. Smoking in the test hall is strictly prohibited. Any kind of eatable or drink is not allowed into the examination hall.

Marking of Answers:-

Each Multiple Choice Question will have four responses labeled A, B, C and D. Only one of the four responses is the correct or most appropriate answer. Candidates should indicate the correct or most

appropriate answer by darkening the appropriate circle completely with blue or black ball point pen. The questions can also be in form of incomplete statements. The candidate should appropriately mark one of the four responses, which completes the statement. The candidates should mark their answers as shown below. A Computer using Optical Recognition will evaluate the answer sheet. The following example illustrates the correct method of indicating the answer. Question no. 98 in the Test Booklet may read as follows:

98. According to Newton's First Law of Motion

- A. $F = ma^2$
- B. $F = m^2a$
- C. $F = ma$
- D. None of the above

The correct response is C. The candidate will locate question no. 98 in the Answer Sheet and darken the circle C as shown below: (There is only ONE CORRECT WAY of indicating the answer)

	A	B	C	D	
98	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input checked="" type="radio"/>	wrong
98	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	wrong
98	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	wrong
98	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	wrong
98	<input checked="" type="radio"/>	<input checked="" type="radio"/>	<input checked="" type="radio"/>	<input checked="" type="radio"/>	wrong
98	<input type="radio"/>	<input checked="" type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	wrong
98	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	right

If more than one circle is darkened or if the response is marked in any wrong manner as shown above, it shall be treated as wrong answer. Candidates must ensure that the Answer Sheet is not folded and they make no stray marks on it. Candidates must bring their own pen, pencil, and eraser. They are not allowed to take anything from the other candidates during examination. The order of question is not same in all Test Booklet and they are jumbled. Candidate should never change their Test Booklet during the test.

Changing the Answer:-

If a candidate wants to change any answer on his/her answer sheet, he/she must erase completely the existing mark and then darken the appropriate circle. To facilitate this, the candidate will have to mark correct option with blue or black ball point pen. An answer will be treated as wrong if there are marks on a circle other than darkening the circle for the correct answer. Also a lightly or faintly darkened circle will be treated as wrong and will be rejected by the Optical Scanner. Candidates are advised to decide about the answer before they mark it on the answer sheet. This would save some valuable time, which would otherwise get wasted in erasing the marks and re-doing them.

Rough Work:

If a candidate wishes to do some rough work, then it should be done in the Test Booklet itself. It should not be done on the Answer Sheet.

Scoring:

Each question carries one mark. There is no negative marking. If the answers are not marked correctly, then it will be considered as a wrong answer. Also, no request for revaluation or re-checking will be

entertained.

CERTIFICATE OF MEDICAL FITNESS

This is to certify that I have conducted clinical examination of Mr. / Ms who is desirous of admission to M. Tech (Biotechnology / Bioinformatics) M.Sc. (Biotechnology / Genetic Engineering / Food Science and Technology / Immunology).

He / She has not given any personal history of any disease incapacitating him / her to undergo the professional course. Also, on clinical examination it has been found that he / she is medically fit to undergo the professional course.
