Admission Requirements:

- Certificate only - N3
- N3 - N4
- N4 - N5
- N5 - N6

Enrolments:

- January, May and August

National Diploma:

N6 + proof of 24 months experience in a relevant practical field after completion of N6, is required to obtain a Diploma.

Duration of course:

N4-N6 trimester per level

ELECTRICAL: HEAVY CURRENT N4-N6

MINIMUM QUALIFICATIONS: N4 Applicable National N3 Certificate with four subjects or a Senior Certificate in an applicable technical discipline.
N5 Applicable Certificate with four subjects
N6 Applicable N5 Certificate with four subjects

SUBJECTS	LEVELS			A learner must select four out of the five subjects indicated. The Pre-requisite for Fault Finding and Protective Device N4 and Digital Electronics N4 is Logic Systems N3. A National Certificate is issued per level when four subjects per level have been completed successfully. The pass mark is 40% per subject

MINIMUM QUALIFICATIONS: N4 Applicable National N3 Certificate with four subjects or a Senior Certificate in an applicable technical discipline.
N5 Applicable Certificate with four subjects
N6 Applicable N5 Certificate with four subjects

SUBJECTS	LEVELS			The Pre-requisite for Strengths and Structures of Material N5 is Engineering Science N4, the pre-requisite for Power Machines and Fluid Mechanics is Mathematics N4, and the pre-requisite for Mechanical Drawing and Design N5 is Mechanical Draughting N4. It must be noted that Fluid Mechanics N5 and N6 is not always on offer for full time studies. However, should enough enrolments be received the subject will be offered. A National Certificate is issued per level when four subjects per level have been completed successfully. The pass mark is 40% per subject
