Message from the Vice Chancellor

O.P. Jindal Global University (JGU) is a multi-disciplinary global university with five schools: Jindal Global Law School (JGLS); Jindal Global Business School (JGBS); Jindal School of International Affairs (JSIA); Jindal School of Government and Public Policy (JSGP) and Jindal School of Liberal Arts & Humanities (JSLH). In the last few years, JGU has witnessed remarkable developments relating to teaching, research and institution building. JGU has forged a number of international collaborations and has played a pivotal role in organizing seminars, lectures, and conferences on major issues related to business, law, public policy and international relations.

The Jindal Global Business School was established with a view to providing unique opportunities for promoting multi-disciplinary global business education in India. The students of JGBS have been exposed to wide-ranging strategic thinking and leadership development initiatives during their management education that will keep them in good stead in pursuing their career options.

JGBS has acquired a strong reputation for providing sound education in management with a view to creating opportunities for young entrepreneurs and developing business leaders. JGBS offers both MBA as well as BBA programmes with innovative pedagogy, international orientation and the interdisciplinary study of business management in all its dimensions.

The faculty and research centers of JGBS are engaged in research that will help address some of the major issues affecting the business world. Given the faculty with diverse specializations of JGU with the five schools interacting with each other, there are great opportunities for students.

The students of JGBS can cross-register courses and participate in seminars on issues that have broader significance.

This placement brochure provides valuable insights into the diversity and versatility of the students of JGBS.

I sincerely hope that you will visit our campus and interact with our faculty and students.

Professor (Dr.) C. Raj Kumar

Vice Chancellor, JGU

LL.B. (Delhi), B.C.L. (Rhodes Scholar, Oxford)

LL.M. (Gammon Fellow, Harvard), S.J.D. (Hong Kong)

Message from the Dean

One word can sum up our focus at the Jindal Global Business School (JGBS) – TRANSFORMATION! During the time students choose to spend with us, we work to transform them in various ways. The course work provides them the professional knowledge to be successful managers, the soft-skills training prepares them to be effective at communication and interpersonal skills, and the holistic program design develops them to be good citizens.

JGBS has the unique advantage of being part of a university that also includes a Law School, a School of International Affairs, a School of Government & Public Policy and a School of Liberal Arts and Humanities. Our faculties work closely with each other in learning and research activities and this helps our students develop a multidisciplinary perspective so important in the business world today. Students take advantage of this variety by taking courses from other schools that support their concentration.

Our wide range of international collaborations leads to faculty and student exchanges that bring a global perspective to the classroom. During this past year, our students have visited the University of Texas at Dallas, Coventry University, University of Leuven, Goethe University, and other places, pursuing courses and programs in their areas of interest.

While we continue to grow our MBA and Integrated BBA-MBA programmes, we have also launched a full-time PhD program to leverage our growing research capabilities. Our faculty continues to be productive in research and we have also recently launched the 'Jindal Business Brief,' a monthly publication to communicate current research in a usable manner to practising managers. The current economic scenario is highly competitive and requires participants to deal with uncertainties and turbulent situations while keeping an eye on performance. They need to be innovative to stand out in a crowded marketplace. We organized an international conference on our campus recently with the sponsorship of Suffolk University (USA) and University of New Brunswick (Canada). This brought together researchers, practitioners, and students to exchange ideas and learn to better understand the complex environment.

We extend a warm invitation to you to participate in the summer internship and final placement process of Jindal Global Business School for the students of our two-year MBA and five-year Integrated BBA-MBA programmes.

A handwritten signature in black ink, which appears to read "Gopinath".

Professor (Dr.) C. Gopinath
Dean, Jindal Global Business School
M.A. (D.S.E., Delhi), P.G.D.B.A. (IIM - A)
Ph.D. (UMass, USA)

ABOUT JINDAL GLOBAL BUSINESS SCHOOL

Jindal Global Business School (JGBS) offers a multidisciplinary global business education to foster academic excellence, industry partnerships and global collaborations. Our goal is to positively influence the practice of business, to compete fairly, and to collaborate closely on a global scale and scope. We aim to create new knowledge and value in the profession of management through fundamental and applied research, and through free discussion in the classroom with global business practitioners and scholars alike.

Our academics have a range of skills and interests which means that, unlike some business schools, our research is both academic and applied. Our work appears in leading academic journals and makes a measurable difference to professionals, practitioners and policy-makers. JGBS has established international collaborations for providing global business education across the globe with leading universities of the world like the University of Texas at Dallas, European Business School, Germany, Queen Mary School of London in U.K. and many more.

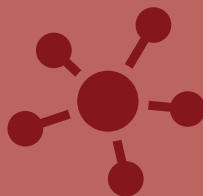

With innovative pedagogy transcending education beyond four walls of classroom, students and executives are exposed to dynamic learning environment that challenges them, demands that they dissect their own practice and prepares them for leadership.

JGBS has acquired a strong reputation for providing sound education in management with a view to creating opportunities for young entrepreneurs and developing business leaders. We continue to make headways in promoting entrepreneurial interests among the students with quarter of our graduates since the beginning of the school proceeding to start their own ventures in areas such as trading, realty, construction and agricultural food processing.

WHAT MAKES JGBS DIFFERENT

Multi-Disciplinary

The curriculum is not just limited to subjects relating to business management. You can choose courses from the Law School or the School of International Affairs or the School of Government and Public Policy, or the School of Liberal Arts and Humanities.

World-Class Faculty

JGU has faculty with outstanding qualifications from the best universities across the world. It is your chance to learn from the best of business, education, and industry.

Global Curriculum

The curriculum and pedagogy is drawn from the best practices in India and abroad, bearing in mind that the global perspectives relating to management education need to match the Indian approaches in business and industry.

Foreign Languages

In order to prepare students for global careers the University maintains state-of-the-art foreign language centers. Languages taught, at present, include Arabic, French, Spanish, and Mandarin (Chinese).

Global Exposure

The global curriculum is complemented by exposure to the corporate and culture of foreign countries. This is facilitated by a global immersion / exchange program, and opportunity for a one-year full-time study abroad at the world's highly ranked universities like University of Texas, Dallas, & Suffolk University (US); Carleton University (Canada); Queen Mary University of London & Queens University of Belfast (UK), European Business School & Goethe University (Germany) and many more.

Personality Development

To ensure all-round development which is necessary for realization of one's full potential, the University provides world-class facilities for games & sports. Participation in extra-curricular activities like debates, dramatics, and pursuit of hobbies through a large number Student clubs on campus is also strongly encouraged.

Career Management

Our Career Development and Placement Division (CDPD) works consistently to ensure that when you are ready to graduate, you have the opportunity to pursue the career areas where your passion and skills lie. JGBS has consistently placed all students in leading firms such as Deloitte Consulting, HDFC Bank, Axis Bank, JSPL, Sodexo, ARSS Group, Luxottica Group, ICICI etc.

Entrepreneurship

Our focus on entrepreneurship is of particular interest to our graduates. About 15% of the graduated students have started their own business with turnover of more than Rs. 10 crores.

A TRULY GLOBAL CAMPUS

JGBS has modern infrastructural facilities and is duly supported by professionally trained faculty. We have focused on simultaneous growth of academic components and student support facilities. Air conditioned classrooms, state-of-the-art Information Technology Center, well stocked and fully automated library, conference halls, and plenty of open space gives the infrastructure a vibrant ambience which is highly congenial for the professional growth and development of students.

Global Auditorium: Well designed, fully-equipped, air-conditioned modern and spacious auditoriums provide a very conducive climate for learning. Auditoriums are equipped with modern Audio-Visual equipment with 24-hours Wi-Fi facility.

IT Infrastructure: The entire JGU campus is Wi-Fi enabled with the coverage of academic blocks, faculty and student housing. There are more than 200 access points, providing excellent coverage in all areas where the network is needed.

Global Library: The Global Library signifies a pro-active approach for aiding the teaching-learning process at JGU. An area of approximately 20,000 square feet has been provided for the development of the library in the T-2 block of the academic building in the campus. The library has a collection of about 45,000 print volumes and an array of electronic resources. The print collection includes books, monographs, research reports, law reports and back volumes of periodicals, among other study material. In addition to professional reading material, the library offers a large collection of leisure reading and books for the development of soft skills. The print resources of the library are divided into 'General Collection' and 'Reference Collection'.

Sports Facilities: JGU has a full-fledged department for physical education with qualified coaches for several games and sports. Sports Facilities like Football, Tennis, Basketball, Volleyball, Badminton, Table Tennis, Billiards, Pool, Chess, Cricket, Gym, Yoga and Aerobics with professional trainers are available.

University Halls of Residence: The University provides residential accommodation to its students, faculty and other essential services to our staff. Residents have many opportunities for interaction and healthy intellectual growth. The University campus is a comfortable, modern, self-contained living environment. Students housing-bedrooms, common rooms, dining halls, etc. are centrally air conditioned.

ABOUT THE PROGRAM

Eligibility and Selection Criteria (IBM)

- Minimum of 60% aggregate marks (all subject) in 10+2 examination or equivalent.
- Performance in a national/ international level test (SAT/ UGAT/ JAT etc.) and demonstrated excellence/ leadership in co-curricular and/ or extra curricular activities.

Eligibility and Selection Criteria (MBA)

- Bachelor's (any subject) with minimum of 50% aggregate marks (graduating students may cite latest scores).
- Applicant must have taken one of the following tests: CAT, MAT, ATMA, CMAT, XAT or GMAT .
- Selection will be based on test scores and demonstrated excellence/leadership in co-curricular and/or extra curricular activities such as debates, quiz, sports, cultural, events, NGOs etc.

INTEGRATED BBA-MBA (5 YRS)

The objective of the Integrated BBA-MBA 5-year Degree programme is to enable students to embark upon a management career after completing 10+2 level examination. The programme provides students with a comprehensive understanding of the fundamentals of business management and the opportunity to pursue chosen areas of specialization.

The design and delivery of this integrated program is innovative and unique. It will equip students with the knowledge and skills necessary to compete successfully for challenging positions in industry, government, non-profit organizations and civil services. This programme will create excellent managers and also instill the spirit of entrepreneurship so that the students evolve into leaders and wealth creators in the years to come.

MBA (2 YRS)

The MBA Degree programme at JGBS is designed to prepare business leaders of future. The industry captains of tomorrow receive comprehensive understanding of the fundamentals of business management, and at the same time have opportunity to pursue their chosen areas of specialization.

With a global management perspective and a unique pedagogy of learning and interaction among peers, it not only creates excellent managers but also instills the spirit of entrepreneurship so that the students evolve into leaders and wealth creators in the years to come.

Activities like live projects, field assignments and simulation games form an integral part of both MBA and IBM programmes. Field work such as the India Dream Project, Business Internship and Team Consulting Assignment helps achieve holistic learning and also provide for a comprehensive understanding of the contemporary business environment.

Scholarships and Studentship

• **O.P. Jindal Outstanding Merit Scholarship:** The top scorers in the selection process will be awarded the O.P. Jindal Merit Scholarship. • **Savitri Jindal Merit-cum-Means Studentship:** To facilitate the accessibility of meritorious students, who may not otherwise be able to afford to study due to their economic standing, financial support will be offered in exchange of work. • **Naveen Jindal Young Global Leaders Scholarship:** Scholarship award will be given to the selected students to nurture, encourage and support young global leaders. • **Shallu Jindal Outstanding Women Scholarship:** A Scholarship award will be given to the selected students to nurture, encourage and support outstanding young women leaders. • **Haryana Domicile:** Meritorious Haryana domicile students qualify for fee concession as per Haryana Government Private University Act.

Ph.D.

- . Jindal doctorate fellowship
- . Teaching assistantship
- . Working in research focused environment

The objective of the Ph.D. Programme is to train scholars and guide them in the pursuit of knowledge creation and making significant contributions in the field of business management. In this fully funded programme, our scholars undertake research and teaching assistantship as part of their preparation.

Executive Education

- . Rich experience in conducting management programme.
- . Training high ranking Indian Army officers for past 3 years.
- . International courses on offer
- . An active learning approach
- . Lifelong learning and networking through JGBS alumni.

JGBS along with JILDEE has developed and delivered management training programme as a part of its effort to promote executive education and knowledge creation initiatives within the government agencies and private sector. Our alumni include Punj Lloyd, officers of the Indian Administrative Service (IAS), Indian Army and Indian Forest Service (IFS). Some of the programme conducted by JGBS in the past:

- Project Management
- General Management Development Programme
- Leadership & Stress Management and
- Finance for Non-Finance Executives Programme for Odisha State Administrative and Civil Service Officers

Research Excellence

At JGBS, research is pursued under various research centres – all with the focus on creating knowledge for modern organizations.

- Centers of Excellence
- Centre for Applied Finance
- Centre for Entrepreneurship
- Centre for Supply Chain Management
- Centre for Accounting, Reporting and Governance

Jindal Journal of Business Research JJBR-The Journal of Jindal Journal Business Research (ISSN 2278-6821) is a peer reviewed business & management journal for advancing the understanding of management in a global context. JJBR is a reflection of rapidly developing management research in emerging economies of Asia and their increasing global economic impact. The journal is useful for researchers, educators, practitioners, policy makers, and students. JJBR invites original scholarly research articles, case studies, executive insights, research notes, book reviews in diverse fields of management with the objective of extending existing theories and bringing to forefront their application in an innovative manner.

Key features of JJBR include:

- Focus on key management research trends in a comparative Global context
- Pluralistic methodology complemented by multidisciplinary conceptualization
- Cross-cultural perspective on management practices
- Quality maintained through rigorous blind review processes.

JGBS is home to 4 Centres, which provide a focus for our diverse interests. All are headed by leading academics in their fields and contribute to the School's wealth of research across a wide range of business topics. JGBS research contributions are highlighted by its publications in 36 peer-reviewed journals, four text books, 3 book-chapters, and participation in over 30 international conferences. Individual citations of the faculty have also doubled between 2010 and 2015 as an indication of our growing impact. The focus of research is in application of theory in various areas of business studies. The case studies developed help to illustrate numerous business concepts. The technical articles are industry specific and have contributed to improving efficiency. The text book is used as a course text-book at a number of business schools including the IIMs.

STUDENT CLUBS

Marketing Club

Marketing is the umbilical connection between customer needs and creative solutions. The club aims at keeping members abreast of the latest on marketing while integrating the vast experience of its members across functions and industries such as advertising, research, sales, branding communication and digital marketing to name a few. We firmly believe that sound business education is an ideal mix of a world class curriculum and practical learning opportunities. We hope to organize many activities in the coming months which will include networking nights, marketing workshops, advertising competitions, seminars on new marketing tools and techniques, brand management workshops and digital marketing workshops.

HR Club

The HR club has one focus on how to have better human resources and human relations in every organisation. The club will make you believe, there is something to be learnt from the variety of people one encounters. For example, you get inspired by the attendant in a coffee shop who exemplifies 'service with a smile' or the colleague in a meeting who demonstrates real time influencing skills or the business leader you read about, whose innovative ideas change your outlook. To meet the club objective, the club organizes various events throughout the academic year. These include management games, quizzes, case study competitions, guest lectures, workshops and clinics from experts in the field of HR.

Finance Club

The Finance Club is also known as "FINICHE CLUB". The club would concentrate on driving activities in the finance domain and intends to further the reason of finance at JGBS. It consists of capable individuals who will work on different domains in the financial services industry. The club would not only educate the students but also reach out to expose students to the various practical aspects of finance. The club's activities cover a broad range of verticals within finance such as investment banking, retail banking, securities, venture capital, wealth management, private equity and insurance.

Kala

The cultural club of JGBS is currently working with its 30 members to invigorate the cultural life of JGBS. It's a club which has been pumping life in JGBS through different forms of arts like music, drama, painting, and elocution. Last year it organized various programmes like Lohri Night, Children's Day celebrations, a cultural week and many more. The club took initiative to be an active participant in Chaos'15, IIM Lucknow.

Strategy Club

The strategy club aims to provide a platform for the industry to tap onto the immense potential of the students at JGBS, for fresh insights into their business. It also seeks to seek and develop entrepreneurial skills in B'School graduates. Further it aims to provide an opportunity for the students to develop their interest and aptitude for careers in general management by applying their classroom learning in live industry projects and more. The club undertakes live projects from companies, government institutions and non-profit organizations and provides an independent and theoretical perspective to their business problems.

OCTAPHI

An initiative which provide opportunities to learn about real-world operations management issues and to network with companies through speaker events and site visits. The Club aims to bring theoretical and innovative Concepts of Operations Management to practice. We see ourselves as the change initiators and strongly believe in the quote "Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to change the world". -Harriet Tubman.

Kridan

The body and its abilities are just as vital to intelligence as is the mind. Sports is an inseparable part of life at JGBS and the KRIDAAN-Sports Club takes pride in being one of the most popular clubs on campus which organizes sports events to promote camaraderie in the batch throughout the year. Some of the events that we are planning to organize this year are Half Marathon, Jindal Premier Cricket League, Intra JGBS Championship and the Business Sports Fest.

ALUMNI SPEAK

I was made to think like a researcher from the day one. First year taught me to think like a manager. It also demonstrated that competition can bring upfront both, my best points and my worst. Yet my second year had more to give me than my expectations - be it in terms of handling workload, comprehending and synthesizing disparate concepts, or even meeting the tough task of doing the tight rope walk between balancing personal life and meeting professional commitments. These two years have been wonderful and challenging, which make one more than ready for the corporate world.

V Vinay Raju, Facility Manager, Sodexo India

For me, JGBS was sheer magic. It did not just give me education but introduced me to a new way of life which I have been pursuing ever since. Never could I have dreamt of such diversity. The incredible animation in the classroom was unique for me. The unforgettable professors and their catch phrases, the absolute excitement of bringing in guests who were the subject experts, extracurricular activities. All contributed to my ongoing education. The entire process at JGBS made it crystal clear to me as to what I would like to do in future. At times, I wish I knew back then how relevant and applicable the information I obtained would be in my career. On occasions, I do refer back to some textbooks and class notes if I ever need to think of ways to go above and beyond.

Lavanya Setia, Manager - Intl. Business, Best Agrochem Pvt. Ltd.

The portals of JGBS open with ample opportunities to explore one's interests. A supportive faculty, rigorous curriculum and a vibrant campus are its forte. The amount of global exposure that one gets through internship, exchange programs and visiting faculty is tremendous. There is a great emphasis on imparting the required tools and skill sets to students so as to reduce the gestation period from campus to the corporate world.

Vignesh P.B, Assistant Manager - Supply Chain, Michelin India

Two years that I spent at JGBS was the golden period of my life. I had the opportunity to meet great minds and fine tune my management, interpersonal and professional skills. The exposure which JGBS provided me in terms of industry interface and professional development has been vital to my performance in the corporate world as well as career progression.

Abhinav Shikhar, Deputy Manager, Axis Bank

Don't be in a job that feels like a job; do what you love. Follow your passion; money and success will automatically follow." Multiple opportunities, easily approachable and great mentors in the time of need with wonderful support from the placement team made me realised above statement stay true. JGBS has nurtured me and made me what I am today by giving me right business ethics.

Aditi Gupta, Executive Business Associate, NIIT Technologies

The best learning JGBS gave to me was outside the text book. The Importance and ability to strike meaningful conversations with people by constantly keeping in touch with the latest, globally. This is extremely useful in my current job as a consultant where i have to meet and interact with new clients every month spanning across geographies, sectors and companies.

Anindo Roy Das, Consultant - Deloitte

ALUMNI SPEAK

A beautiful and aesthetically designed campus, classmates from different cultures and backgrounds, professors with interesting insights into current best industry practices and academic thinking, an intimate class-tutor environment, a focus on individual development, a team-based approach to assignments so essential in business today, and multiple company projects offering immediate opportunity to apply academic learning all of these made the JGBS MBA program a truly stimulating experience, and a very worthwhile investment for me, in terms of both personal and professional development.

Alisha Madan, Deputy Manager, ICICI Bank

JGBS offers one of the best faculties around. Over the course of two years, one acquires indispensable soft skills in terms of handling the workload; effective time management; comprehending contrary approaches; successfully panning out the complications at hand; and also the right business ethics, which have been invaluable all through in my present company. Students always have the faculty & infrastructure at disposal.

Tavneet Singh, Assistant Manager, Jindal Steel & Power Ltd.

JGBS was a stepping stone in my career. It laid down solid foundation and inculcated the habit of thinking logically and coming up with simple solutions. The basics were taught by the professors in a very simple and lucid manner. The culture and comfort provided at campus was luxurious and homely. I never felt that I was away from my home. I would always be thankful for the quality of education received in this prestigious institution.

Aarti Sandhu, Assistant Manager- HR, Fortis Escorts Hospital

The day I gave my interview at Jindal and got accepted is, in hindsight, one of my luckiest days: it led to two of the most fruitful and at the same time fun years of my college life. The architecture drew me here; the faculty, library, infrastructure, range of extra curricular activities and the environment in general made me reluctant to leave. Here being a Business School student did not limit my curriculum to marketing and finance, but as a part of a larger university consisting of several Schools, I was also exposed to law, public policy and international relations, to name just three. Sports and extra languages were an added bonus.

Siddharth Bhatnagar, Deputy Manager, ICICI Bank

JGBS, a place where the youth is not educated but enlightened; a center where knowledge is not imparted but implemented, Entrepreneurship is not for the calculative but for the passionate, Faculty wouldn't supervise but support. JGBS is surely a way of life that cannot be explained but enjoyed!

Varun Rai, Sr. Account Manager, Webitude(Hindustan Times)

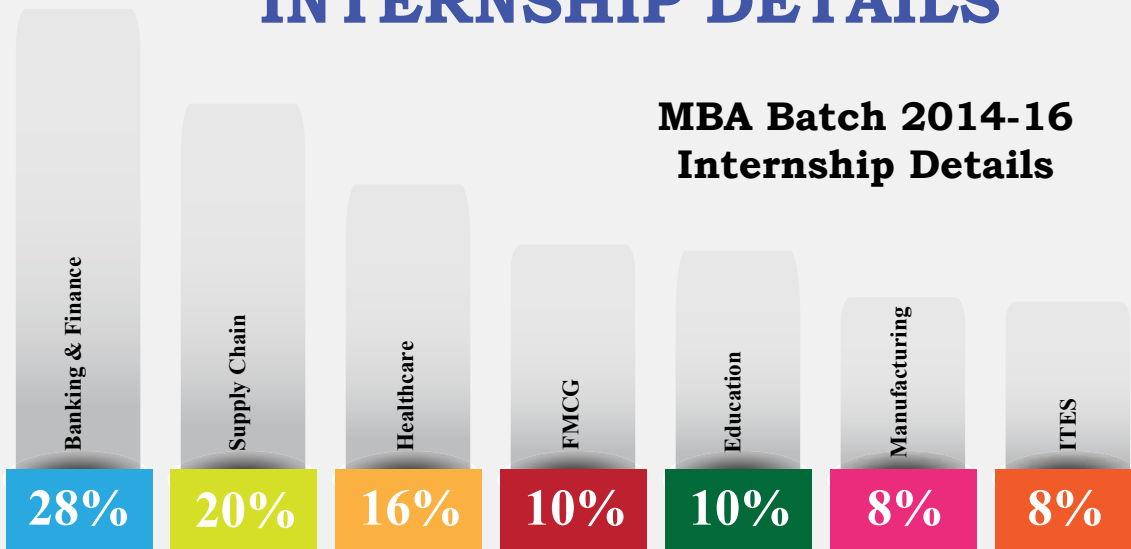

RECRUITMENT PARTNERS

We are privileged to announce that in the past our students have excelled in various fields of corporate world and have risen to very responsible positions. This has made us proud and happy. We at JGBS are making a constant endeavor to ensure that our students are well equipped to take on challenges of the corporate world successfully.

CLOSING REMARKS

It gives me profound pleasure to introduce our batches of MBA, IBM students from Jindal Global Business School (JGBS). JGBS had been set up with a mission to prepare the business leaders of tomorrow for the responsible management and effective stewardship of all resources.

Our goal is to:

- (1) Positively influence the practice of business.
- (2) Compete fairly and
- (3) Collaborate closely on a global scale and scope.

JGBS prepares students to meet the global business and leadership challenges of tomorrow.

As a member of the Governing Body, JGU, former Head – Education, JSPL and an educator at O.P. Jindal Global University, I have been closely associated with these batches, living through their moments of trials and tribulations, joys and ecstasies. I have seen them evolve, over the years of their education at JGBS. This evolution has been facilitated through internships and business incubators, which have filled them with confidence and have prepared them adequately for the corporate world. I believe that we have prepared them as responsible corporate citizens, who understand the challenges of business and society at large.

Your organization would enable our students to realize their career potential and aspirations. I am confident that our students will, in turn contribute to the growth of your esteemed organization and make this association mutually enriching.

On behalf of the Governing Body, JGU, I invite you to participate in the campus placement process. We look forward to your presence and contribution towards the shaping of the future of our students.

Professor (Dr.) Sanjeev P. Sahni

Professor, JGBS

Member, Governing Body

Principal Director, Jindal Institute of Behavioural Sciences

Director, Centre for Leadership and Change

CAMPUS RECRUITMENT PROCESS

This is a two-step process. Visiting organization initially conducts a Pre-Placement Talk at JGBS. In the pre-placement talk the organization shares: • Organization Profile • The Job Description • Projects on offer • Compensation details • Recruitment Process

The Recruitment Process may include a Preliminary Test, Group Discussion, Interview, Case Analysis, etc. In the next stage, resumes of the suitable (willing and matching to the profile) candidates are forwarded to the organization and an interview-date is scheduled based on mutual consent. The interview is conducted and placement, if selected, offered.

Important Information: The CDPD follows single offer policy for every student. The students are advised not to discuss salary/offer/other interviews during their interview with a prospective employer. The Placement Committee, in consultation with the student body and the faculty, arrives at the norms of the placement process. The committee reserves the right to modify any such norms, where such norms are in the overall interest of the candidates participating in the process. In the event of any conflict in the interpretation and implementation of the norms, the decision of the Placement Committee shall be binding on the students and the organizations.
