Responsible Management Education

PGDM 2016-18
Post Graduate Diploma In Management

The IILM PGDM

Established in 1993, IILM offers the AICTE approved Post Graduate Diploma in Management at its three well-located campuses in the National Capital.

With curriculum bench marked against the best in the world, the IILM PGDM goes beyond Finance, Marketing, OB-HR, and Operations. We have Field Courses (as at Harvard), Career Trek (as at Wharton) and Community Experience (as at Yale). We provide Unmatched Flexibility (as at Chicago Booth), using Business Simulations and Harvard Business School Press learning material.

Our integrated and experiential PGDM curriculum puts together the best of leading global B-Schools after close interaction and inputs from Indian industry. With over 20 years' experience in training future entrepreneurs and managers, IILM is proud to have 9000+ well placed alumni in top companies in India and abroad.

Accreditations

Get recognized amongst the best in the country

Our students are trained differently from the typical classroom setting. They have sound academic knowledge supplemented with experiential learning that helps them do well at every project they undertake. They are armed with the concepts and skills required to make them a cut above the rest. They are confident and effective decision makers – ready to be recognized amongst the best in the country.

“India needs you as future leaders. I look forward to following the success of the graduates from this school. You have a strong affinity to this school. Keep that affinity, give back; I think that’s really very important. I wish all the graduates and I am looking forward to collaborate with some of you in the boardroom as we start pondering about trade, business and studies in Canada.” - H.E. Mr. Nadir Patel, High Commissioner for Canada to India, addressing graduating students at IILM 2015 Convocation.

H.E. Mr. Nadir Patel, High Commissioner of Canada to India

Why students from across the country choose IILM

The IILM Advantage

1.
Globally Benchmarked Curriculum

2.
Global Study

3.
Strong Mentoring Program

4.
Internships (Real World Learning)

5.
Placements (300+ companies)

6.
Full Time Faculty with Rich Industry Experience

7.
9000+ Well Placed Alumni

8.
Centrally Located Campuses and Safe and Secure On-Campus Residences

9.
Merit and Means Scholarships and Loans

1. Globally Benchmarked Curriculum

Our curriculum imbibes the best aspects of courses offered at top business schools around the world. The modules are inspired by the Wharton Business School, the Harvard Business School, the Yale School of Management and IIM. They aim at combining theory with practical training so that students are capable of turning concepts into understanding, knowledge into action and ideas into innovation.

The program is delivered in 6 terms; each term spread over 3 calendar months. In the first year of the Program, students imbibe foundation concepts and building blocks of management. In the Orientation to Management, a series of foundation courses aimed at teaching skills required in any career in business and management, are covered. Courses that look at how organizations really work with their many constituencies are dealt with in the Organizational Perspective. These courses teach what students need to know to lead a thriving organization. The Integrated Management Perspective looks at real organizational dilemmas and the complex challenges involved in working or leading a business organisation. The second year offers a choice of a number of electives in a range of areas that provide for specialization.

Our curriculum provides for experiential learning through Field Immersion Experiences for Leadership Development (FIELD), Career Trek and Classroom to Community.

The FIELD module is divided into 3 parts. FIELD 1 aims at improving the students' teamwork and leadership skills. Students understand the dynamics of working in teams and how individual performance affects overall team performance. FIELD 2 reiterates team building skills while instilling problem solving and presentation skills in the students. Lastly, FIELD 3 works on formulating a business plan in order to make learning more practical and engaging for a micro-business of a new product/service idea.

Career Trek requires students travelling to different parts of the country to interact with the HR personnel of reputed organizations, to gain first hand understanding of job skills required for various industries. This enables students to plan their career paths.

Classroom to Community involves students taking up opportunities to work in social enterprises and NGOs and putting to use various business tools and

techniques. They experience the flavour of community service by working in various parts of the country.

With the aim of providing unmatched flexibility IILM has introduced the Flexible track into its curriculum.

Flexible Track for Entrepreneurs and Family Business

How does the new generation, with innovative ideas, fit into a structured MBA program? "Flexible Track" of the IILM PGDM provides them an opportunity to convert their ideas into businesses and pursue a full-term management program, thus helping them realise their full potential.

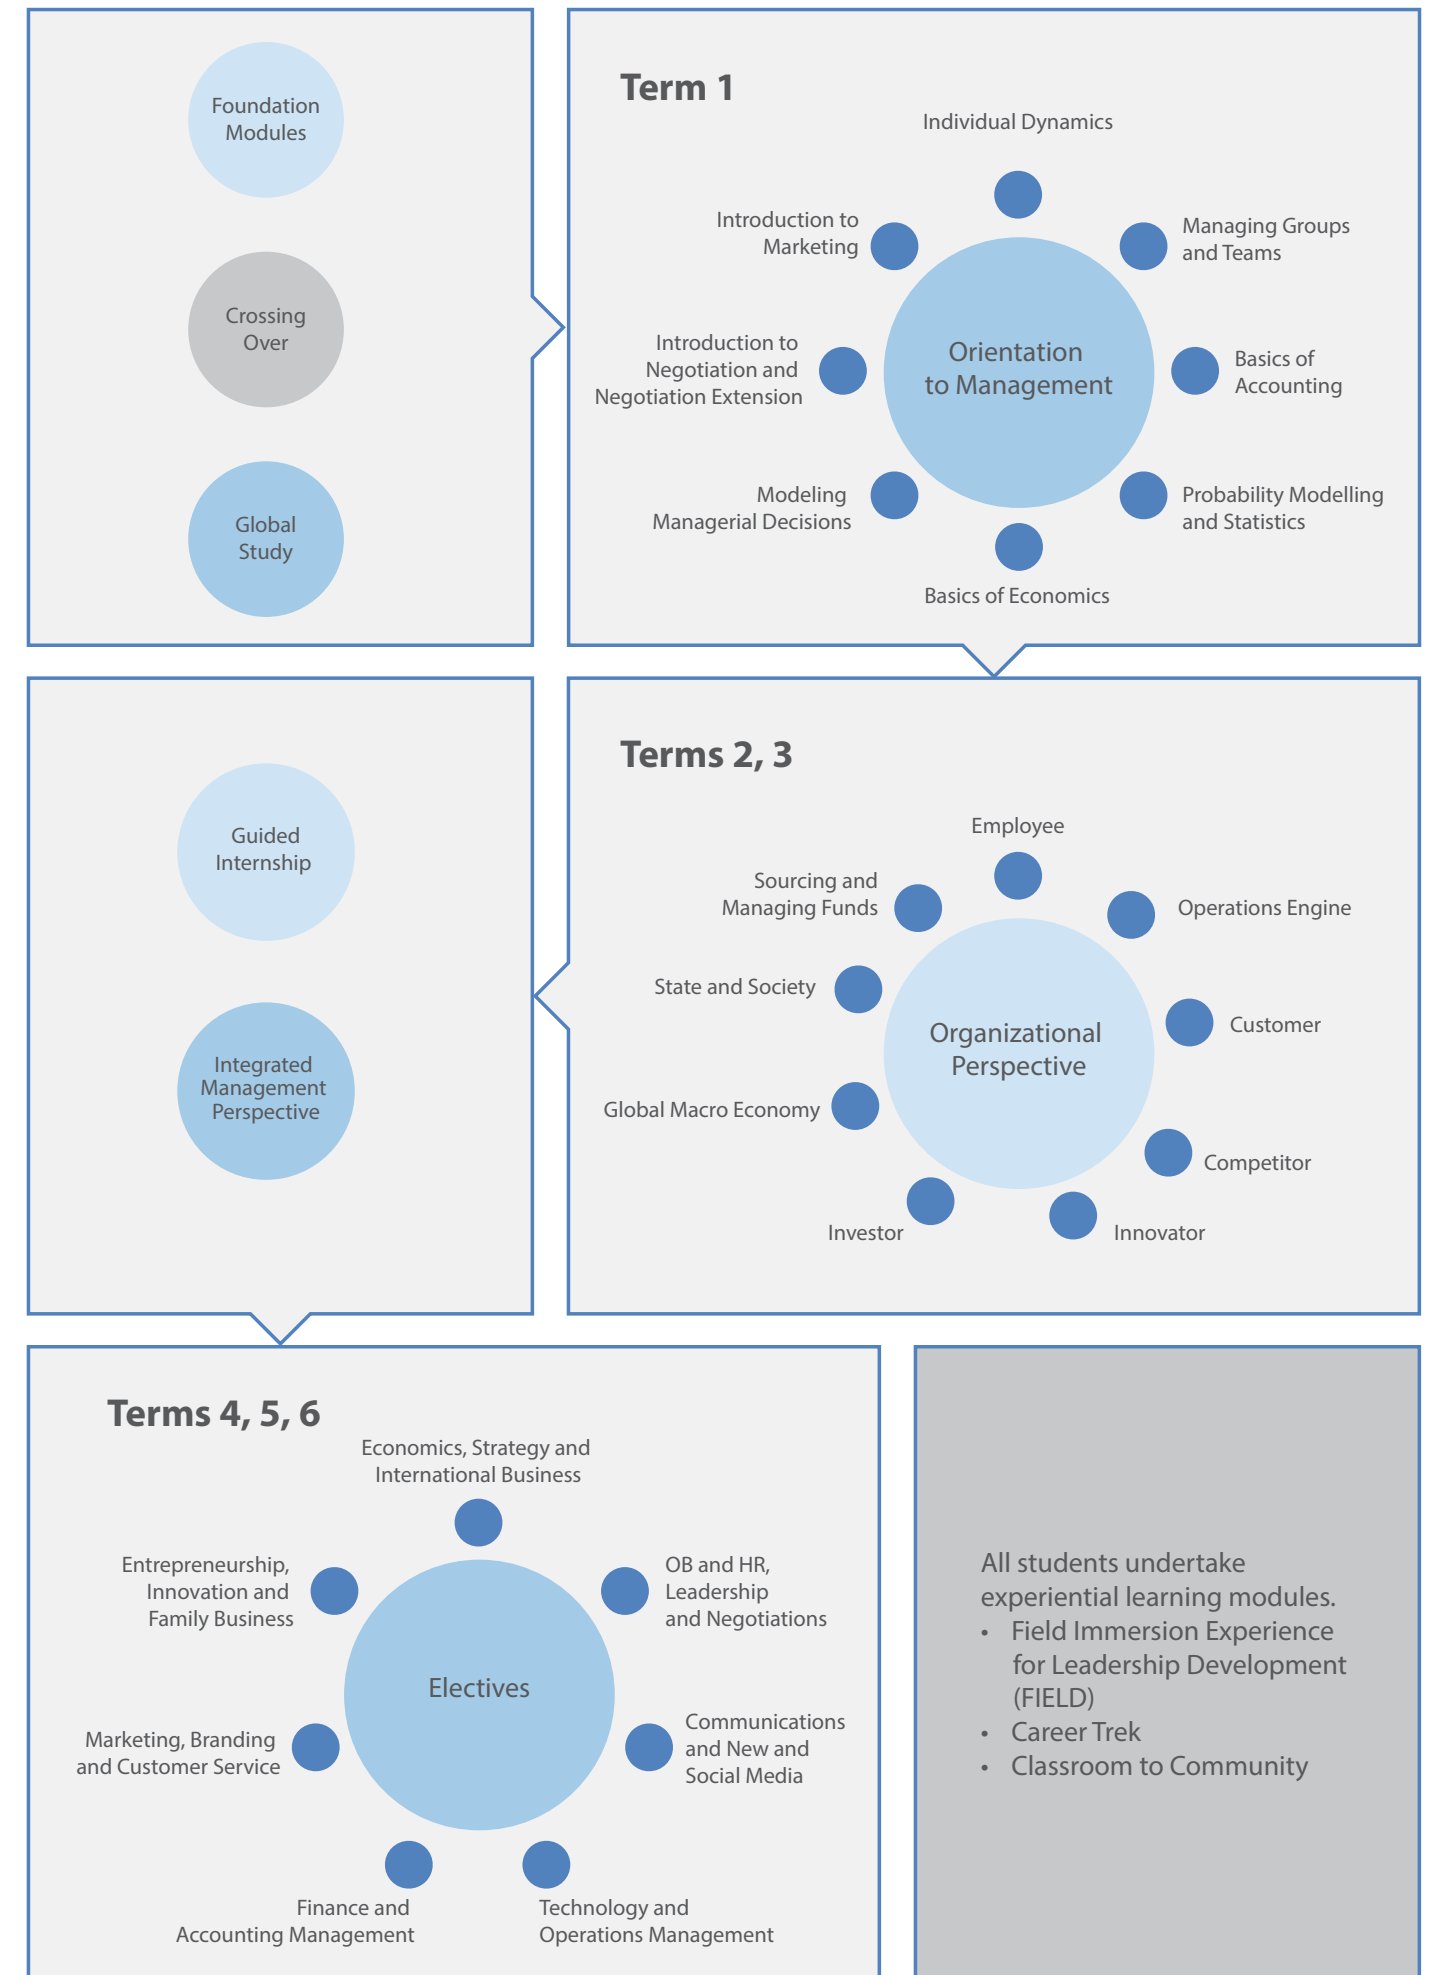

For entrepreneurs working on Start Ups

The program offers first generation entrepreneurs inspiration and encouragement to shape their ideas into fruitful business ventures. In this time and age of Tech Start Ups, big ideas are germinating everywhere, even in classrooms of educational institutions. All these young minds need is a place to shape to their entrepreneurship zeal. The IILM Startup Incubation Center is there to nurture and grow their ventures. It

provides support functions, mentorship and resources to individual entrepreneurs or entrepreneurial setups. It also provides direction to an ecosystem comprising Venture Capitalists, Angel Investors, and experienced faculty/ alumni guides. This enables entrepreneurs to get all the expert advice and technical guidance that they need to survive for a longer time, unlike most other entrepreneurial ventures that fizzle out within a few months of their launch.

Family Business Managers

Indian business families often find a generalised management education too broad based to address the requirement of their niche areas. They already have an established and, more often, a thriving business model. The IILM PGDM program allows students to study at IILM while continuing to work in their family businesses. The flexibility in the curriculum allows students to enhance their skills to leverage the strengths of family business management and successfully implement practices that drive high performance. The program also provides new direction and helps them expand the family's existing business.

All students undertake experiential learning modules.

- Field Immersion Experience for Leadership Development (FIELD)
- Career Trek
- Classroom to Community

2. Global Study

In the business environment today, no firm can operate in isolation within the country of its origin. Meeting global norms are of major concern. Tapping into global markets is necessary in order to ensure the viability of a venture. Creating and maintaining international relationships are key skills that all managers are expected to have.

In keeping with these requirements of the ever-globalizing environment, IILM mandates a 4-week global study in Canada, Belgium, France or Germany. It is aimed at providing students with an exposure to an international business environment.

“The classroom environment is positive and friendly and the teaching style is engaging and effective. This made my learning enjoyable and very satisfactory. My experiences have been refreshing and enriching. From the people to the beautiful landscapes, the journey has been wonderful.”

Navneet Kaur
(PGDM 15-17)

“It was a lifetime experience for me, very exciting and rewarding. I thank IILM for giving me this opportunity.”

Viven Narang
(PGDM 15-17)

3. Strong Mentoring Program

Guiding young minds in the right direction is of utmost importance to ensure that they reach their full potential and more. Mentoring is the process that ensures this and at IILM it is given prime importance.

An individual faculty member is allotted to each student as a mentor for the term of his/her PGDM. This allocation is based on the student's profile and previous work experience so that the mentoring is relevant and not mismatched. The faculty mentor guides and advises the student on a regular basis so that his/her best interests are met. A personal relationship is created which allows for a complete understanding of the student's aspirations, strengths and weaknesses. This information then filters down into the customized development of the student.

“My mentor has always helped me with proper guidance and showed me the correct path at the time of dilemma. He made work upon my weaknesses and helped me to overcome them and helped me to manage both my personal and professional life.”

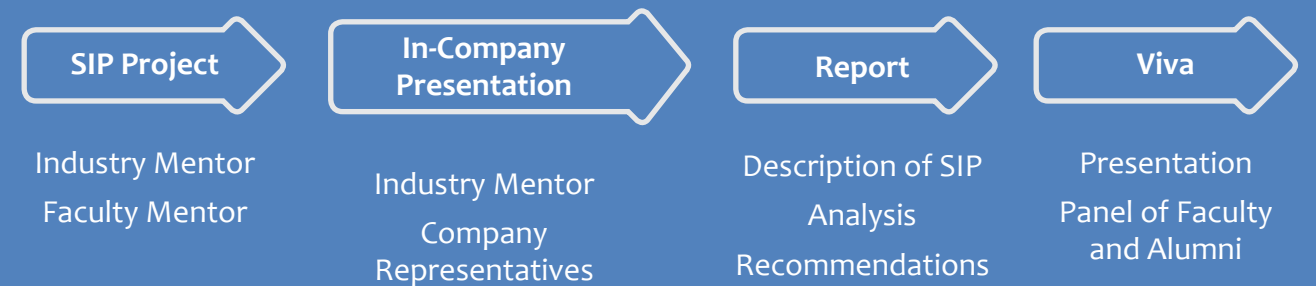

Kunal Singh
(PGDM Batch 2014-16)

4. Internships *(Real World Training)*

Our curriculum mandates a 3-month summer internship, to provide a first hand experience of the business environment. Moving from the classroom to the real world through summer internships makes our students more adept at handling real life problems and making effective decisions.

SIP projects are evaluated by faculty mentors before they are allocated to the students. The faculty mentors also visit companies and interact with the industry mentors on a regular basis to keep abreast of the students' performance. Students are required to submit regular progress reports to their mentors as a part of their evaluation. Guidance on how to prepare their reports is provided by faculty mentors during students' non-working hours. The project is culminated with a presentation by the student before a panel of company representatives and the industry mentor at the company premises.

The final stage of assessment comprises of a written report detailing the description of the SIP, the student's analyses and recommendations and a presentation of the same before a panel of faculty and alumni.

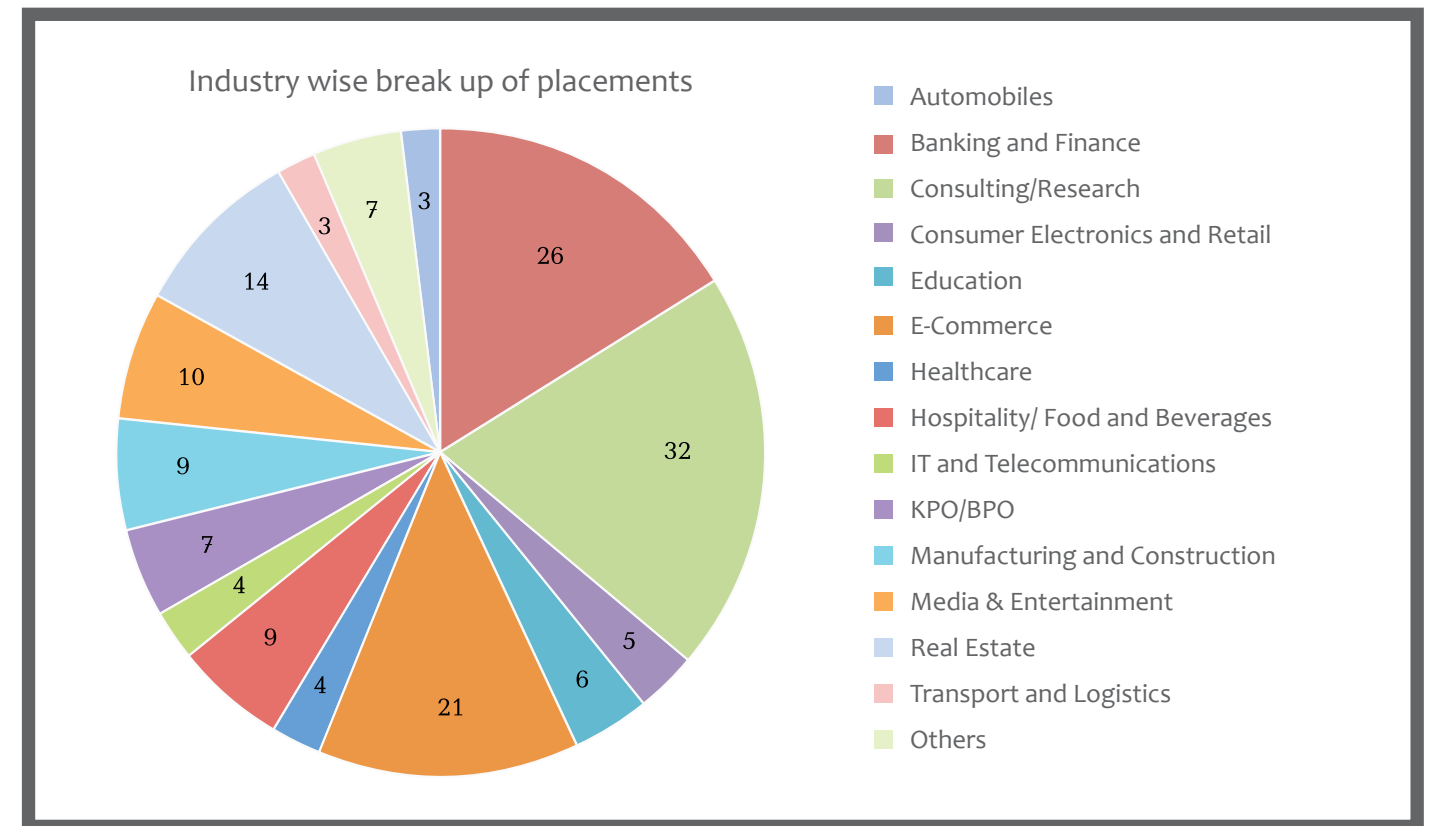

5. Placements (300+ Companies)

Students joining a Business-School are primarily concerned with placements. We at IILM, understand this need to set a path to the future and aim at securing the best possible industrial experience for our students.

Ideal placement opportunities are sought for students based on their aptitudes and interests. Placement week is an event organized on campus where recruiters come to campus to interact with students. They brief students on the job skills required for their industry and clarify doubts regarding the same. Students get an idea of the various industries available to them and can make decisions on what they are best suited for.

Our recruiters comprise of over 300 companies across the country spanning over a range of industries.

Some of the companies that visited our campus:

7. 9000+ Well Placed Alumni

Alumni are a very important resource of any university and at IILM we are proud to have a huge network of over 9000 alumni who are well placed at various capacities across industries both domestically and abroad. They have risen to high ranks and hold excellent positions in reputed companies.

We engage with our alumni in various ways. They are invited to interact with students to motivate them about careers or to deliver guest lectures on topics of their expertise. They are consulted with regards to suggestions of industry specific workshops to hone our students' skills. They also become alumni mentors to our students, thus providing them with first hand knowledge and experienced advice along with a platform for networking. They are invited to sit on panels to conduct SIP viva and/or judge SIP report and become a part of our Board of Governors. We also maintain relationships with them by organizing annual meets on campus.

“The IILM MBA experience was truly fantastic, as it provided me with a right mix of academic theory and practical business experience. The curriculum and infrastructure were in tune with the needs of today’s dynamic business environment. The key takeaways for me were in the fields of leadership, analytics and interpersonal skills, which were strengthened through the case studies approach of learning and the team presentations. The refining of existing skill sets coupled with new learning on campus has been a rewarding experience in my professional career.”

Manish Kathuria
Executive Vice President,
Kotak Mahindra Bank Ltd.

“MBA from IILM was a truly enlightening experience for me. I developed Entrepreneurial Thinking, which helped me identify and act on opportunities in a variety of different environments. I also learnt about traits of a good leader, valuing diverse perspectives and working collaboratively to accomplish common goals. Finally, MBA also helped me in developing better self-awareness and providing me with a sense of purpose and identity.”

Rohit Kalra
Head - SME & Enterprise Business
(Delhi & NCR), Idea

“The whole curriculum of PGDBM has transformed keeping in mind the changing environment and at the same time ensuring the programme is really exciting and challenging. The new teaching environment with all the modern facilities was very attractive as well. Wishing the very best to the faculty and IILM for nurturing talent and creating leaders for tomorrow.”

Manish Gautam
Vice President, RBL

“I have only great things to say about IILM. I can state with confidence and immense happiness that my life has truly changed because of the quality education and knowledge I gained from IILM through the eminent teachers and inspiring colleagues.”

Sanjay Kathuria
Cloud Lead- North & East, Microsoft Corporation
India Pvt. Ltd.

8. Centrally Located Campuses and Safe and Secure On-Campus Residences

IILM has 3 campuses that are centrally located in New Delhi, Gurgaon and Greater Noida. But the goal driving them forward is one and the same – to train and develop skilled and responsible managers of the future.

Lodhi Road is the hub of South Delhi, bustling with activities and places to visit. Being at the political center of the country allows students to be privy to first hand developments in business and politics alike.

The Gurgaon campus is located on Golf Course Road, in the heart of the industrial hub of Gurgaon - an epicenter of industry as well as startups. Our students have the advantage of gaining the rich knowledge of business and entrepreneurship from their surroundings as well as our in-house incubation center.

Our Greater Noida Campus, it is located in the Knowledge Park of Greater Noida with easy access to companies like LG and Moser Baer. Educational institutions in the area also provide a platform for networking and knowledge sharing.

Our Gurgaon and Greater Noida campuses provide safe and secure residences for students and faculty alike. Constant monitoring by security guards and cameras, comfortably furnished apartments, delicious and wholesome food, and a friendly environment ensure that students can live in a safe and comfortable haven – a ‘home away from home’.

GURGAON

“My experience in IILM started with the hostel and honestly I am having the best time ever. The location is superb, I have met tons of amazing and interesting people and there is always so much to see and do. It is safe and secure with female and male guards at the main gate and hostel entry.”

Sonam Gupta
(PGDM, 2015-2017)

GREATER NOIDA

LODHI ROAD

I feel completely safe, comfortable and cosy at the hostel. My colleagues here are awesome and I love spending time with them in the class as well as in the hostel. The quality of food and the housekeeping deserves special mention. My biggest concern before joining the hostel was the food, but now I am happy as the food is tasty as well as healthy. ”

Aditya Singh
(PGDM, 2015-2017)

9. Merit and Means Scholarships

In our effort to make education more affordable to students, we have made provisions for scholarships on the basis of merit and need. We also have partnerships with certain banks so as to make the procedure for application of loans a little easier for students.

1. Scholarships for Girls

All girl students selected for admission to IILM PGDM are eligible for a 10% scholarship.

2. Scholarships for students with Bachelor's Degree in Engineering

All students selected for admission to IILM PGDM and securing 60% or above in their B.Tech or B.E. are eligible for a 20% scholarship.

3. Open Merit Scholarships

Scholarship amount in this category is 40% of the tuition fee.

Examination	Marks / Score for eligibility
a) Class XII	80% & Above
b) Bachelor's degree	B.Tech or B.E. : 70% and above B.Sc., BCA, B.Com, B.A. : 65% and above
c) MAT	Minimum score of 720
or CMAT	Minimum score of 360
or CAT	75 Percentile & above
or XAT	75 Percentile & above

4. Merit cum Means Scholarship

IILM offers financial assistance to deserving students from low-income families in the form of Merit-cum-Means Scholarships. The Scholarship Award Committee selects the candidates on the basis of pre-defined criteria of academic excellence and their families' financial means. Students with family income of less than Rs. 3.0 lakhs per annum are eligible for 75% scholarship.

5. Scholarship for Outstanding Achievements in Sports or Bravery

This Scholarship has been instituted to acknowledge outstanding achievement of students in the areas of Sports, Culture and Bravery. Students will be eligible for a 20% scholarship.

6. Scholarship for J&K and North East domiciled students

To encourage students from the states of Jammu & Kashmir, and the North East (Assam, Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Tripura and Nagaland), we offer a special scholarship of 20%.

7. Scholarship for children of Defence Personnel and Martyrs

Children of Defence Forces personnel who meet the eligibility requirement of the programme are eligible for a 20% scholarship. Children of Martyrs who meet the eligibility requirement of the programme are entitled to a full tuition waiver.

All scholarships in Categories 3, 4, and 5 will be reviewed by Committees. No two scholarships can be combined.

A Typical Day on Campus

Studying, learning, and practicing business theories is not enough for a holistic manager. There is learning beyond curriculum, which involves soft skills like teamwork, interactions, networking and communication. There is also the need for pursuing co-curricular interests that help in building a manager's personality. A typical day on campus incorporates all these needs and makes the day a wholesome one for every student.

A variety of clubs and organizations exist on campus offering a range of leadership opportunities. They offer the scope of refining management and leadership skills, exploring interests and building networks. Conferences, monthly events, annual festivals, TEDx talks, inter-campus debates and in-house publications are just a few of the options available to the students to expand their horizons in terms of co-curricular activities.

A typical day of a student follows a schedule that incorporates every aspect of development and interaction required to make a holistic manager.

In the morning:

Yoga, Walks on campus, Gym Workout

Breakfast – Fresh, hygienic and wholesome

Morning classes

Mentoring sessions

Lunch and post lunch:

Networking lunch with senior student or alumni

Afternoon classes

Workshops, tutorials

In the evening:

Club meetings, Preparation for events

Games, Matches, Lounge time

Dinner, Interaction with faculty, Preparation for next day's class
