CHAPTER I

An Introduction to Punjab Agricultural University

Punjab Agricultural University (PAU) was established on October 17, 1962. It was formally inaugurated by the then Prime Minister of India, Pandit Jawaharlal Nehru, on July 8, 1963. On trifurcation of Punjab in November 1966, Haryana Agricultural University was carved out of PAU by an Act of Parliament in February 1970. Later, in July 1970, Himachal Pradesh Krishi Vishvavidyalaya was established. In 2006, the College of Veterinary Science was upgraded to Guru Angad Dev Veterinary and Animal Sciences University (GADVASU) at Ludhiana.

Modeled on the pattern of Land Grant Colleges of the USA, it is committed to impart teaching, research and extension education in agriculture and its allied fields. Its immense contribution in human resource development and overall growth in agriculture has given it the status of the biggest engine of development in the Punjab and one of the best Agricultural Universities in Asia.

The University is a focal point of several new scientific discoveries and innovations which have triggered rapid agricultural transformation in the country. It is proud of its alumni who have contributed in improving the agricultural production and have enabled a relatively small state with only 4.2 m ha cultivated area to contribute as high as 44 per cent wheat and 25 per cent rice towards central food reserves of the country. This is a consequence of path-breaking research at PAU backed by world-class teaching, and extension services provided at the door-step of farmers, and the continuous Government policy support. Further, Punjab is producing 37% apiary honey (as a result of introduction and promotion of Italian Honey bee) and 40% mushrooms of the country. The varieties developed by Punjab Agricultural University became popular not only in Punjab but also in other states. These include, “HB 1”, the first grain pearl millet hybrid in the

PROSPECTUS 2015-16

world. 'Paras' and 'PGSH 51' are the first single cross hybrid of maize and first hybrid of gobhi sarson, respectively in India. The varieties of wheat, rice, maize and chickpea developed by PAU were put under commercial cultivation in other countries too. In horticulture, development of improved cultivation practices and production of healthy nursery led to Kinnow occupying first position among fruit plants. The soil reclamation technology developed by the university helped reclaiming 6 lac ha of salt affected soils in the state. Recent efforts on conservation of agriculture have led to the development of laser land leveling, zero tillage, bed planting, fertigation and leaf colour chart technologies. The research in agricultural engineering led to the emergence of Punjab as a hub of farm machinery manufacturing and mechanization.

In recognition of these outstanding achievements in agricultural research, education and effective transfer of technology, PAU was first to win the 'ICAR Best Institution Award' in 1995.

Mission

- Excellence in teaching, research and extension.
- Developing quality human resource.
- Undertaking basic, applied and adaptive research.
- Improving socio-economic conditions of the farming community through cost-effective technologies.
- Developing effective mechanism to transfer knowledge and technology to farmers and agricultural organizations through extension services.
- Developing and promoting appropriate technologies for supporting agro-based industries and generating self-employment opportunities for the youth.
- Seeking appropriate solutions to emerging problems and challenges.

Infrastructure and Support Facilities

Main campus of Punjab Agricultural University is spread over an area of 1221 acre (Colleges and Residential 531 acre and Research farms 690 acre). The administrative building Thapar Hall has been named after the founder Vice Chancellor of the University, Dr P. N. Thapar.

College Buildings

Each constituent college has its own double/triple storied buildings housing various departments. College of Agriculture, being the largest, has many additional buildings viz. PG building (Lal Singh Labs), Fruit Science, Vegetable Science, Soil Science (Dr N.S. Randhawa building), Food Science and Technology, Agronomy, Biotechnology (Dr Gurdev S. Khush Labs) and Floriculture & Landscaping.

Classrooms and Laboratories

Each college is provided with sufficient number of classrooms, teaching and research laboratories, seminar rooms, committee rooms and computer rooms.

Smart Class Rooms

In addition to well furnished classrooms, there are sufficient number of State-of-the-Art smart classrooms in each college equipped with LCD projector, Computer with power back-up, interactive board, internet connectivity and recording facilities. Facilities are available for video-conferencing in College of Agricultural Engineering & Technology, College of Basic Sciences & Humanities and College of Home Science.

Auditoria

The University is having several auditoria of varying capacities suited for different kinds of uses. Each auditorium is equipped with latest audio-visual equipment and fitted with comfortable seating arrangement. Except open air theatre, all auditoria are air-conditioned with proper stage, light and sound arrangements.

Name of Auditorium	Location	Seating Capacity

Girls Hostel

Boys Hostel

Sports and Games Facilities

The University has excellent facilities for sports and games. Amongst sports infrastructure, Synthetic Hockey surface (Astroturf), Cycling Velodrome and Swimming Pool stand out as landmark facilities, which are as per the specifications of International competitions. In addition to these, there are athletic tracks, courts for Lawn Tennis, Badminton, Volley Ball, Hand Ball, Basket Ball and grounds for Cricket and Soccer. The University also has a modern gymnasium facility with seating capacity of 2000, housing indoor badminton courts, table tennis, body building and weight lifting facilities in addition to other indoor games.

University Hospital

To meet the medical needs of students, faculty and staff of the University, there is a 24 bed hospital in the Campus equipped with a clinical laboratory and digital X-Ray facilities and an ambulance. Emergency facilities are available round the clock.

Mohinder Singh Randhawa Library

PAU has an excellent library system with central information resources at the main campus and a network of outside research stations as well as Krishi Vigyan Kendras for its students, faculty and research scholars. The library is housed in a five storey majestic building having covered area of 93,320 sq.ft. and seating capacity of 760 in its five Wi-Fi reading halls. The library has a collection of about 3,92,982 books/documents which caters to the needs of its members. It has subscribed to 178 print journals, 37145 online journals, 11 online database and 51 e-books. It has automated its in-house operations and services like issue-return of documents, membership registration, Online Public Access Catalogue (OPAC) etc.

The library's web page is the gateway to the latest information about resources, rules, online services, current periodicals, new arrivals, etc. Wi-Fi facility enables its users to access various online databases as well as internet facility for academic purpose.

The library is a well-visited repository of specialized national & international journals and is having an excellent collection of competitive books like ARS, NET, UGC, GRE, IELTS, CAT, GRF etc. It has developed a range of digital services to make reading easier for the users & is now stepping towards the digitalization of the library documents. It is a central point for all departments for dissemination of agricultural information generated within the country & abroad.

Museums and Art Gallery

Museum of Social History and Rural Life of Punjab: It is a unique museum built on the PAU campus in 1974 which reflects university's involvement with state folklore and mirrors the village life. The museum displays the old agricultural implements and tools, junkets used to decorate draught animals. It is also a repository of cultural ethos and traditions, kitchenware, Persian well, free-time avocations that engage the women; depicts typical real-life situations in rural Punjab. It is an attraction for people from various profiles of society especially, students, non-resident Indians, etc.

Dr Uppal Museum of Land, Water and Power Resources of North-Western India: The museum was built in 1986 under the supervision of renowned hydrologist Dr H. L. Uppal. Its model shows the land, water and power resources of Northern India and parts of Pakistan.

Soils Museum: Soils Museum, located in the Department of Soil Science, is one of its kinds in Northern India, depicting detailed information based upon research carried out at PAU about the soil resources of Punjab.

Dr Mohinder Singh Randhawa Art Gallery: This air-conditioned art gallery was established at PAU to house exhibitions of paintings, photographs, sculptures, etc. It is amongst the best art galleries in the state.

CHAPTER III

Constituent Colleges and Institutes of PAU

The University provides Undergraduate and Postgraduate education through its four constituent Colleges and two Institutes

- College of Agriculture, Ludhiana
- College of Agricultural Engineering & Technology, Ludhiana
- College of Basic Sciences & Humanities, Ludhiana
- College of Home Science, Ludhiana
- Institute of Agriculture, Bathinda
- Institute of Agriculture, Gurdaspur

College of Agriculture

College of Agriculture is the oldest and the largest of the four constituent colleges of Punjab Agricultural University. Its roots can be traced back to Lyallpur (now Faisalabad) in Pakistan, where it was started as Punjab Agricultural College and Research Institute in 1906 and is today a premier agriculture institution. Initially a three year diploma, 'Licentiate in Agriculture', was started. It was followed by a four-year course leading to B.Sc. Agriculture degree.

Post-partition, this College was established at the present site in July 1957, after brief abode at Amritsar and in a rented school building at Ludhiana. The students enrolled in the College

of Agriculture were registered with the Panjab University, Chandigarh, till the time PAU came into being in 1962. Over the decades, the College has grown and developed under the leadership of 16 Deans.

Departments/Schools

- Agronomy
- Entomology
- Extension Education
- Food Science & Technology
- Forestry & Natural Resources
- Floriculture & Landscaping
- Fruit Science
- Plant Breeding & Genetics
- Plant Pathology
- Soil Science
- Vegetable Science
- School of Agricultural Biotechnology
- School of Climate Change & Agricultural Meteorology

Faculty and Infrastructure

The College has a highly qualified and competent faculty of 325 members:

• Professors	118
• Associate Professors	64
• Assistant Professors	143

PROSPECTUS 2015-16

Mission

The College is committed to excellence in teaching, research and extension, provide quality education, undertake basic, applied and adaptive research to evolve suitable agricultural production and protection, cost-effective technologies and act as a catalyst for the growth of agro-based industries in Punjab.

Academic Programmes & Job Avenues

The College offers four Undergraduate degree programmes viz., B.Sc. Agri. (Hons) 4- year, B. Sc. Agri. (Hons) 6-year, B.Sc. Biotechnology (Hons.) 4-year, B. Tech. Food Technology 4-year and a Diploma Course in Hybrid Seed Production Technology 1-year.

The College also offers M.Sc. and Ph.D. programmes in various disciplines (Details in Chapter IV). Job avenues for Agricultural graduates exist in Banking Sector, Seed Production Companies, Agrochemical industry, Food Processing industry, Biotechnological laboratories, etc. They can also get employment as Agricultural Development Officers, Horticultural Development Officers and Soil Conservation Officers with State Department of Agriculture, Horticulture and Soil & Water Conservation. They can be successful entrepreneurs. The students with interest in academics can go for higher studies (M.Sc. and Ph.D.) in India and abroad.

College of Agricultural Engineering & Technology

College of Agricultural Engineering & Technology (formerly the College of Agricultural Engineering) was established in 1964 to impart education and carry out research extension activities.

The College is equipped with State-of-the-Art laboratories, workshops and a computer centre. The college provides support to the computer network of the University.

The College deals in problem oriented research and acts as a link between the farmers and industry. This is evident from its contributions to the mechanization of agriculture, management of soil and water, post-harvest technologies and use of renewable energy sources.

Departments/Schools

- Civil Engineering
- Farm Machinery & Power Engineering
- Mechanical Engineering
- Processing & Food Engineering
- Soil & water Engineering
- School of Electrical Engineering & Information Technology
- School of Energy Studies for Agriculture

Faculty and Infrastructure

The College has a highly qualified and competent faculty of 78 members:

- Professors 18
- Associate Professors 33
- Assistant Professors 27

The College has professional collaborations with leading industrial organizations such as New Holland India, Tractor and Farm Equipment (TAFE), CLAAS India, Mahindra & Mahindra and Escorts Limited. The College also has student-teacher exchange programmes with two Russian Universities.

Mission

The College is committed to cut down the drudgery of farmers through mechanization of agriculture and increase farm production through conservation and management of natural resources.

The College strives to pursue research on machines and technologies for post-harvest product processing operations and disseminate knowledge on new machines and technologies through field trials and demonstrations.

Academic Programmes & Job Avenues

The College offers B.Tech. (Agricultural Engineering) 4 year programme. Besides, it offers M.Tech. and Ph.D. programmes in various

disciplines (details in Chapter IV). It also offers MCA and M.Tech. in Remote Sensing & GIS programmes under self-supporting scheme. Agricultural engineers get placements in leading national and multinational companies like Mahindra & Mahindra, Escorts, TAFE, John Deere, New Holland India, CLAAS, Sonalika, Kirloskar, Nestle, Pepsi, Jain irrigations, Reliance and many more. The job opportunities for agricultural engineering graduates also exist in agriculture department, soil & water conservation department, cooperative department and rural development department etc. in state and central government organizations.

College of Basic Sciences & Humanities

Keeping in view the significance of basic sciences and humanities for proper understanding and their application in agriculture and allied fields as well as for the development of rural areas, the College of Basic Sciences and Humanities was established in October 1965. The College, since its inception has been striving to be a centre of excellence for advanced studies in its various academic disciplines. The inter-relationships between the basic sciences and the applied sciences have added a new vigour to agricultural education. Today's basic science is tomorrow's

PROSPECTUS 2015-16

applied science. Similarly, studies on various facets of socio-economic life of rural population and development of entrepreneurial skills are important to promote balanced economic growth.

Departments/School

- Agricultural Journalism, Languages & Culture
- Biochemistry
- Botany
- Chemistry
- Economics & Sociology
- Mathematics, Statistics & Physics
- Microbiology
- Zoology
- School of Business Studies

Faculty and Infrastructure

The College has a highly qualified and competent faculty of 107 members:

- Professors 40
- Associate Professors 35
- Assistant Professors 32

The College has excellent teaching, research and extension facilities. Notable amongst these are Molecular Biology Lab., Digital Language Lab., Central Instrumentation Lab. and Central Computer Lab.

Mission

To provide scientific base for proper understanding and appreciation of the applied agriculture and its allied sciences.

To promote inter-disciplinary resident instructions encompassing teaching, research and extension.

Academic Programmes & Job Avenues

The College offers M.Sc. and Ph.D. programmes in various disciplines of Basic Sciences and Humanities. Masters' programmes in Basic Sciences include M.Sc. in Biochemistry, Botany, Chemistry, Microbiology, Physics and Zoology. It also offers 5-year Integrated M.Sc. (Hons.) programmes in

Biochemistry, Botany, Chemistry, Microbiology and Zoology. The College offers M.Sc. degrees in Agricultural Economics and Sociology, in addition to MBA, MBA (Agribusiness) and Master in Journalism & Mass Communication. Besides, one diploma in French Language and two Certificate Courses, (one in French Language and other in Interactive Skills & Personality Enhancement) are offered by the College. Doctorate Degrees are offered in Agricultural Economics, Biochemistry, Botany, Business Administration, Chemistry, Microbiology, Sociology and Zoology. Job opportunities for the postgraduates in Basic Sciences and Humanities exist in large number of Research and Academic Institutes, Corporate Companies, Laboratories, Hospitals etc.

College of Home Science

College of Home Science was established in July 1966 to cater to the need of empowering rural and urban women to contribute to family economy and improve their quality of life. Its academic structure was crafted by the two USAID experts in Home Science, Dr Edna R. Kaufman and Dr Maria S. Friesen.

The founders of the University had realized the need and importance of the rural and urban women in contributing to the economy and happiness of the home, as they are instrumental in raising the standards of living of a family.

As an inter-disciplinary field, home science integrates concepts which are from physical, biological and agricultural sciences to social and environmental sciences, encompassing essential components of a happy and healthy home. These components enable a woman to effectively deal with real life situations and to cope up with ups and downs of everyday problems.

Departments

- Apparel & Textile Science
- Family Resource Management
- Food & Nutrition
- Home Science Extension & Communication Management
- Human Development

Faculty and Infrastructure

The College has a highly qualified and competent faculty of 43 members:

- Professors 23
- Associate Professors 8
- Assistant Professors 12

The College has the best-equipped State-of-the-Art laboratories like Interior Space Designing Lab., Child Care Providers' Training Lab., Computer Aided Fashion Designing Lab., Baking Lab., Institutional Management Lab., and Human Resource Development Lab. The College also has four Experiential Learning Units, one each on Apparel Manufacturing, Bakery and Confectionery, Artistic Creations and Child Care Providers' Training. The College also runs three early childhood care and education programmes viz. Laboratory Day Care Centre, Laboratory Nursery School and After School Care Programme.

Mission

College of Home Science is committed to excellence, innovation and effectiveness in teaching, research and extension to improve the quality of life of families and empower women.

Academic Programmes & Job Avenues

The College imparts undergraduate and postgraduate (M.Sc. and Ph.D.) education in various disciplines of Home Science. It also offers Bachelor programmes in Fashion Designing, Nutrition & Dietetics, Interior Design and Master's in Fashion Designing in Self-Supporting Programmes. The Home Science graduates can go in for B.Ed., MBA or M.Sc. in the field of their interest.

They can start their own entrepreneurial ventures in bakery, confectionery, art and craft, dress designing, nursery school, crèche etc. The students can get job placements as dieticians with Hospitals or Health Clinics, as counselors with Schools, Colleges, Hospitals or Senior Citizen Homes and as designers with Hosiery & Textile Industries and Architects. They can also be absorbed as journalists with News papers, Radio and Television as well as go in for any teaching, research or extension jobs.

CHAPTER V

Awards and Honours Bestowed upon PAU

During the last 50 years of its existence, the University holds the distinction of having very competent faculty and produced distinguished alumni who, in recognition of their outstanding achievements, have brought laurels and won many prestigious awards at national and international level which include World Food Prize, Rafi Ahmed Kidwai Memorial Award, Shanti Swaroop Bhatnagar Award, Om Parkash Bhasin Award for Science and Technology and Team Research Awards of ICAR apart from several other awards including the prestigious Padma Bhushan and Padma Shri. The PAU alumni have also served on distinguished positions in national and international organizations. Many faculty members have also been bestowed with professional fellowships, like NAAS, FNA, FNASc, German Academic Exchange (DAAD) Fellowships, Alexander von Humboldt Fellowship, Fulbright Nehru Fellowship, and academic scholarships/fellowships, like Commonwealth Academic Staff Scholarships and several others.

The College of Agricultural Engineering & Technology and the College of Agriculture received the Federation of Indian Chambers of Commerce and Industry Awards in 1975 and 1977, respectively. The PAU received the Best Institution Award of ICAR in 1995, in the very first year of institution of this prestigious award. A first ever special grant of Rs. 100 crore was awarded to the University by the Government of India for undertaking basic and strategic research in agriculture in the year 2006. The University earned the distinction of being the first State Agricultural University to be conferred with the first International Potash Institute (Switzerland) and Fertilizer Association of India (IPI-FAI) Award for transfer of technology in the balanced use of fertilizer in 2010. PAU was again the first University to bag Agricultural University of the Year 2011 Award (Krishi Shiksha Sanman) in the first year of its institution by the Mahindra & Mahindra.

PAU won the Best Institution Award of ICAR in 1995

MoUs with Different Universities

A number of Memoranda of Understanding have been signed with the national and international organisations for the mutual interaction in teaching, research and other academic activities. Some of the important MoUs are listed below:

International

Sr. No.	University/Organisation/Institute	Purpose
1.	Moscow State University of Environment Engineering, (MSUEE) Moscow, Russia	Faculty exchange for curricula development and improvement, modern information technologies & distance education, joint education programmes development, natural resource management, water resources & hydraulic engineering, ecology and environment protection.
2.	Moscow State Agro-Engineering University, Moscow	Exchange of undergraduate and graduate students; development of joint research, training and extension programmes; exchange of information on teaching methods; organization of training for Scientists and faculty members, exchange of visiting professors for delivering lectures and assisting in curricula development.
3.	The University of Western Australia, Australia	To promote education, research, exchange of information and technology related to field crops and fruit cultivation.
4.	The University of Wisconsin, Madison, USA	To facilitate and enhance academic cooperation by exchange of students, faculty and staff. To organize training courses, seminars & conferences to develop agricultural technologies and infrastructure.
5.	Washington State University, Pullman, USA	To cooperate in efforts to establish and to conduct mutually agreed upon cooperative & collaborative projects, programme and/or other activities, doctorate study by in-service PAU faculty at WSU.
6.	Kansas State University, Manhattan, Kansas, USA	For the development of Academic Cooperation and a dual degree (twinning) programme.

National

Sr. No.	University/Organisation/Institute	Purpose
1.	CCS Haryana Agricultural University, Hisar	Exchange of Ph.D. students for a semester's study; sandwich doctoral programme in Agricultural Engineering
2.	Dr Y.S. Parmar University of Horticulture & Forestry, Nauni, Solan	Exchange of Ph.D. students for a semester's study.
3.	CSK Himachal Pradesh Krishi Vishwavidyalaya, Palampur	Exchange of Ph.D. students for a semester's study.

The students enrolled for Ph.D. programme and not in receipt of any fellowship etc. shall be awarded a stipend of ₹ 1000/- p.m. on fulfilment of prescribed conditions.

Prizes

Prizes are awarded to the outstanding students at the Annual College functions. Two prizes are awarded based on the OCPA of each academic year provided the student has completed 36 credits in an academic year. One prize is awarded for highest OCPA in a course in Bachelor's degree programme.

Merit Certificates

The University has instituted Merit Certificates for the students who have achieved an OCPA of 8.00 or more at the end of their Bachelor's or Master's Degree Programme.

The certificates will be awarded at the time of Annual Convocation.

CHAPTER XV

Interconversion of OGPA/OCPA and Aggregate Percentage

The following formulae have been adopted by the University to determine the equivalence of each grade point average from 1 to 4/overall credit point average from 1 to 10 under the semester system in terms of the percentage of marks awarded under the traditional system of examination.

- **For conversion of Overall Credit Point Average (OCPA) into percentage of marks :**

$$Y = 10 Z$$

Where Y = Percentage of marks in the traditional system.

Z = Overall Credit Point Average (OCPA) in 10.00 point system of evaluation

- For conversion of Overall Grade Point average (OGPA) into OCPA :

For Undergraduate programmes

$$Z = (50 - 10X + 5X^2) / 10$$

Where Z = OCPA in 10.00 point system of evaluation.

X = OGPA (maximum = 4.00) in the letter grade system of evaluation.

For Postgraduate Programmes

$$Z = (25X - 15) / 10$$

Where Z = OCPA in 10.00 point system of evaluation.

X = OGPA (maximum = 4.00) in the letter grade system of evaluation.

Note : OCPA is out of 10.00 & OGPA is out of 4.00 where ever mentioned in prospectus, Unless otherwise specified.

Criteria for Award of First and Second Division

On the successful completion of the programme, the student is classified into First and Second division as follows:

Programme	Pass marks	1st Div. (OCPA)	2nd Div. (OCPA)
Postgraduate Level	6.50/10.00	7.00 & above out of 10.00	6.50 to 6.99 out of 10.00
Undergraduate Level	5.50/10.00	6.00 & above out of 10.00	5.50 to 5.99 out of 10.00

CHAPTER XVI

Regulations Regarding NCC, NSO and NSS

Every student in first two years of Bachelor's degree course is required to participate in any one of the three programmes namely NCC, NSO and NSS subject to the condition that NSO will be restricted to only those students who show marked proficiency in sports. The programme of NCC, NSO shall be optional for the students other than those in the first and second year. The foreign nationals are exempted from these programmes. Immediately after admission of the University in the first semester, the Dean concerned/Director Students' Welfare shall complete the enrolment of students under the particular scheme and forward the same to the Registrar for completing the personal files of the students. The students enrolled in a scheme, shall not ordinarily be allowed to change it afterwards. Students of 5-year Integrated M.Sc. programme are required to offer NCC/NSO/NSS programme for two years during first 3 years of the degree at par with other Undergraduate programmes of the University.

**(a) Regulations regarding NCC**

1. Every male student admitted to the undergraduate programme (excluding those selected for NSO and NSS) is required to enrol for NCC for the first four semesters and 40 hours of parade shall be held every semester. Every student shall attend a minimum of 75% parades held in a year. The Vice-Chancellor may grant exemption on medical grounds. The applications for exemption shall, after the scrutiny by the Company Commander (NCC Officer), come through the Dean of the College concerned supported by a medical certificate from the University Medical Officer.
2. The students undergoing compulsory NCC training shall attend one annual training camp during the four semesters of training.
3. A student who fails to attend 75% parades in a semester shall be awarded US grade and shall be given a warning and required to make up the deficiency in the following semester. If he fails to complete the deficiency and is awarded US grade in the second/fourth semester, he shall be registered for the third/fifth semester for the purpose of making up NCC deficiency only and not for any academic course. In exceptional cases, the Dean may relax this condition if the students unable to obtain S grade in the second/fourth semester due to genuine valid reason(s).
4. A student who has received NCC training in Senior Division in PAU/any other institute for a complete academic year, may be exempted from NCC training for the period already completed by him.
5. On completion of four semesters of training and one annual training camp, the student may be discharged from NCC on submitting an application to the Company Commander.
6. On completion of training, every cadet will be graded as Excellent, Very Good, Average and Below Average keeping in view the discipline, leadership qualities, keenness in training, attendance and the proficiency in tests held by the Ministry of defence. The grading will be intimated to the Registrar for incorporating the grades in the transcripts.
7. Each student enrolled for NCC will be charged the prescribed NCC Amenity Fund per semester which will be utilised for NCC activities only. This fund will be operated by the Dean of the college concerned on the recommendations of NCC officer for various activities related to NCC.
8. In event of emergency, if any one of the requirement of compulsory NCC training cannot be arranged by NCC authorities, the Vice-Chancellor may suspend such regulations concerning NCC training as cannot be enforced.

(b) Regulations regarding NSO

9. All students admitted to undergraduate programmes and selected for NSO, shall be required to enrol for NSO in the first four semesters of their studies.
10. Every student undergoing NSO training shall devote 150 hours to actual play in a year. Failure to attend 75% training period during

PROSPECTUS 2015-16

a semester, shall make him/her liable for award of 'US' grade which will follow a warning to make up the deficiency in the following semesters. If a student fails to obtain 'S' grade at the end of second/fourth semester, he/she shall be registered for third/fifth semester only for making up deficiency of NSO training and not for any academic course. In exceptional cases, the Dean may relax this condition if the student is unable to obtain 'S' grade in the second/fourth semester due to genuine valid reason(s).

11. Attendance of 75% training period in a year is compulsory. The Vice Chancellor may grant exemption on medical grounds. Application for exemption after scrutiny by NSO incharge should come through the Director Students' Welfare supported by a medical certificate from the University Medical Officer.
12. Every student undergoing NSO training will attend one coaching camp of 20 days within first four semesters of training failing which he/she shall be registered for the next semester to enable him/her to make-up deficiency of the camp and not for any academic course.
13. A student who has undergone NSO training in some other college/institute for a complete academic year, may be exempted by the Director Students' Welfare from NSO training for the period already completed by him/her.
14. Every student on completion of four semesters of NSO training and one coaching camp, will be discharged from NSO, on submitting an application to the Director Students' Welfare.
15. On completion of NSO training, each trainee will be graded Excellent, Very Good, Fair and Average keeping in view his/her performance/achievement/proficiency in games as per the following criteria:
16. This grading will be intimated to the Registrar by the Director Students' Welfare for incorporating the same in the transcript.
17. If a student becomes physically unfit for NSO training on medical grounds or due to accident or is dropped for any reason, Director Students' Welfare may temporarily exempt a student to complete the training in third/fifth semester on medical grounds or for being dropped for any reason.

Sr. No.	Level of Achievement	Grading
1.	Trainees who just complete NSO requirements	Average
2.	Trainees who represent the class in the college Inter-Class Tournaments	Fair
3.	Trainees who represent the college team in the University Inter-college Tournaments	Good
4.	Trainees who represent the PAU team in the Interschool Tournaments	Very Good
5.	Trainees who represent State/Combined University team in National Tournaments	Excellent

(c) Regulations regarding NSS

1. Every student enrolled under NSS shall be required to attend it for the first four semesters of his/her studies.
2. He/she has to put in minimum 120 hours per year, failure to do so shall earn 'US' grade followed by a warning to make-up the deficiency in the following semester. If a student fails to complete the deficiency and is awarded 'US' grade in second/fourth semester, he/she shall be registered for the third/fifth semester only for making up NSS deficiency and not for any academic course. In exceptional cases, the Dean may relax this condition if the student is unable to obtain 'S' grade in the second/fourth semester due to genuine valid reason(s).
3. The Vice Chancellor may exempt any student on medical grounds on the production of a medical certificate from the University Medical Officer duly recommended by Director Students' Welfare. The Director Students' Welfare may temporarily exempt the students to complete the training in the fifth semester on medical grounds or for being dropped for any reason.
4. Each student shall attend a 10 day-camp every year. The number of camp hours will be aside out of 120 hours that each student is to put in. A day at camp is calculated at 7 hours of service. Failure to attend this camp, will make the student liable for registration for the next semester only to enable him/ her to make-up the deficiency of NSS camp and not for any academic course.
5. A student who has undergone NSS training in some other College/Institute for a complete academic year, may be exempted by the Director Student's Welfare from NSS training for the period already completed by him/her.
6. On completion of the programme, every student shall be graded as Excellent, Very Good, Good, Average and Below Average keeping in view the discipline, initiative, leadership qualities, keenness in training and attendance which will be intimated to the Registrar by the Director Students' Welfare for incorporating the same in the transcript.
7. For violation of any rules and regulation, disciplinary action may be taken by the Director Students' Welfare.

CHAPTER XVII

Instructions/Regulations Regarding Ragging

(According to the Supreme Court judgement in SLP by Vishwa Jagriti Mission in 2001)

Ragging is "Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness any other student, indulging in rowdy or undisciplined activities which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the students to do any act or perform something which such student will not in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student."

However, according to Raghavan Committee observations ragging has several aspects with among others psychological, social, political, economic, cultural and academic dimensions.

- Any act that prevents, disrupts or disturbs the regular academic activity of a student should be considered with in the academics related aspect of ragging; similarly, exploiting the services of a junior student for completing the academic tasks assigned to an individual or a group of seniors is also an aspect of academics related ragging prevalent in many institutions.
- Any act of financial extortion or forceful expenditure burden put on a junior student by senior students should be considered an aspect of ragging for ragging economic dimensions.
- Any act of physical abuse including all variants of it : sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestures, causing bodily harm or any other danger to health or person can be put in the category of ragging with criminal dimensions.
- Any act or abuse by spoken words, e-mails, snail-mails, public insults should be considered with in the psychological aspects of ragging. This aspect would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to others; the absence of preparing 'freshers' in the run up to their admission to higher education and life in hostels also can be ascribed as a psychological aspect of ragging - coping skills in interaction with seniors or strangers can be imparted by parents as well. Any act that affects the mental health and self confidence of students also can be described in terms of the psychological aspect of ragging.
- The human rights perspective of ragging involves the injury caused to the fundamental right to human dignity through

humiliation heaped on junior students by seniors; often resulting in the extreme step of suicide by the victims.

Instructions/regulations

- Ragging is not ice-breaker for the fresher and not a harmless fun but cuts deep into the mental health of the ragged.
- Ragging obtaining in educational institutions is neither a means of familiarizations nor an introduction with 'freshers', but a form of psychopathic behaviour and a reflection of deviant personalities, which reproduces the entrenched power configurations prevalent in the civil society.
- Migration certificate of students should mention whether any punishment had been meted out for ragging in previous institution.
- An annual undertaking to be signed by each student whether fresher or senior, and his/her parent(s) jointly stating that each of them have read the relevant instructions/regulations against ragging as well as punishments, and that if the ward has been found guilty, he/she should be proceeded against (Specimen of Undertaking given at the back of this page)
- Undertaking should be provided in English as well as in the vernacular language.
- The burden of proof will lie on the perpetrator and not on the victim to prove that ragging did not take place.
- Punishment to be meted out will be exemplary and justifiably harsh.

Punishments

Depending upon the severity of the case, following punishments may be awarded :

- Suspension from attending the classes
- Individual or collective fines
- Withholding / withdrawing scholarships, fellowship and other benefits
- Debarring from appearing in any test/examination and other evaluation process
- Withholdings results
- Debarring from representing the institution in any national and international meet, tournament, youth festival, etc.
- Suspension/expulsion from the hostel
- Rustication from the institution for periods varying from one or more semesters
- Cancellation of admission
- Expulsion from the institution and consequent debarring from admission to any other institution
- Recommendation of registration of F.I.R. against the ragger under the various provisions of Indian Penal Code

PROSPECTUS 2015-16

AAT (Agriculture Aptitude Test)

1. Test structure

The test shall be of one and half hour duration comprising 100 multiple choice questions. **The medium of examination will be English and Punjabi.** Each question will carry one mark and 1/4 mark will be deducted for every wrong answer. The question paper shall have two sections (Section - I and Section - II) for candidates seeking admission to B.Sc. Agri. (Hons.) 6-year programme and the weightage shall be of 60 and 40 marks for Section - I and II, respectively.

Section I : General Aptitude in Agriculture : This section will be compulsory for all candidates and will carry 60% weightage.

Section II: General Science/Agriculture: This section will carry 40% weightage. Candidates can appear either in General Science or in Agriculture. The subject in which the candidate wants to appear must be mentioned in column no. 6 of the application form.

2. Syllabus

Section I: General Aptitude in Agriculture

Knowledge of candidates in vernacular language about the land measurements, cultivation of various Rabi and Kharif crops, fruits and vegetables, important fertilizers, farm hand tools, implements, weeds and also about general agriculture and allied activities.

Section II : General Science/Agriculture

The syllabi will be the same as the syllabus for 10th standard of Punjab School Education Board/ Central Board of Secondary Education / Indian Certificate Secondary Education.

3. Model Questions:

Section I :

General Aptitude in Agriculture

- Garlic is propagated through:
(A) Seed (B) Cuttings
(C) Cloves (D) None of these
- Citrus is propagated through
(A) Air-layering (B) Tongue grafting
(C) Cleft grafting (D) T-budding

Section II:

General Science

- The H^+ ion in the photosynthesis is used to reduce :
(A) ATP (B) NADP
(C) NADPH₂ (D) FAD
- A coiled wire containing large number of turns of insulated conducting wire :
(A) Solenoid (B) Anode
(C) Cathode (D) Diode

Agriculture

- ICAR is
(A) Indian Council of Agricultural Research (B) Indian Council for Agricultural Research
(D) Indian Council of Agriculture Research (D) Indian Council for Agriculture Research
- The sowing of Gladiolus is done by :
(A) Seed (B) Bulb
(C) Cuttings (D) Grafting

CET (Common Entrance Test)

1. Test Structure

The test shall comprise one paper of three hours' duration. It will be split into different parts covering different subjects. The course contents as well as the level of the paper shall be that of the qualifying examination. The paper will contain 200 multiple choice type questions. Each question will carry one mark and 1/4 mark will be deducted for every wrong answer. The subjects for the Common Entrance Test shall be as under:

Subject Marks* The medium of examination will be English only.

Physics (Compulsory)	33%
Chemistry (Compulsory)	33%
Biology or Mathematics** or Agriculture (only one to be opted)	34%

* Physics and Chemistry are compulsory for all candidates. Candidates can appear in Biology or Mathematics or Agriculture. The optional subject in which the candidate wants to appear must be mentioned in column no. 5 of the application form.

** Mathematics part will contain half the number of questions with double weightage (than Biology and Agriculture parts).

2. Syllabus

The syllabi of Common Entrance Test (CET) will be the same as the syllabi of 10+2 of the Punjab School Education Board (both years i.e., +1 and +2).

3. Model Questions

PHYSICS

- A particle starts with initial velocity for 10m S^{-1} . It covers a distance of 20 cm along a straight line in two seconds. What is the acceleration of particle?

(A) Zero	(B) 1mS^{-2}
(C) 10mS^{-2}	(D) 20mS^{-2}
- What is the barometric height of a liquid of density 3.4 g cm^{-3} at a place where that for mercury barometer is 70 cm?

(A) 70 cm	(B) 140 cm
(C) 280 cm	(D) None of these

CHEMISTRY

- The electronic configuration 2, 8, 8, 2 represents the element:

(A) Argon	(B) Potassium
(C) Calcium	(D) Chlorine
- In a double bond connecting two atoms there is sharing of:

(A) 2 electrons	(B) 4 electrons
(C) 1 electron	(D) 6 electrons

BIOLOGY

- One of the following terms involves all others?

(A) Stock	(B) Scion
(C) Graft	(D) Cambium
- The following plant has bisexual flower:

(A) Papaya	(B) Date palm
(C) Cycas	(D) Datura

AGRICULTURE

- Diammonium phosphate contains P_2O_5

(A) 20% P_2O_5	(B) 36% P_2O_5
(C) 46% P_2O_5	(D) 60% P_2O_5
- The cotton plant belongs to the family:

(A) Brassicaceae	(B) Malvaceae
(C) Rutaceae	(D) Solanaceae

MATHEMATICS

- If $\Delta = a^2 - (b-c)^2$, when is the area of ABC, then $\tan A$ is equal to:

(A) 15/16	(B) 8/15
(C) 8/17	(D) 1/17
- If the third term of G. P. is 4, the product of first five terms is:

(A) 4^3	(B) 4^5
(C) 4^4	(D) None of the above

PROSPECTUS 2015-16

CET (Common Entrance Test) - Design

1. Test Structure

The medium of examination will be English only

The test shall be of one and half hour duration comprising 100 multiple choice questions. Each question will carry one mark and $\frac{1}{4}$ mark will be deducted for every wrong answer. The question paper shall have two sections (Section I and Section II) for candidates seeking admission to B.Sc. (Hons) Fashion Designing and B.Sc. (Hons) Interior Design and the weightage shall be 60 and 40 marks for section I and II respectively.

2. Syllabus

Section I: General Aptitude in Design

This section will consist of 60 MCQ's. The syllabus will comprise of elements and principles of design, fashion related terminology, traditional embroideries, choice of clothes in relation to figure types, style, occasion and colour, fashion designers and their collections, furniture arrangement, flower arrangement, lighting, accessories and their selection.

Section II: General English and Mental Ability

This section will consist of 40 MCQ's. The syllabus will include General English and Mental Ability questions of 10+2 standard of Punjab School Education Board/ Central Board of Secondary Education/ Indian Certificate Secondary Education.

3. Model questions

Section I:

1. Which of the following is not an element of art:

- (A) Shape (B) Texture
(C) Proportion (D) Line

2. Phulkari is a traditional embroidery of:

- (A) Uttar Pradesh (B) Punjab
(C) Madhya Pradesh (D) Haryana

3. Japanese flower arrangement is known as:

- (A) Ikebana (B) Sukoi
(C) Bonsai (D) Bouquet

Section II

1. Kilogram' is related to 'Quintal' in the same way as 'Paisa' is related to

- (A) Coin (B) Money
(C) Cheque (D) Rupee

2. Which of the following is a present continuous tense:

- (A) Hari ate his food (B) Hari is eating his food

Sir/Madam

I am directed to invite your attention to the Punjab Government Circular Letter No. 1/3/95-3PPH/2043, dated 29.1.1996 vide which the instructions were issued regarding simplification of procedure for obtaining the certificate of Domicile for the purpose of admission to educational institutions (including technical/medical institutions). The matter has been reconsidered in the light of judgement delivered by Hon'ble Supreme Court of India in the case of Dr Pradeep Jain vs. Union of India and others (reported as AIR 1984-SC-1421) wherein it was held that instead of the word 'Domicile' the word 'Residence' be used in the instructions issued by the State Governments on the subject. Accordingly, it has been decided by the Government to revise the Government instructions referred to above as under:

- (a) Citizens of India
- (b) Produced an affidavit to the effect that they or their children/wards have not obtained the benefit of residence in any other State.

Affidavit/Certificate and the authorities competent to issue the same

*Affidavit of the parents/Guardians/ to be attested by an Executive Magistrate/Oath Commissioner/ Notary Public.
