REASONING

Directions (1-5) : Study the following information carefully and

answer the questions given below: Seven persons - A. B. C. D.

E. F and G - are standing in a straight line facing north at equal

distances but not necessarily in the

same order. Each of them is a dif-

ferent professional viz. Actor. Reporter, Doctor, Engineer, Lawyer,

Teacher and Painter but not necessarily in the same order. G is standing at the fifth position to the left of C. Reporter is

standing at the third position to the right of G. F is standing at the fifth position to the right of A. E is standing second to the left of B. Engineer is standing at the second position to the left of D. Three persons are sitting between Engineer and

Painter. Doctor is to the immediate left of Engineer. Lawyer is to the immediate right of teacher. 1. How many persons are there to the left of Reporter? (1) None (2) One (4) Three (3) Two

(5) More than three 2. Which of the following pairs of persons are sitting at the extreme ends?

(1) A and Actor (2) Engineer and C (3) Doctor and F (4) F and Lawyer

(5) Teacher and Doctor sitting exactly in the middle of

3. Who among the following is the row? (2) F (1) Doctor (4) B (3) Lawyer (5) Teacher

4. Who among the following is

Teacher?

sitting second to the right of

(5) Lawyer 5. Who among the following are the immediate neighbours of Painter?

(4) Actor

(3) A

(1) Actor and Teacher (2) B and Lawyer (3) B and Engineer (4) Reporter and C (5) Doctor and Lawyer

Directions (6-7) : Study the following information carefully and answer the questions given below: Point A is 11 metre to the north of point B. Point C is 11 metre to the east of point B. Point D is

5 metre to the north of point C.

Point E is 7 metre to the west of the

point D. Point F is 9 metre to the north of point E. Point G is 4 metre to the west of point F. 6. Point D is in which direction with respect to point F? (1) North-East (2) South-East (3) South

(5) East 7. Which of the following three points lie in a straight line? (1) A. E and D (2) F. E and C

(4) North-West

bered 6).

(3) G. F and B (4) G. A and B (5) None of these

Directions (8-10) : Study the following information carefully and answer the questions given below: Among six persons - K, L, M, N. O and P - each lives on a different floor of a building having six

floors numbered one to six (the ground floor is numbered 1, the floor above it is numbered 2 and so on and the topmost floor is num-

above M's floor. P lives on a floor immediately above N's floor, P lives on an even numbered floor. O does not live on floor number 4. 8. Who amongst the following live on the floors exactly between

floor. I, lives on a floor immediately

below K's floor and immediately

K and P? (1) O and L (2) L and N (4) M and N (3) L and M (5) M and O (1) 6th

(1) 0

(1) Painhosted at www.education.observer.com/forum-ed

9. On which floor does O live? (2) 2nd (4) 5th (3) 3rd (5) Cannot be determined 10. Who amongst the following does live on floor 5?

(3) N (4) K (5) Cannot be determined Directions (11 - 15) : Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data pro-

vided in the statements are suffi-

(2) M

cient to answer the question. Read both the statements and-Give answer (1) if the data in statement I alone are sufficient to answer the question, while the data in statement II alone are not suffi-

cient to answer the question. Give answer (2) if the data in statement II alone are sufficient to

answer the question, while the data in statement I alone are not sufficient to answer the question.

Give answer (3) if the data either in statement I alone or in statement II alone are sufficient to

answer the question.

Give answer (4) if the data given in both the statements I and II together are not sufficient to answer the question, and

- Directions (69 70) : Choose the word which is most opposite in meaning to the word printed in

bold as used in the passage.

- 69. Substantial
 - (1) meagre (2) considerable
 - (3) large
 - (4) submissive
- (5) sufficient 70. Minuscule
- (1) small
 - (2) minimum (4) large
 - (3) minute
 - (5) maximum Directions (71-80): In the fol-

lowing passage there are blanks, each of which has been numbered. These numbers are printed below the

passage and against each, five words are suggested, one of which fits the blank appropriately. Find out the appropriate word in each case. Trust is a (71) relationship con-

results, and would be especially

valuable if the types of trust related

to one another. The typology should

be interdisciplinary (74) many dis-

ciplines research e-commerce. This

paper (75) a parsimonious inter-

disciplinary typology and relates

trust constructs to e-commerce con-

sumer actions, defining both con-

ceptual-level and operational-level

trust constructs. Conceptual-level

constructs consist (76) disposition

cept that needs clarification because researchers (72) disciplines have defined it in so many different ways. A typology of trust types would make it easier to (73) and communicate
