Solved SAIL(MT) Exam Paper for Computer Science Computer Science and Engineering all tech from comp science. All Technical questions were from object oriented programming, Dbms and Computer networks & OOps. Technical (Section 1) 100 marks, 0.25 negative for every wrong answer. 1. main() { Printf("main"); main(); } What is the output? 2. Which one is the OOP language a. Small talk, b. Pascal. c. Basic 3. Which is not the featues of OOP a. Reflection b. Encapsulation, c. Abstraction d. Inheritence

| 4. What is the typed language of C++ |
|---|
| a. Static b. Dynamic c. Link-binding |
| |
| |
| 5. Which property of OOP makes let the user know only the functinality of method but not the detail how it is working |
| a. Abstraction b. Encapsulation c. Inheritence |
| |
| |
| 6. How you define abstract class in C++ |
| a. Using abstract mentod b. By writing keyword "abstract". c etc |
| |
| |
| 7. Which one is the two way linked list |
| a. Circular linklist b. Node having header and trailer in the list C. Array |
| |
| |
| 8. Which one uses the indexing |
| a. Linklist b. Arrays c. Stack d. Queue |
| |
| 9. Which is having many to many mapping |
| a. graph, b. tree, c. stack etc |
| a. 5. 45.1, 2. d. 5.2, c. 3tack 6.0 |
| |

| 10. Which one is not the behaviour of binary search |
|--|
| a. Deletion of any node. b. comparing with the middle value. etc |
| |
| |
| 11. When data moves from lower layer to upper layer in OSI then what happens to headed |
| a. Removed b. Added. |
| |
| |
| 12. What is called packets in network layer |
| a. Datagram b. Frame. etc |
| |
| |
| 13. What switching is used in conventional land line |
| a. Packet b. Circuit. etc |
| |
| |
| 14. What scheduling algo is used for real time OS |
| a. Round robin b. FIFO. c. Pre-emptive. etc |
| |
| |
| 15. How many layers are there in OSI model |
| a. 7 b. 8 c. 6 etc |
| |
| |
| 16. Repeaters work in which layer |

| 17. Process to process communication happens in layer | | | | |
|---|--|--|--|--|
| a. Session b. Transport c. Application d. Network | | | | |
| | | | | |
| 18. Which one is not in application layer | | | | |
| a. FTP b. TFTP. c. Virtual network terminal. | | | | |
| | | | | |
| 19. Which one return the acknowledgement | | | | |
| a. UDP. b. TCP etc | | | | |
| | | | | |
| 20. Which one is DDL | | | | |
| a. Trancate b. Delete c. Both d. None | | | | |
| | | | | |
| 21. Which one is true/false for using indexing in data base | | | | |
| a. Slow b. Fast C More space | | | | |
| 22. Four DML given to find out the where indexing need not be used. | | | | |

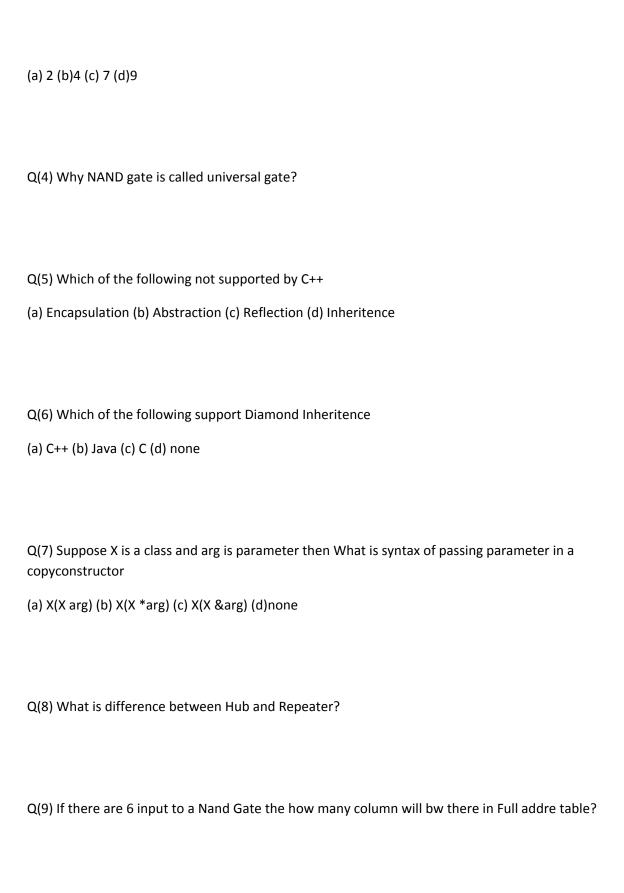

a. Datalink b. physical c. Network etce

| 23. Which one create the deadlock |
|---|
| a. Mutex b. Semaphore c. Hold and wait |
| 24. One numirical to find out the effective average access time where the cache and RAM memory speed given with hit/miss percentage |
| 25. Which one do not require the context switcing |
| a. General registers b. PC. c. Look aside table buffer |
| 26. What is the size of address location for 8085 a. 1MB b. 128kb c. 64KB etc |
| 27. What is the layer where the user comes in picture a. Session b. Application c. Transport d. Network |
| 29. Why NAND gate is called universal gate. |
| a. Using this, all other gates can be realised |
| b. This is largely used |
| c. etc etc |

| 30. For 3 bits adder, what is the number of adder required |
|--|
| a. 2 full adder& 2 half adder b. 3 full adder and one half adder etc |
| 31. One numiraical to find out the number of address bit from the 32 segments of 1MB memory location |
| 32. What comes previous to this 10000 |
| a. 1111 (binary) b. FFFF (hex) c. 7777 (Oct) |
| 33. Questions related to full binary tree to find the number of nodes in leaf |
| 34. What does parity bit |
| a. Error detect b. Header c. Trailer |
| |
| 35. How to create and interface in C++ |
| a. by virtual functions |
| b. by abstract class/method |
| c. by creating the class using "interface" keyword |
| |

| 36. What is for namesapace used in C++ |
|--|
| a. To resolve the name clashing |
| b. To create different name etc |
| *********** |
| Section I |
| |
| |
| 1. Language which support diamond inherritance |
| a) C++ b) Java c) Both a and b d) None |
| |
| |
| Dbms |
| Some basic sql functions like trunc some questions from Oracle in C.N |
| |
| |
| All of them basic questions |
| |
| |
| Diff b/w hub and switch? |
| |
| |
| What happend to header of packet if routed from bottom to top layer etc. |
| |

```
Section II
Refer any Text book of Quantitative Aptitude
Read Competition Success for G.K and English
Part -1 Technical (100 Questions Computer Science)
Q(1) What will be output of the following-
main()
{
printf("tim");
main();
}
(a) tim (b) keep printing tim (c) black screen (d) none
Q(2) In which Data structure insertion and deletion is not possible in middle but at ends.
(a) Linked list (b)Pointer Array (c) Queue (d) Dqueue.
Q(3) OSI Model consist of how many Layer
```

| Q(10) Which of the following is a DDL statement (a) Delete (b) Turncate (c)Both a and b (d) none |
|--|
| |
| Some other questions I am not remembering exactly. But approx 8 simple questions were based on OSI model layer and 7 Question based on simple SQL queries and 15 questions based on Java and C++ and 7 question on digital electronics and 15 question on Operating System and 15 on Data structure. |
| C++, Java, DBMS, SQL, Computer Network, Operating System and Data Structure are the subject from which questions were asked in paper. |
| Overall Technicl section was easy but need some rivision of technical question. |
| Part -2 |
| Section (1) Generel awareness (25 Questions) |
| Q(1) Who have desinged the Symbol of Indian Rupee? |
| Q(2) Where is Jim Nationa Corbet park in India? |

| Q(3) Who have got the Rajiv Khel ratan award of 2010? |
|---|
| Q(4) In which state of India Population density is very High? gk question |
| 1) olympic 2010 held inlondon |
| 2) Currency of BhutanNUGULTRAM |
| 3) Measles is a type ofVIRUS |
| 4) Heart beat of Adult72 |
| 5) Heavy, strongest and long bone of bodyFEMUR |
| 6) JIm Corbet national parkUttarnchal |

| 7) | Rupess symbol designed byD. UDAY KUMAR |
|-----|---|
| 8) | Durand line is Betweenpak & afganistan |
| 9) | Winner of 20-20 world cupengland |
| 10 |) winner of Rajiv gandhi khel rattan award-2010saina Nehwal |
| 11, |) which river falls in arbian SEAtapi |
| 12 |) BIHU is a folk dance ofassam |
| 13 |) budh namesidhart |
| 14 |) brahm smaajraja ram mohan roi |

| 15) company related to insuranceIRDA |
|---|
| 16) gadar movement telated withhardyal singh |
| 17) new member of SAARAafganistan |
| 18) olive branch signifyPEACE |
| 19) language under 8th schedual22 |
| 20) alpha keratin protien present inFIBER |
| 21) Which state receieve winter rainfall by western disturbanceTamilnadu |
| 22) equality of oppertunity of all citizen in matter of public employement come underART 16 |

| 23) Kailasa templeajanta |
|--|
| 24) EX-office planning commisionPrime minister |
| 25) Most dense populated stateUP |
| Some other questions were asked based on current gk. |
| Section(2) Reasoning(25 Question) |
| Just like R.S. Aggrawal book Questions |
| Section(3) English (25 Questions) |
| 5 Question were Based on Article use, 5 on correct preposition based, and 10 Question were based on Comperihensive Passage |
| Section(4) Numerical ability(25 Quetions) |

| Most of questions were asked from Simple intreset, follow R.S. Aggrawal. | Compound intrest, Pe | ercentege, Time a | and work. Just |
